CHRISTIAN S. JOHNSON Acting, Finance Director

January 28, 2011

The Honorable Mayor Pedro E. Segarra, and Court of Common Council City of Hartford, Connecticut

Dear Mayor and Members of the Council:

In accordance with Chapter VIII, Section 5 of our Charter, I am pleased to submit the Comprehensive Annual Financial Report (CAFR) of the City of Hartford for the fiscal year ended June 30, 2010. This report was prepared in its entirety by the Department of Finance and we take full responsibility for the accuracy of the data and the completeness and fairness of the presentation of the financial statements, supporting schedules, and statistical tables.

The CAFR is designed to be in conformance with generally accepted accounting principles (GAAP) for governmental units as well as the standards of financial reporting promulgated by the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants (AICPA) and the laws of the State of Connecticut. We believe this report presents fairly the financial position of the City and the results of its operations. The report is consistent with full disclosure so that the reader may gain the maximum understanding of the City's financial affairs.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the Management Discussion & Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

The City is required to undergo an annual single audit in conformity with the provisions of the Federal Single Audit Act and U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations". Information related to this single audit, including the schedule of expenditures of federal awards, findings and recommendations, and auditors' reports on the internal control over financial reporting and compliance with applicable laws and regulations are issued under separate cover and are not included in this report. The City is also required to undergo a state single audit. Information and reporting related to the state single audit is also issued under separate cover.

The Hartford Parking Authority has been included as a discretely presented component unit in the CAFR in accordance with generally accepted accounting principles (GAAP).

PROFILE OF THE CITY

The City of Hartford was founded by Thomas Hooker and his followers in 1635 and was incorporated in 1784. It is the Capital of the State of Connecticut and the core of a metropolitan area with a population of over one million people. Hartford has an estimated 124,512 residents in an 18.4 square mile area. The City lies on the west bank of the Connecticut River, midway between New York and Boston.

Effective January 1, 2004, the adoption of a new City Charter replaced the Council-Manager form of government with the Mayor-Council form. Under the new structure the City Manager became the Chief Operating Officer and department heads are now appointed by the Mayor; subject to confirmation by the City Council. As of January 1, 2004, the Mayor is the Chief Executive Officer. Nine Council members are elected at large for 4-year terms in odd numbered years on a partisan basis; the Mayor, who is elected directly for a 4-year term, acts upon ordinances and resolutions adopted by Council by approving, disapproving (Council can over-ride), or taking no action. As of January 2006, the Board of Education is composed of nine members; 5 appointed by the Mayor and 4 elected by the voters, all for 4-year terms. The Board of Education operates independently of the Council, although the overall operating budget for the Hartford school system must be approved as to its total by the City Council as part of the annual City budget. The City Treasurer is independently elected and serves without vote as the Secretary of the Pension Commission. The Chief Operating Officer (principal administrative aide of the Mayor), Corporation Counsel, City Clerk, department heads and members of all boards, commissions, agencies and authorities are appointed by the Mayor, subject to the City Council confirmation, with the exception of the Pension Commission.

The City provides a broad range of services including public safety, street and road maintenance, flood control, solid waste collection, health, social services, parks and recreation, education, planning, development, zoning and general administrative services.

The Hartford Parking Authority ("Authority") is included in the City's reporting as a discretely presented component unit in accordance with GAAP. The Authority was created pursuant to Chapter 100 of the General Statutes of Connecticut and is governed by five members appointed by the Mayor. The purpose of the Authority is to create, establish, finance, maintain, and operate the City of Hartford's dedicated parking facilities, and regulate the uses and parking rates to be charged at other regulated parking facilities.

The Metropolitan District Commission ("MDC") provides water supply and sewage collection services to the City. The MDC was created by the Connecticut General Assembly in 1929 and operates as a quasi-municipal corporation of the State of Connecticut. The District's primary purpose is to provide reliable systems of water supply and sewage collection, treatment and disposal, for its member municipalities. The eight member municipalities include the City and the surrounding towns of Bloomfield, East Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and Windsor. The District also provides sewage disposal facilities and supplies water under special agreements to certain other towns, or areas therein, which are not members of the MDC.

FACTORS AFFECTING FINANCIAL CONDITION

ECONOMIC CONDITION AND OUTLOOK

The City's Department of Development Services, encompassing the City's planning, community development, housing, economic development, licensing and permitting functions, as created pursuant to the revised City Charter, is fully staffed and making a significant impact on major economic initiatives. The Department is positioned to be the single point of contact for commercial and residential development projects.

The Hartford region ranks in the top 15% of U.S. metropolitan economies in Gross Metropolitan Product. Evidence of this economic development activity and the revitalization of the City are clearly visible in the on-going changes in Hartford's skyline and numerous neighborhoods, much of which will be presented in this section.

Hartford continues to be the largest employment center in the State with more than 115,000 people working in the City on a daily basis. In addition to becoming a regional center for logistic and distribution companies, the headquarters of four Fortune 500 companies are located in Hartford to take advantage of the City's strategic location and highly productive workforce. However, the current challenges in the capital markets and the relative uncertainty about both the short and long-term economic outlook are a cause of continuing concern, given the concentration of financial service firms located in Hartford. The recently enacted federal legislation and financial reforms will likely impact companies within the City that are in this sector.

Status of "Six Pillars" of Economic Development

The Connecticut General Assembly in 1998 created the Capital City Economic Development Authority ("CCEDA"). CCEDA is a quasi-public authority charged with overseeing the state's investment in projects that received CCEDA funding. CCEDA funding was made available for projects located within a bounded downtown area within six categories, also known as the "six pillars". The six pillars include: Adriaen's Landing, 1,000 housing units in downtown, Capital Community College downtown campus, Morgan Street parking garage, Civic Center conversion, and Riverfront infrastructure improvements. Pillar projects have been successful in achieving its goals of placing feet on the street, enhancing the vitality of the downtown and serving as a catalyst for additional private investment.

Adriaen's Landing

The total investment for the Adriaen's Landing project is nearly \$1 billion with public funding totaling approximately \$700 million and private investment amounting to approximately \$275 million. All four components of the district are now completed. The Connecticut Convention Center and Marriott Hotel were completed in 2005, the Connecticut Science Center in 2009 and Front Street District, the entertainment, restaurant and retail district area, was completed in July 2010. It will provide 68,000 square feet of leasable space directly across from the Convention Center. New residential units are being planned in a second phase at the western end of Front Street.

• Downtown Housing Units

Three residential developments have been completed with CCEDA's financial assistance. Trumbull on the Park, which includes 100 market rate apartments, 7,600 square feet of retail and a 600-space garage, was completed in late 2005. This was followed in 2006 by the opening of Hartford 21, a 36 story, 262-unit tower. Lastly, the Temple Street development opened in 2007, adding 78 market rate lofts and 42 student/intern townhouses

Downtown College Campus

Enrollment at Capital Community College continues to increase from year to year. The \$55 million Capital Community College's campus now occupies the former G. Fox department store building at 950 Main Street. The 304,000 square-foot campus was completed in September 2002.

Parking Improvements

The Morgan Street Garage also opened in 2002 and added 2,300 parking spaces for the Capital Community College students, downtown office workers and professional and leisure commuters. The facility is run by the Hartford Parking Authority, which also operates the Church Street and MAT garages.

• <u>Civic Center Conversion</u>

In addition to CCEDA's investment in Hartford 21, CCEDA funds were used to renovate the former Civic Center mall. The retail space that was previously inward facing now opens to Trumbull Street and a new entrance was built for the XL Center, which hosts UConn basketball games, exhibitions and concerts.

♦ Riverfront Infrastructure

The majority of this \$25 million project has been completed with the pedestrian walkway at Riverfront Plaza, boat launches at Charter Oak Landing, the community boathouse at Riverside Park, the Columbus Boulevard walkway and the Riverwalk North. Only the Riverside Park boat ramp and a Riverwalk South to the Colt Gateway remain to be completed. Currently, environmental assessment is underway with the assistance of EPA grant funds through CCROG and a remedial action plan will follow.

Major Projects

A sample of development activity in recent years includes the following:

- Saint Joseph College School of Pharmacy signed a long term lease to occupy 35,000 square feet of space at Hartford 21. In 2011, a three (3) year doctoral program is scheduled to begin. Enrollment is expected to range between 300-500 students at the peak of the program.
- Aetna, Inc. completed a \$200 million upgrade of the Farmington Avenue campus and the relocation of 3,400 employees from other locations. In addition to major interior and exterior building renovations, Aetna has constructed two parking garages. Currently, approximately 6,400 employees are at the Hartford campus.
- Sims Metal Management Aerospace, Inc. is in the final stages of relocating from Flatbush Avenue to its new location in the North Meadows. The company executed a 25-year lease to rent an existing 279,000 squarefoot building and a 145,000 square-foot expansion. This transaction resulted in the retention of 160 jobs within the City.
- In 2008, the University of Hartford opened its Handel Center for the Performing Arts. The university invested \$20 million in a vacant car dealership, which extended its reach into the Upper Albany neighborhood. The facility consists of classrooms, offices, and rehearsal and performance space and is available for community use.
- The Hartford Financial Services Group, Inc. completed the purchase of 140 Garden Street in 2008, adding 17 acres to its headquarters campus. This acquisition provides a unique opportunity for growth in Hartford. In addition, the corporation is currently constructing a new data center. Following a review of corporate owned properties throughout the nation, The Hartford decided to site one of two new facilities at the headquarters. The project involves the renovation of 106,200 square-feet of existing space and the construction of a 31,725 square-foot building addition. This project will result in a minimum investment of \$150 million and the retention of 600 positions.
- Northeast Utilities In 2008, Northeast Utilities completed the relocation of its headquarters operation and 180 executive positions to downtown Hartford. Company officials stated their interest in being in the capital city and the seat of government as their relocation motivation.
- Public Safety Complex Progress continues on the City's new public safety complex on High Street. The
 former Board of Education building is being renovated and expanded as the new Fire and Police
 headquarters. Commercial activity and interest in the surrounding area is increasing as a result of this
 project, located northwest of the central business district.
- 3 Constitution Plaza A1 Engineers of Middletown, CT purchased the former WFSB-Broadcast House in July of 2008, and over the next year cleared the site in preparation for the development of a LEED Platinum tower to serve as its corporate headquarters and to provide additional space for technology companies. Located at the corner of Columbus Boulevard and State Street, 3 Constitution Plaza is a signature downtown site. A1 Engineers is designing.

Housing Initiatives

A sample of recent housing developments includes the following:

- 410 Asylum Common Ground has converted a vacant downtown office building into 70 mixed income
 apartments at a cost of \$22 million. This 1920s building will overlook Bushnell Park and include 13,000
 square feet of retail space. Presently this property is one-hundred percent occupied.
- Former American Airlines building College Street Partners is currently finalizing the renovation of a 160,000 square-foot building purchased from the City. The project includes 18,000 square feet of retail space on the first floor and 101 apartments on the upper floors.

- Northend Gateway at 1450 Main Street The City sold this 4.3-acre parcel of land to Sheldon Oak Central, LLC. The developer built 45 affordable rental units and 12 market-rate apartments in the Clay Arsenal neighborhood. This \$17 million project opened for occupancy in December 2008 and is equipped with central air, high speed internet, direct access elevators and a dedicated green space for families.
- Dutch Point The Hartford Housing Authority received a \$20 million HUD Hope VI grant to rebuild the Dutch Point Housing Project. Phase I- 73 rental units, was completed in 2006. Phase II was completed in the fall of 2008, and consists of 54 apartments and recreational areas. Construction of Phase III is underway and will add another 58 units to this \$73 million development, of which to date, 15 homes are built and 13 were sold.
- The Metropolitan New Haven, Connecticut-based College Street Partners completed the renovation of 246 Pearl Street in 2006. The former office building was transformed into 50 market-rate condominiums in the central business district.
- Goodwin Estates New York-based Ginsburg Development Company restored the historic Goodwin Estate
 in the west end of the City with seven condominium flats and 56 new townhouses in Hartford's first new
 high-end housing in 20 years. The project was completed at a cost of \$23 million and all units have been
 sold.
- Pope Park/Park Terrace 68 affordable units have been restored or constructed in 13 perfect-six apartment buildings. Mutual Housing Association of Greater Hartford Inc. developed the \$14 million project with a combination of loans, grants, and other funding sources.

Redevelopment Opportunities

In January of 2009, the Court of Common Council approved three separate redevelopment plans in accordance with state statute. Each plan was designed to target blighted buildings and/or underutilized land areas in, or around, the downtown core. The purpose of each plan is to stimulate private investment and create better physical connections to the central business district. They are as follow:

- The Constitution Plaza East Project is the smallest of the three plans and focuses on the former WFSB-Broadcast House and the long vacant Sonesta Hotel. As noted above, Al Engineers is proceeding with a plan for the Broadcast House, which is consistent with the plan's goal for this important site. Since the reuse of the hotel building presents considerable financial challenges, a demolition and reuse of the site may be required.
- The Downtown North Project area is currently separated from the central business district by Interstate 84. The 123-acre plan area is dominated by underutilized land. The plan calls for the acquisition of one blighted structure and two vacant parcels of land to create a substantial assemblage to spur a large scale, mixed-use development to connect downtown and the Clay Arsenal neighborhood. In August 2010, the City acquired 1161 Main Street and 40 Chapel Street. A contractor was selected and demolition of 1161 Main Street has been recently completed.
- The Downtown West Section II Union Station-Walnut Street Project aims to create a linkage between Union Station and Asylum Hill, home to major insurance companies and thousands of workers. One blighted building located at 1-7 Myrtle Street and a small parcel of land are included in the acquisition strategy. The City has recently begun the process of acquiring 1-7 Myrtle Street. With a new state focus on utilizing Union Station as a commuter rail hub, the area presents a unique opportunity for transit oriented development.

Long-term Financial Planning

The City's long-term financial planning is carried out along 6 primary dimensions: Capital Planning, Debt Planning, Vehicle & Heavy Equipment Replacement, General Fund, Pension Planning and Internal Service Funds.

Capital planning and debt planning are by nature closely tied together, with future capital needs and ongoing construction providing the input for the debt planning process. Large public works projects are identified and tracked using a 10-year Capital Improvement Plan. Projects are selected and reviewed by a capital planning committee led by the Planning Director and comprised of department heads and their designees. The capital plan

and projects undergo the annual budget review process and approval of both the Mayor and the Court of Common Council. Once approved the Capital Improvement Program is tracked and monitored by the DPW's Capital Project Director, and a quarterly report is prepared and submitted to the Mayor and Council.

Along with the selection of capital projects, sources of funding are identified; state and federal grants as well as bonding or City contributions. Based upon the cumulative cash flow projections of the approved capital plan, bond issuance is planned and debt service requirements quantified.

In addition to a 10-year capital and debt service plan, a 10-year vehicle and equipment replacement plan is formulated and reviewed annually. The requested items are reviewed and approved by committee and the appropriate funding sources are identified: City contributions, capital leases or bonding.

These discrete planning cycles provide inputs to the General Fund long-term planning process. General Fund revenues and expenditures are forecast over 5-years by both function and category. The long-term planning process is driven by the City's core strategy to increase long-term economic growth, to promote education, safety and health, and to nurture the City's cultural vitality through the implementation of the Mayor's goals and objectives. In addition, the City continually strives to secure a stronger bond rating through strong fiscal administration and the maintenance of an adequate fund balance. The City is working closely with financial advisors on a plan to improve its bond rating over the near-term and long-term horizons.

In addition, the City has contracted with an outside actuarial firm to assist in pension planning. The Municipal Employees' Retirement Fund (MERF) is financially strong and the City and Pension Commission are closely monitoring contributions, investment returns, and assumptions, to maintain the continued viability of the MERF.

The City has identified and developed a strategy for funding the liability for other post-employment benefits (OPEB), which include health and other insurance to retirees. The City has developed a long-term plan to fully fund this liability and recognize, on a current basis, the cost associated with these employee benefits. Finally, our internal service funds for workers' compensation benefits and property & casualty self-insured activities have been targeted by the City for additional contributions over a multi-year period. This added funding, in conjunction with the implementation of new risk management program strategies and assistance from our insurance advisors, will continue to systematically control and reduce the long-term liabilities in these funds.

RELEVANT FINANCIAL POLICIES

The Department of Finance is organized into four divisions: Administration, Accounting and Control, Revenue (tax assessment, tax collection and revenue control) and Risk Management. The department's major responsibilities include general accounting and financial reporting, accounts payable, risk management (other than employee benefits), property assessment, tax collection, debt administration, revenue management, payroll, revenue budget preparation in conjunction with the Mayor's Office, internal control and asset management. The Director of Finance is the chief financial officer of the City and is an appointee of the Mayor, subject to confirmation by the Court of Common Council.

The City's accounting system is a fully automated integrated financial management system consisting of a general ledger and a full complement of ancillary systems and support modules. It is organized and operated on a fund basis - each fund being a distinct and self-balancing accounting entity.

Internal Controls

All financial transactions are subject to pre-audit before processing as well as to an annual audit by an independent auditing firm selected by the City Council. The independent auditor and staff from the department's Accounting and Control Division monitor financial policies and procedures prescribed by the Director of Finance for the various departments. Within this framework, we believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording and reporting of financial activity.

Budgetary Control

Centralized budgetary control of disbursements and encumbrances against appropriations is maintained by department, by major program or activity and by principal object of expenditure. The Hartford Board of Education budget is controlled only as to its total appropriation. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City Council.

Pension Administration

There are four defined benefit pension plans for employees of the City of Hartford. Two are single-employer plans, one is a cost sharing multiple-employer plan with the State of Connecticut and one is a plan with the State of Connecticut for certified teachers at the Board of Education in which the City is a noncontributing employer. The City also administers an excess benefits plan established to fund that portion of certain retirees' pension benefits that exceed the limits permitted under Section 415 of the Federal Internal Revenue Code (IRC).

Debt Administration

During the fiscal year ended June 30, 2010, the City issued \$14.0 million of general obligation bonds to fund \$12.55 million of general purpose projects and \$1.45 million of school projects. Standard & Poor's assigned a rating of "A" to the bonds. The bonds carry interest rates from 2.0% to 4.1% with a final maturity date of 2029.

In April 2010, the City issued \$30 million of bond anticipation notes for general obligation projects and \$10 million for school projects. The notes will mature in April 2011 and were issued with an interest rate yield of .48%. It is expected that the notes will be retired by future bonding, and from the receipt of State of Connecticut school construction grants.

Additionally, in September 2009 the City issued \$12.15 million of refunding bonds, with interest rates of 2.0% to 5.0% to refund \$12.825 million of 1998 bonds with interest rates of 4.4% to 5.0%, along with \$35 million of grant anticipation notes for school projects (maturing in April 2010 with an interest rate yield of .55%), and \$5.0 million of general purpose bond anticipation notes (maturing in April 2010 with an interest rate yield of .55%).

Cash Management

During the fiscal year, idle cash was invested in legally permitted investments on a short-term basis. Connecticut Statutes restrict the investment of municipal funds to direct and indirect securities of the United States Government and certificates of deposit issued by commercial banks located within the State. Bank CD's are a component of the City's short-term investment portfolio. However, money market fund investments in a portfolio of U.S. Treasury securities, and the Short Term Investment Fund (STIF) operated by the Office of the State Treasurer comprise the major share of the City's short-term investments.

Risk Management

The City has established a risk management program to account for and finance risk of loss for employee benefits, workers' compensation, and general liability, including property damage. Commercial insurance is purchased for claims in excess of amounts determined to be self-insured under the program. Internal service funds are maintained for each of the three risk management programs and funding is received from the participating funds and functions of the City. Settlement claims have not exceeded either the self-insured retention or the commercial coverage in any of the past three fiscal years.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the Certificate of Achievement for Excellence in Financial Reporting to the City of Hartford for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2009. In order to be awarded a Certificate of Achievement, the government had to publish an easily readable and efficiently organized CAFR that satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City also received the GFOA's Distinguished Budget Presentation Award for its annual budget document for the year beginning July 1, 2009. In order to qualify for the award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communications device.

The preparation of this report would not have been possible without the efforts of the entire staff of the Finance Department. I would like to express my appreciation to all the members of the department who assisted and contributed to the preparation of this report.

In addition to acknowledging the efforts of the Office of the City Treasurer and Department of Education, special thanks is extended to City Controller Leigh Ann Ralls for her efforts during this challenging fiscal year of financial management system change. Management and Budget Director, Rick Galarza, and his staff, including the printing/reproduction division, made a significant contribution to the development of this report.

Finally, thanks are extended to the City's independent auditors, McGladrey & Pullen, LLP, for their efforts and counsel during the audit and CAFR preparation process.

Respectfully submitted,

Christian S. Johnson Acting Director of Finance

Certificate of Achievement for Excellence in Financial Reporting

Presented to

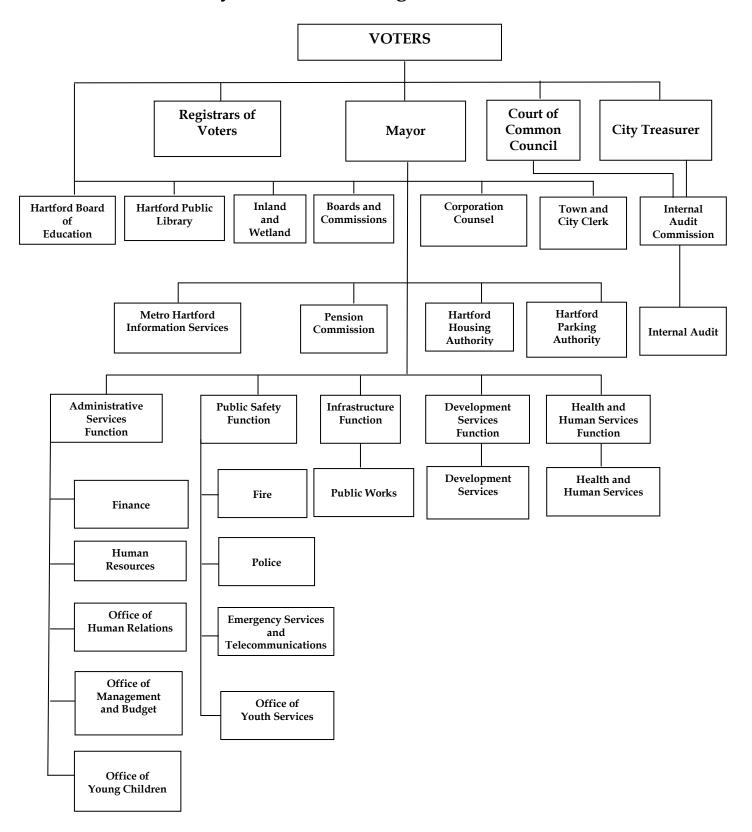

City of Hartford Connecticut

For its Comprehensive Annual Financial Report for the Fiscal Year Ended June 30, 2009

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the Court of Common Council City of Hartford, Connecticut

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Hartford, Connecticut, as of and for the year ended June 30, 2010, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Hartford, Connecticut's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in "Government Auditing Standards" issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Hartford, Connecticut, as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Management's discussion and analysis, budgetary comparison information, the schedules of funding progress and employer contributions for the pension plans and other post-employment benefit plans are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with Government Auditing Standards, we have also issued our report dated January 28, 2011 on our consideration of the City of Hartford, Connecticut's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Hartford, Connecticut's basic financial statements. The introductory section, budgetary detail, combining and individual nonmajor fund financial statements, other schedules, and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The budgetary detail, combining and individual nonmajor fund financial statements and other schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The prior year comparative information has been derived from the City's 2009 financial statements and in our report dated February 25, 2010, we expressed an unqualified opinion on the respective financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

CITY OF HARTFORD, CONNECTICUT MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30. 2010

This discussion and analysis of the City of Hartford, Connecticut's (City) financial performance is provided by management to provide an overview of the City's financial activities for the fiscal year ended June 30, 2010. Please read this MD&A in conjunction with the transmittal letter beginning on page i and the City's financial statements, Exhibits I to IX.

FINANCIAL HIGHLIGHTS

- The City's total net assets increased \$69.0 million as a result of this year's operations. The net assets of our governmental activities increased by \$69.7 million, or nearly 7.1 percent. The net assets of our business-type activities decreased by \$.7 million.
- The City received \$97.0 million in capital grants and contributions mostly related to school building construction grants from the State in support of the City's school renovation and construction projects.
- The total cost of the City's programs for the year was \$799.5 million with no new programs added.
- The General Fund reported a fund balance this year of \$18.6 million.
- The revenues available for appropriation were \$1.1 million more than budgeted for the General Fund, while expenditures were \$1.2 million under the budgeted amount.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of a series of financial statements. The statement of net assets and the statement of activities (Exhibits I and II, respectively) provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements are presented in Exhibits III to IX. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. The remaining statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside of the government.

Government-Wide Financial Statements

The analysis of the City as a whole begins on Exhibits I and II. The statement of net assets and the statement of activities report information about the City as a whole and about its activities for the current period. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net assets and changes in them. The City's net assets, the difference between assets and liabilities, is one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net assets are one indicator of whether its financial health is improving or deteriorating. The reader needs to consider other non-financial factors, however, such as changes in the City's property tax base and the condition of the City's capital assets, to assess the overall health of the City.

In the statement of net assets and the statement of activities, we divide the City into three types of activities:

- Governmental activities Most of the City's basic services are reported here, including education, public safety, public works, development and community affairs, human services, recreation and culture, and general administration. Property taxes, charges for services, and state and federal grants finance most of these activities.
- Business type activities The City charges a fee to customers to help it cover all or most of the cost of certain services it provides. The City's Hartford Parking Facilities Fund is reported here.
- Component units The City includes a separate legal entity in its report; the Hartford Parking Authority. Although legally separate, this "component unit" is reported because the City is financially accountable for them.

Fund Financial Statements

The fund financial statements begin with Exhibit III and provide detailed information about the most significant funds - not the City as a whole. Some funds are required to be established by Charter. However, the City Council establishes many other funds to help control and manage financial activities for particular purposes (like the Capital Improvement Fund and Library Operating Fund) or to show that it is meeting legal responsibilities for using grants, and other money (like grants received from the Educational Grants, Health Grants and Miscellaneous Grants Funds). The City's funds are divided into three categories; governmental, proprietary and fiduciary.

- Governmental funds (Exhibits III and IV) Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The relationship (or differences) between governmental activities (reported in the statement of net assets and the statement of activities) and governmental funds is described in a reconciliation at the bottom of the fund financial statements.
- Proprietary funds (Exhibits V, VI, and VII) When the City charges customers for the services it provides, whether to outside customers or to other units of the City, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the statement of net assets and the statement of activities. In fact the City's enterprise funds (a component of proprietary funds) are the same as the business-type activities reported in the government-wide statements, but provide more detail and additional information, such as cash flows, for proprietary funds. Internal service funds (the other component of proprietary funds) are used to report activities that provide supplies and services for the City's other programs and activities such as the City's Self-Insurance Internal Service Funds and the City's Metro Hartford Information Services Fund.
- Fiduciary funds (Exhibits VIII and IX) The City is the trustee, or fiduciary, for its employees' pension plans. It is also responsible for other assets that, because of a trust arrangement, can be used only for the trust beneficiaries. All of the City's fiduciary activities are reported in separate statements of fiduciary net assets and changes in fiduciary net assets. These activities are excluded from the City's other financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The City's combined net assets increased from a year ago by \$69.0 million to \$1.09 billion. The analysis below focuses on the net assets (Table 1) and changes in net assets (Table 2) of the City's governmental and business-type activities.

Summary of Net Assets

TABLE 1

| Unrestricted (deficit) | 36,231 | 12,324 | | 684 | | - | | 36,915 | | 12,324 | |
| Total net assets | \$ 1,056,105 | \$ 986,406 | , | \$ 36,940 | \$ | 37,683 | \$ | 1,093,045 | \$ | 1,024,089 | |

The City's government-wide net assets of \$1.09 billion represent an increase of \$69.0 million (6.7 percent) over last year's net assets of \$1.02 billion. The City was able to generate an overall increase in the City's governmental activities net assets principally due to the receipt of \$97.0 million in capital grants and contributions from the State mostly in support of the City's school renovation and construction capital program. Unrestricted net assets - the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements - is \$36.2 million at the end of this year as compared with a \$12.3 million at the end of last year. Unrestricted net assets increased \$23.9 million. Net assets of the City's business-type activities decreased \$.7 million in 2010 as transfers of unrestricted net assets to the City's General Fund decreased from \$3.1 million in 2009 to \$1.4 million in 2010 due to funding of a capital reserve requirement and a decrease in parking revenues.

The City's total revenue in 2010 of \$872.6 million represents an increase of \$63.4 million over last year. Capital grants and contributions increased \$21.8 million as capital expenses subject to reimbursement from the State for the school renovation and construction capital program decreased compared with the previous year. Operating grants and contributions increased \$29.0 million due to new grants for various purposes.

The City's total program expenses of \$803.7 million represent an increase of \$46.9 million over last year. Increase is due to the increase in operating grants as discussed above and is reflected as an expense in the Education, Public Works and Development of Community Affairs Functions.

Our analysis below separately considers the operations of governmental and business-type activities.

Governmental Activities

Table 3 presents the cost of each of the City's governmental activities five largest programs - general government, public safety, development and community affairs, human services and education - as well as each program's net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the City's taxpayers by each of these functions.

TABLE 3
GOVERNMENTAL ACTIVITIES
(In Thousands)

| | Total Cost | of Se | ervices | Net Cost of Services | | | | |
|-----------------------------------|---------------|-------|---------|----------------------|---------|----|---------|--|
| | 2010 | | 2009 | | 2010 | | 2009 | |

| Human services | 31,799 | | 34,601 | | 7,332 | | 6,944 | |
| Education | 477,009 | | 450,428 | | 59,829 | | 78,799 | |
| All other | 66,972 | | 57,686 | | 44,949 | | 34,526 | |
| Total | \$ 799,465 | \$ | 753,025 | \$ | 262,251 | \$ | 264,200 | |

Business-Type Activities

Revenues from the Hartford Parking Authority provided to the Hartford Parking Facilities Fund to finance debt service and capital improvement, as well as revenues to the City's General Fund, decreased from \$5.3 million to \$4.8 million. Expenses (including debt service and depreciation) for the City's dedicated parking facilities increased by \$.4 million. Net transfers to the City's governmental activities decreased from \$3.1 million in 2009 to \$1.3 million in 2010 as the Parking Authority's revenues declined by \$1.2 million over the same period due to the economic downturn and the funding of a capital reserve requirement.

CITY FUNDS FINANCIAL ANALYSIS

Governmental Funds

The City's General Fund reported a fund balance increase of \$2.3 million during 2010 as compared with a decrease of \$11.6 million in 2009. The General Fund's unreserved fund balance at June 30, 2010 is \$18.5 million representing 3.5 percent of the General Fund's 2010 amended budgetary appropriations. Actual revenues were \$1.1 million above the amended budgetary revenue estimate as property tax revenues were better than estimates by \$3.3 million which was partially offset by a shortfall of \$2.4 million in license and permit revenues. Expenditures were \$1.2 million below the final budgeted appropriation of \$535.8 million. Refer to RSI-1 and RSI-2 for details on other favorable and unfavorable variances in comparison to budgetary estimates.

As the City completed the year, its Capital Improvement Fund reported a fund balance decrease of \$13.3 million. The decrease is the result of capital outlays on school projects. In addition, the City had \$40 million in outstanding bond anticipation notes.

The Debt Service Fund had an unreserved fund balance as of June 30, 2010 of \$146 thousand.

The City's other governmental funds reported a decrease of \$2.9 million in fund balance for the year. The City's permanent funds representing the reservation of assets for various trust purposes reported investment income of \$1.8 million on investments.

Internal Service Funds

The net assets of the City's self-insurance programs increased \$18.5 million, decreasing the total deficit of the City's internal service programs from \$24.1 million to \$5.5 million. Included in the deficit is \$12.3 million of accrued estimated long-term obligations for the City's Workers Compensation and Liability and Property Damage self-insured programs. Overall operating revenues increased \$10.9 million and operating expenses increased \$5.1 million. Administrative and claims paid expenses increased \$1.1 million, representing a 22.9 percent increase over 2009.

General Fund Budgetary Highlights

There were no supplemental appropriations in the City's General Fund.

The City's General Fund fund balance and budgetary fund balance are both \$18.5 million at year end. There were \$148 thousand encumbrances at year end with the General Fund.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2010, the City had \$1.3 billion invested in a broad range of capital assets, including land, buildings, park facilities, vehicles and equipment and infrastructure - Table 4.

Capital asset additions during the year totaled \$108.0 million (Note 7 to the financial statements). Construction in progress additions represent the majority of capital additions recorded by the City other than capital activity related to vehicle and equipment purchases. Refer to current period expenditures reported in Exhibit C for a detail of capital project expenditures by project in the City's Capital Improvement Fund. The majority of active projects as reported in Exhibit C qualify for capitalization under the City's asset capitalization policy.

| Infrastructure | | 198.7 | | 204.4 | | - | | - | 198.7 | | 204.4 |
| Construction in progress | | 179.2 | | 268.8 | | - | | - | 179.2 | | 268.8 |
| | \$ | 1,254.5 | \$ | 1,182.4 | \$ | 63.7 | \$ | 66.3 | \$ 1,318.2 | \$ | 1,248.7 |

There are 198 active projects in the City's Capital Improvement Fund with cumulative appropriations of \$1,248.6 million, cumulative active project expenditures of \$844.3 million and outstanding encumbrances of \$62.0 million, resulting in an unencumbered balance of \$335.7 million. Total expenditures for all projects during the fiscal year amounted to \$115.3 million. New and supplemental appropriations totaled \$33.8 million during 2010.

The City issued \$14.0 million in general obligation bonds during 2010. Additionally, the City issued \$12.15 of refunding bonds.

More detailed information about the City's capital assets is presented in Note 7 to the financial statements.

Long-term debt

At June 30, 2010, the City had \$319.4 million in bonds outstanding versus \$326.5 million last year - a decrease of 2.0% - as shown in Table 5.

TABLE 5
OUTSTANDING DEBT, AT YEAR-END
(In Millions)

| | Governmental Activities | | | Business-Type Activities | | | | Total | | | | |
|--------------------------|-------------------------|-------|----|--------------------------|----|------|----|-------|----|-------|----|-------|
| | | 2010 | | 2009 | | 2010 | 2 | 2009 | | 2010 | | 2009 |
| General obligation bonds | \$ | 290.0 | \$ | 295.8 | \$ | 29.4 | \$ | 30.7 | \$ | 319.4 | \$ | 326.5 |
| Serial notes payable | | 1.7 | | 1.7 | | - | | - | | 1.7 | | 1.7 |
| Total | \$ | 291.7 | \$ | 297.5 | \$ | 29.4 | \$ | 30.7 | \$ | 321.1 | \$ | 328.2 |

The State limits the amount of general obligation debt that cities can issue based on a formula determined under State Statutes based on type of debt and tax base. The City's outstanding general obligation debt is significantly below this \$1.9 billion state-imposed limit.

Other obligations include accrued vacation pay and sick leave. More detailed information about the City's long-term liabilities is presented in Note 9 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The City's number of unemployed increased from 7,062 in calendar year 2008 to 7,192 in calendar year 2009 while the unemployment rate increased from 14.0 percent to 14.2 percent. This compares to the State's rate of 8.2 percent and the nation's rate of 10.0 percent.

The consumer price index in the northeast urban areas was higher than the national consumer price index. Inflation from October 2009 to October 2010 in the northeast was 1.5 percent while the rate was 1.2 percent for all urban areas in the U.S.

In developing the fiscal year 2011-2012 budget, the City continues to feel it is critical to examine the size and cost of government and the ability of the taxpayers to meet that burden. With costs escalating, government must evaluate services in terms of affordability and quality. Cost effectiveness, innovative approach and customer service are the standards for this evaluation.

The City feels that it is essential, given the current financial climate, to control the cost of each service provided. In developing the 2010-2011 budget, we constantly questioned how we are spending the taxpayers' money. Our goal is to offer basic services to our citizens that improve their quality of life at a price affordable to them. Our budget philosophy is not directed at cutting the cost of government by cutting services. It is directed toward cutting costs and improving services.

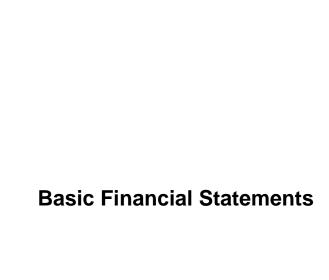

We must be innovative in our approach to the work that we do. The City cannot afford to follow the Business As Usual rule. It is our responsibility to challenge our employees and ourselves to find better ways to provide governmental services. Education and goal setting are the keys to innovation. Encouraging our employees' growth and development will foster innovation. The City of Hartford should be in the vanguard of how cities do business.

The adopted budget for fiscal year 2010-11 of \$544.4 million is an increase of \$8.7 million over the adopted 2009-10 budget. The negative growth in State aid exacerbates the slow growth in the City of Hartford Grand List, thus putting more pressure on property taxes. The budget included no mill rate increase remaining constant at 72.79 mills.

The City is exploring ways to reduce the 2010-11 expenditure budget and increase its revenue sources. In developing the City's 2011-12 budget, various options are being explored to reduce City expenditures and maximize revenues.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Department, City of Hartford, 550 Main Street, Hartford, Connecticut 06103.

STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS, (Continued) For the Year Ended June 30, 2010 (In Thousands)

Reconciliation of the Statement of Revenues, Expenditures and changes in fund balances of governmental funds to the Statement of Activities:

Amounts reported for governmental activities in the statement of activities are different because:

| Net change in fund balances - total governmental funds (Exhibit IV) | \$ (8,802) |
|--|---|
| Governmental funds report capital outlays as expenditures. In the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense: Capital outlay Depreciation expense | 108,014 (35,928) |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. School building grant receipts Property tax receivable - accrual basis change | (1,616) 4,233 |
| Property tax interest and lien revenue - accrual basis change Housing loans Other receivables - accrual basis change | 1,716 287 (33) |
| The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are amortized and deferred in the statement of activities. Bond and series note principal payments Issuance of bonds and notes Refunding proceeds Accrued interest on bonds - accrual basis change HUD loan principal payments Bond issuance costs Payment to escrow Capital lease payments Amortization of deferred charge on refunding Bond premium Amortization of bond premium | 20,536 (14,000) (12,150) (1,049) (3,897) 130 275 13,244 2,985 (65) (2,000) (673) |
| Changes in some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds. Compensated absences Change in pension and other postemployment benefit liabilities | (6,663) (13,391) |
| Internal service funds are used by management to charge costs to individual funds. The net revenue of certain activities of internal services funds is reported with governmental activities | 18,546 |
| Change in Net Assets of Governmental Activities (Exhibit II) | \$ 69,699 |

NOTES TO FINANCIAL STATEMENTS June 30, 2010 (In Thousands)

Note 1. Summary of Significant Accounting Policies

The financial statements of the City of Hartford, Connecticut (the City) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant policies of the City are described below.

Reporting entity

The City of Hartford, Connecticut was incorporated May 29, 1784 and the City consolidated in April, 1896. The City operates under a Mayor-Council form of government and provides a full range of services including public safety, roads, solid waste collection, health, social services, culture and recreation, education, planning, development, zoning and general administrative services.

As required by generally accepted accounting principles, these financial statements present the primary government and the following component unit.

Discretely presented component unit

The Hartford Parking Authority (the Authority) has been included in the City's reporting as a governmental fund type in accordance with GAAP. The Authority was created pursuant to Chapter 100 of the General Statutes of Connecticut and is governed by five members appointed by the Mayor. The purpose of the Authority is to create, establish, finance, maintain, and operate the City of Hartford's dedicated parking facilities, and regulate the uses and parking rates to be charged at other regulated parking facilities. The City will maintain ownership of the facilities and retire associated debt with net parking revenue received from the Authority. Separate financial statements of the Authority are available from the Authority's offices, 155 Morgan Street, Hartford, Connecticut.

Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the City and its component unit. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the City is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

The various fund types included in the financial statements are described below:

Governmental Funds

Governmental Funds are those through which most governmental functions typically are financed.

General Fund - the primary operating fund of the City. This fund is used to account for all financial transactions and resources except those required to be accounted for in another fund. Revenues are derived primarily from property taxes, state and federal grants, licenses, permits, charges for service, and interest income.

Special Revenue Funds - account for revenue derived from specific sources (other than major capital projects) that are restricted by legal and regulatory provisions to finance specific activities.

Debt Service Fund - accounts for the payment of principal and interest on general long-term debt of the City.

Capital Project Funds - account for all financial resources used for the acquisition or construction of major capital facilities not being financed by proprietary funds.

Permanent Funds - used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the City's programs.

Proprietary Funds

Proprietary funds are used to account for activities that are similar to those often found in the private sector. These funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. The following are the City's proprietary funds:

Enterprise Funds - account for operations that are financed in a manner similar to private business enterprises, where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The reported enterprise fund of the City accounts for activities of the Hartford Parking Facilities.

Internal Service Funds - account for the financing of goods or services provided by one department to other departments or agencies of the City on a cost-reimbursement basis. The reported internal service funds of the City include self-insured funds for Employee Benefits, Workers' Compensation, and Liability and Property Damage and a fund used to account for the centralized operations of the Metro Hartford Information Services.

Fiduciary Funds

Fiduciary Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, and other governments. Fiduciary funds are not included in the government-wide statements. The fiduciary funds are as follows:

Pension Trust Funds - account for the Municipal Employees' Retirement System.

Agency Funds - are custodial in nature (assets equal liabilities). Agency Funds apply the accrual basis of accounting but do not involve measurement of results of operation. The School System Student Activity Fund and Adult Education Book Fund are the City's only agency funds.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements (except for agency funds which have no measurement focus). Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied for. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period (generally 60 days). A one-year availability period is used for revenue recognition for all construction grants. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, pension obligations, other post-employment obligations, and claims and judgments, are recorded only when payment is due (matured).

Property taxes, when levied for, intergovernmental revenues, when eligibility requirements are met, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual (measurable) and so have been recognized as revenues of the current fiscal period, if available. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items, primarily licenses and fees, are considered to be measurable and available only when cash is received.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund.

The *Capital Improvement Fund* accounts for the proceeds of general obligation bonds and grants for various construction and reconstruction projects.

The Community Development Loan and Grant Fund accounts for loan and grant activities associated with the housing and development program.

The *Debt Service Fund* accounts for the payment of principal and interest on general long-term debt of the City.

The Educational Grants Fund accounts for State and Federal grants received and expended for educational purposes.

The City reports the following major enterprise fund:

The Hartford Parking Facilities Fund accounts for the operations of the City's dedicated parking facilities in conjunction with the Hartford Parking Authority.

Additionally, the City reports the following fund types:

The *Internal Service Funds* account for the risk management program of the City and the centralized operations of the Metro Hartford Information Services.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

The *Pension Trust Funds*, fiduciary funds, account for the activities of the Hartford Retirement System, which accumulates resources for pension benefit payments to qualified City employees.

The Agency Funds, fiduciary fund, account for monies held as a custodian for outside student groups.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and enterprise fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between certain City's functions because the elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include property taxes.

Proprietary funds are financed and operated in a manner similar to private business enterprises.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise fund is net revenues from operations of the parking facilities and of the City's internal service funds are charges from participants and premiums from the City. Operating expenses for the enterprise fund include operating expenses, administrative expenses, and depreciation on capital assets. for the internal service funds, expenses represent claims paid. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Accounting estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash equivalents

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Investments

Investments are stated at fair value, based on quoted market prices, except as disclosed below.

The pension funds allow for investments in certain alternative investments. Alternative investments may include private equity partnerships, hedge and absolute return funds for which there may be no ready market to determine fair value. These investments are valued using the most recent valuation available from the external fund manager. These estimated values do not necessarily represent the amounts that will ultimately be realized upon the disposition of those assets, which may be materially higher or lower than values determined if a ready market for the securities existed.

The Connecticut State Treasurer's Short-Term Investment Fund is an investment pool managed by the State of Connecticut Office of the State Treasurer. Investments must be made in instruments authorized by Connecticut General Statutes 3-27c through 3-27e. Investment guidelines are adopted by the State Treasurer. Investments in 2a7 like pools are stated at the position in the pool, and are the same as the value of the pool shares, amortized cost.

Receivables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

All trade and property tax receivables, including those for component units, are shown net of an allowance for uncollectibles. The property tax receivable allowance of \$5.8 million is equal to 21.7% of outstanding property taxes at June 30, 2010.

The City's property tax is levied each May on the assessed value listed as of the prior October 1 for all taxable real and personal property located in the City. The lien date is July 1 on the May 1 levy. Assessed values are established by the City Assessor at 70% of fair market value for all properties on the grand list as of October 1 each year. Taxes under \$100 (amount not rounded) are due in one installment July 1; real and personal property taxes of over \$100 (amount not rounded) are due in two installments July 1 and January 1. Motor vehicle taxes in excess of \$100 (amount not rounded) are due in two installments July 1 and January 1. Delinquent taxes are assessed interest of 1.5% per month.

The City has also entered into various loan agreements with third parties related to its public housing programs. These loan agreements have been recorded as notes receivable within the Community Development Loan and Grant Fund. Under these agreements, the City has loaned money for the purpose of establishing and/or improving public housing units. The loans are secured by an interest in the property being acquired and/or improved. The programs consist of the House Hartford Program, the Home Ownership Appraisal GAP Financing Program, Home Program and the Housing Preservation Loan Program. The City develops an allowance for uncollectible amounts on a loan-by-loan basis.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Allowances for doubtful accounts

Accounts and notes receivable for the primary government are reported net of allowance for doubtful accounts. The allowance for doubtful accounts represents those accounts which are deemed uncollectible based upon collection history and analysis of creditor's ability to pay. The majority of amount relates to taxes receivable, housing loans and police special duty fees.

Inventories

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Capital assets

Capital assets, which include land, buildings, equipment, and infrastructure assets, (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred, net of interest earned on specific project related debt, during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets of the primary government, as well as the component unit, are depreciated using the straight-line method over the following estimated useful lives:

| Assets | Years |
|---|-------|
| | |
| Land improvements | 20 |
| Buildings and building improvements | 20-40 |
| Other structures | 15 |
| Office furniture, equipment and PC hardware | 5 |
| Computer equipment | 3-5 |
| Shop, playground, and grounds maintenance equipment | 10-20 |
| Autos, trucks, construction vehicles | 5-15 |
| Infrastructure | 25-70 |

Capital assets are reported as expenditures and no depreciation expense is reported in the governmental fund financial statements.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Compensated absences

City employees accumulate vacation and sick leave hours for subsequent use or for payment upon termination or retirement. Vacation and sick leave expenses to be paid in future periods are accrued when incurred in the government-wide and proprietary financial statements. A liability for these amounts is reported in governmental funds only for amounts that have become due. The general fund is typically used to liquidate the liability.

Long-term obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable as reported include unamortized bond premiums and discounts. Significant bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, and bond principal payments, are reported as debt service expenditures.

Encumbrances

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation, is utilized in the governmental funds. Encumbrances outstanding at year-end are reported as a reservation of fund balance as they do not constitute expenditures or liabilities.

Fund equity and net assets

In the government-wide and proprietary fund financial statements, net assets are classified in the following categories:

Invested in Capital Assets, Net of Related Debt – This category groups all capital assets, including infrastructure, into one component of net assets. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduces this category.

Restricted Net Assets – This category presents external restriction imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Assets or Deficit – This category represents the net assets of the City, which are not restricted. A deficit will require future funding.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

In the fund financial statements, fund balances of governmental funds are classified in three separate categories. The three categories, and their general meanings, are as follows:

Reserved fund balance - indicates that portion of fund equity which has been legally segregated for specific purposes or is not available for appropriation.

Unreserved-Designated fund balance - indicates that portion of fund equity for which the City has made tentative plans.

Unreserved fund balance (deficit) - indicates that portion of fund equity which is available for appropriation and expenditure in future periods. A deficit will require future funding.

Note 2. Stewardship, Compliance and Accountability

Budgetary information

The City adopted the legal budget for the 2009-2010 General Fund in accordance with the procedures summarized below:

By the third Monday in April, the Mayor must submit to the City Council a recommended operating budget for the fiscal year commencing the following July 1st. The operating budget includes proposed expenditures and the means of financing them.

Through direction of the Mayor and the City Council, open meetings and public hearings are held to obtain residents' and taxpayers' comments on the recommended budget.

The City Council modifies the budget by resolution (except revenues, debt service and pension requirements) and then submits the budget as amended to the Mayor for certification no later than May 21.

The Mayor may approve, reduce, and/or disapprove the budget within 48 hours, but no later than May 23.

Upon action by the Mayor, Council has until May 31 to adopt the budget, the appropriation ordinance and the tax levy ordinance. If it fails to adopt the budget by that date the budget as certified by the Mayor shall be deemed to be the budget of the City for the ensuing fiscal year and expenditures shall be made in accordance therewith (Hartford Municipal Code Sec. 9).

After the budget has been adopted and the new fiscal year begins, an appropriation may be amended. The Mayor may, at any time, transfer any unencumbered balance or portion thereof, from one classification of expenditures to another within the same department.

At the request of the Mayor, but only within the last three months of the fiscal year, the Court of Common Council may transfer by resolution, any unencumbered appropriation balance or portion thereof from one department or agency to another.

Supplemental appropriations are made on the recommendation of the Mayor upon certification by the Director of Finance that there exists an available general fund cash surplus to meet this appropriation.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Budgets for General Fund are presented on a basis consistent with generally accepted accounting principles except that encumbrances and transfers out are shown as budgetary obligations and transfers in are shown as revenues.

The General Fund budget is the City's only legally adopted annual budget. Budgets for Special Revenue and Capital Projects Funds are adopted on a project length basis in accordance with related grant or funding agreements.

The level of control for the General Fund budget is at the department/major activity level which are authorized by ordinance. The level of control for Capital Projects Funds is appropriations at the project level. Total expenditures cannot exceed total appropriations by project, over the length of the project.

The Community Development Block Grant (Special Revenue) project budgets are approved by City Council. The level of control for all other Special Revenue Funds is at the project or program level in accordance with agreement provisions and various budgetary periods.

All unencumbered and unexpended appropriations lapse at year end for the General Fund. Appropriations do not lapse at year end for Special Revenue Funds. Appropriations for capital projects are carried forward until such time as the project is completed or terminated.

During the fiscal year ended June 30, 2010 there were no General Fund supplemental budget appropriations and there were no additional appropriations against fund balance.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent year.

Note 3. Cash, Cash Equivalents and Investments

The deposit of public funds is controlled by the Connecticut General Statutes (Section 7-402). Deposits may be made in a "qualified public depository" as defined by Statute, or, in amounts not exceeding the Federal Deposit Insurance Corporation insurance limit, in an "out of state bank," as defined by the Statutes, which is not a "qualified public depository."

The Connecticut General Statutes (Section 7-400) permit municipalities to invest in: 1) obligations of the United States and its agencies, 2) highly rated obligations of any state of the United States or of any political subdivision, authority or agency thereof, and 3) shares or other interests in custodial arrangements or pools maintaining constant net asset values and in highly rated no-load open end money market and mutual funds (with constant or fluctuating net asset values) whose portfolios are limited to obligations of the United States and its agencies, and repurchase agreements fully collateralized by such obligations. Other provisions of the Statutes cover specific municipal funds with particular investment authority. The provisions of the Statutes regarding the investment of municipal pension funds do not specify permitted investments. Therefore, investment of such funds is generally controlled by the laws applicable to fiduciaries and the provisions of the applicable plan.

The Statutes (Sections 3-24f and 3-27f) also provide for investment in shares of the State Short-Term Investment Fund (STIF) and the State Tax Exempt Proceeds Fund (TEPF). These investment funds are under the control of the State Treasurer, with oversight provided by the Treasurer's Cash Management Advisory Board, and are regulated under the State Statutes and subject to annual audit by the Auditors of Public Accounts. Investment yields are accounted for on an amortized-cost basis with an investment

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

portfolio that is designed to attain a market-average rate of return throughout budgetary and economic cycles. Investors accrue interest daily based on actual earnings, less expenses and transfers to the designated surplus reserve, and the value of the position in the pool is the same as the value of the pool shares.

The City pension plan asset allocation parameters are as follows:

| Equities | 50% |
|-------------------------|-------|
| Fixed income securities | 48.5% |
| Cash | 1.5% |

Deposits

City

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's deposit policy includes policies on the safety of principal, prudence, and financial dealings with institutions designed to mitigate custodial credit risk. As of June 30, 2010, \$231,529 of the City's bank balance of \$258,666 was uninsured and uncollateralized.

Hartford Parking Authority

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority' follows the City's deposit policies which include policies on the safety of principal, prudence, and financial dealings with institutions to mitigate custodial credit risk. As of June 30, 2010, \$972 of the Authority's bank balance of \$1,409 was uninsured and uncollateralized.

Cash and investments of the City consist of the following at June 30, 2010:

| Cash and Cash Equivalents | | |
|---|------------|---|
| Deposits with financial institutions | \$ 251,355 | |
| State of Connecticut Short-Term Investment fund | 91,632 | |
| Total cash and cash equivalents | 342,987 | _ |

Cash and investments are classified in the accompanying financial statements as follows:

| Statement of Net Assets Cash and cash equivalents | \$ 203,540 |
|--|--------------------|
| Investments | 13,696 |
| Total statement of net assets | 217,236 |
| Fiduciary Funds: Cash and cash equivalents Investments | 139,447 756,212 |
| mvesiments | 895,659 |
| Total cash, cash equivalents and investments | \$ 1,112,895 |

<u>Interest rate risk:</u> This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The City's and Pension Plan's formal investment policy limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The City's formal investment policy includes asset allocation percentage ranges to assist in limiting interest rate risk.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

<u>Foreign currency risk:</u> The City's and Pension Plan's formal investment policy limits at any point in time, the exact level of investment in international equities to between seventeen percent and twenty-one percent of the total MERF portfolio. The City's exposure to foreign currency related to equities, fixed income securities and other domestic equities as of June 30, 2010, is as follows:

| | Currency | Fair \ | Value |
|--------------------------|--------------------------|--------|--------|
| | | | |
| Fixed Income Securities: | Euro Currency Unit | \$ | 7,183 |
| | Japanese Yen | | 7,577 |
| | Australian Dollar | | 4,047 |
| | Polish Zloty | | 1,744 |
| | Other foreign currencies | | 775 |
| Equities: | Japanese Yen | | 15,076 |
| | Euro Currency Unit | | 8,705 |
| | British Pound Sterling | | 738 |
| | South Korean Won | | 2,216 |
| | Hong Kong Dollar | | 657 |
| | Singapore Dollar | | 1,976 |
| | Swiss Franc | | 2,087 |
| | Other foreign currencies | | 2,501 |

Information about the exposure of the City's debt type investments to interest rate risk using the segmented time distribution model is as follows:

| | | Investment Maturities (in Years) | | | | | | | | |
|--------------------------|---------------|----------------------------------|--------------|----|--------|----|--------|--------------|---------|--|

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

<u>Credit risk - investments</u>: Generally, credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. The City's and Pension Plan's investment policy further limits its investment choices including prohibiting investments in derivatives that are not used for the specific purposes identified in the City's Funding and Investment Policy Statement. Other prohibited transactions are identified in Article X of the Funding and Investment Policy Statement. The following are the actual ratings by Standard and Poors.

| Actual Rating | Foreign Bonds | | | | U.S. Treasury | orporate Bonds | Pooled Fixed Income | | |
|------------------|------------------|----|--------|----|------------------|-------------------|---------------------------|--------|--|
| | | | | | | | | | |
| AAA | \$ 2,878 | \$ | 29,000 | \$ | 104,970 | \$ 14,527 | \$ | - | |
| AAAm | - | | - | | - | - | | 91,632 | |
| AA+ | 219 | | - | | - | 1,443 | | - | |
| AA | 7,395 | | - | | - | 5,419 | | - | |
| AA- | 1,295 | | - | | - | 2,592 | | - | |
| A+ | 2,526 | | - | | - | 6,974 | | - | |
| Α | 1,953 | | - | | - | 19,689 | | - | |
| A- | 213 | | - | | - | 8,640 | | - | |
| BBB+ | 218 | | - | | - | 7,147 | | - | |
| BBB | - | | - | | - | 5,864 | | - | |
| BBB- | 532 | | - | | - | 4,514 | | - | |
| BB+ | - | | - | | - | 1,380 | | - | |
| ВВ | 132 | | - | | - | 1,865 | | - | |
| BB- | 49 | | - | | - | 1,438 | | - | |
| B+ | - | | - | | - | 911 | | - | |
| B- | - | | - | | - | 265 | | - | |
| CCC+ | - | | - | | - | 274 | | - | |
| CCC | - | | - | | - | 1,912 | | - | |
| CC | - | | - | | - | 31 | | - | |
| Unrated | 3,916 | | 920 | | = | 3,553 | | = | |
| | \$ 21,326 | \$ | 29,920 | \$ | 104,970 | \$ 88,438 | \$ | 91,632 | |

<u>Concentration of Credit Risk</u> - The City's and Pension Plan's investment policy does not allow for an investment in securities that are not readily marketable in any one issuer that is in excess of five percent of the City's total portfolio. Additionally, investment manager guidelines require that investments be broadly diversified so as to limit the impact of large losses in individual investments on the total portfolio.

<u>Custodial Credit Risk</u> - Custodial credit risk for an investment is the risk that, in the event of the failure of the counterparty (the institution that pledges collateral or repurchase agreement securities to the City or that sells investments to or buys them for the City), the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's individual investments in fixed income securities, equities, U.S treasury securities, domestic corporate bonds, foreign bonds, and U.S government agency securities are uninsured and unregistered securities held by a counterparty, or by its trust department or agent that are not in the City's name. The City's other investments are held in common trusts and alternative investments which, because they are evidenced by contracts rather than by securities, are not subject to custodial credit risk determination.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Note 5. Deferred Revenue/Unearned Revenue

Governmental funds report deferred revenue in connection with revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds and governmental activities also report unearned revenue in connection with revenues that have been received, but not yet earned. At the end of the current fiscal year, the various components of unearned revenue and deferred revenue were as follows:

| Primary Government Unit | Deferred Unearned | | Total | |
|---|-------------------|----|--------|---------------|
| General Fund: | | | | |
| Delinquent property taxes | \$ 24,421 | \$ | - | \$ 24,421 |
| Accrued interest on delinquent property taxes | 8,077 | | - | 8,077 |

| Section 108 - business loans | 5,964 | | - | 5,964 |
| Total deferred/unearned revenue for governmental funds | \$ 100,506 | \$ | 11,987 | \$ 112,493 |

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Note 6. Interfund Receivables, Payables and Transfers

During the course of operations, transactions are processed through a fund on behalf of another fund. A summary of interfund balances as of June 30, 2010 is presented below:

| | ue From er Funds | _ | Due To ner Funds |
|---|---------------------|----|---------------------|
| General Fund | \$ 1,994 | \$ | 217 |
| Capital Improvement Hartford Parking Facilities | 2,545 | | - 65 |
| Nonmajor Governmental Funds | - | | 4,257 |
| | \$ 4,539 | \$ | 4,539 |

The interfunds relate to loans made primarily between the Capital Improvement Fund, Nonmajor Governmental Fund and the General Fund. All of the balance is scheduled to be collected in the subsequent year.

A summary of interfund transfers is presented below:

| | Т | ransfers | Transfers |
|-----------------------------|-----|----------|--------------|
| | Fre | om Other | To Other |
| | | Funds | Funds |
| | | | |
| General Fund | \$ | 2,884 | \$ 44,854 |
| Capital Improvement Fund | | 1,500 | 944 |
| Debt Service | | 33,003 | - |
| Educational Grants | | 2,613 | - |
| Nonmajor Governmental Funds | | 12,233 | 5,085 |
| Hartford Parking Facilities | | - | 1,350 |
| Total | \$ | 52,233 | \$ 52,233 |

Transfers from the General Fund to the Debt Service Fund represent the City's payment toward debt service on bonds outstanding. Transfers from the Hartford Parking Facilities enterprise fund to the General Fund represents a portion of net activity derived from the City's parking facilities. Transfers from the Nonmajor Governmental Funds to the General Fund primarily include net income derived from the City's police private duty services program. Transfers from the General Fund to the Nonmajor Governmental funds include \$7.9 million in support of the City's library program. Transfers from Nonmajor Governmental Funds to the Educational Grants Fund represent monies collected on behalf of the Educational Grants Fund. Transfers to and from the Capital Improvement Fund represent monies from the Parks Trust Fund that are used for capital projects.

| | \$ | 1,248,609 | \$ | 844,258 | \$ | 68,633 | \$ | 335,718 |

^{*} Excludes retainage payable recorded in the financial statements in the amount of \$6.6 million at June 30, 2010.

Note 8. Leases

Operating leases

Lease Agreements as Lessor

The City leases certain building, land, and air space rights under operating leases. The agreements provide for minimum annual rentals plus contingent rentals based on a percentage of cash flow from the properties.

The total rental income from operating leases during 2010 amounted to \$2.9 million. The cost of the buildings and land associated with these rental income amounts is estimated at \$27.8 million with a carrying value of \$14.5 million. Depreciation expense related to these properties was \$57 thousand during the year.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Lease Agreements as Lessee

The City entered into a 10 year lease commencing in 2001 for the rental of office and storage space from the Hartford Downtown Revival, LLC for the Board of Education. Future minimum lease payments are \$834 per year through Fiscal Year 2011.

The City entered into a 15 year lease commencing on July 1, 2002 for the rental of office space from the Connecticut Constitution Associates, LLC for the various City departments and agencies. At the beginning of year six and year eleven, the base rent will be increased by an amount equal to the product of the base rent times 100% of the percentage increase, if any, of the CPI over the CPI at the commencement date or the first day of the sixth lease year, as the case may be. Future minimum lease payments are projected as follows.

2011-2017 \$1,000*

* Annual lease payment without consideration of potential increases resulting from the change in the CPI in the eleventh year of the fifteen year lease.

In addition to the base rent, the City pays a proportionate share of the landlord's operating expenses and real estate taxes. During the fiscal year ended June 30, 2010, base rent and additional rent amounted to \$2,246.

The City entered into a seven-year lease commencing in 2005 for the rental of a building at 875 Asylum Avenue for use as a Board of Education administration building and as additional classroom space for West Middle School. Future minimum lease payments are projected as follows:

2011 \$ 293 2012 293

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Clean Water Fund - Serial Notes Payable

The City has entered into a Clean Water Fund serial note payable to the State of Connecticut as part of a tower brook conduit extension project administered by the Metropolitan District. Principal in the amount of \$80 and interest in the amount of \$34 was paid in the 2009-10 fiscal year. Future annual requirements are as follows:

| Year Ended | | | | | | |
|------------|--------------------|----|-----|-------|-------|--|
| June 30, | Principal Interest | | | Total | | |
| | | | | | | |
| 2011 | \$ 83 | \$ | 33 | \$ | 116 | |
| 2012 | 85 | | 31 | | 116 | |
| 2013 | 86 | | 29 | | 115 | |

| 2016-2020 | 478 | | 100 | | 578 | |
| 2021-2025 | 528 | | 49 | | 577 | |
| 2026-2029 | 227 | | 5 | | 232 | |
| | \$ 1,665 | \$ | 300 | \$ | 1,965 | |

2009/2010 General Obligation Bond - In-substance Defeasance

On September 30, 2009, the City issued \$12,150 of general obligation bonds with interest rates ranging from 2.0% to 5.0%, of which were used to advance refund portions of the outstanding principal amounts of the general obligation bonds of the City dated November 2008 (the "Refunding Bonds"). Of the net proceeds of \$13,659 (after payment of \$275 in underwriters fees and other costs), \$13,244 was placed in an irrevocable trust fund under an Escrow Agreement dated April 2009 between the City and the Escrow Holder. The Escrow Holder used the proceeds to purchase a portfolio of non-callable direct obligations of the United States of America ("Government Obligations"). The Government Obligations will have maturities and interest rates sufficient to pay principal and interest payments and redemption premiums on the Refunding Bonds on the date the payments are due.

The City advance refunded the above bonds to obtain an economic gain (difference between the present values of the debt service payments on the old and net debt of \$945 and cash savings of \$1,170.

The balance in the escrow was approximately \$13,200 at June 30, 2010. The balance of the defeased bonds was approximately \$12,825 at June 30, 2010. As a result, the refunded bonds are considered defeased and the liability has been removed from the basic financial statements.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

In previous years the City has defeased general obligation bonds by placing the proceeds of the new bonds in irrevocable trusts to provide for all future debt service payments on the old bonds. Accordingly, trust account assets and liabilities for the defeased bonds are not included in the City's financial statements. At June 30, 2010, the following bonds outstanding are considered defeased:

| Year of Original Issue | Date Refunded | Refunded Amount | | _ | Defeased Balance |
|------------------------|------------------|--------------------|----------|----|---------------------|
| | | | | | |
| 1998 | 06/01/2005 | \$ | 13,185 | \$ | 13,185 |
| 2000 | 06/01/2005 | | 10,000 | | 10,000 |
| 2001 | 06/01/2005 | | 6,900 | | 6,900 |
| 2000 | 04/01/2005 | | 31,285 * | | 29,570 |
| 2009 | 09/30/2009 | | 12,150 | | 12,825 |

^{*} Morgan Street Garage Revenue Bonds

The City's indebtedness (\$588 million) does not exceed the legal debt limitation as required by the Connecticut General Statutes as reflected in the following schedule:

| Debt | Net | |
|------------|---|--|
| Limit | Indebtedness | Balance |
| | | |
| \$ 604,757 | \$ 388,105 | \$ 216,652 |
| 1,209,515 | 141,595 | 1,067,920 |
| 1,007,929 | 58,456 | 949,473 |
| 873,538 | - | 873,538 |
| 806,343 | - | 806,343 |
| | Limit \$ 604,757 1,209,515 1,007,929 873,538 | Limit Indebtedness \$ 604,757 \$ 388,105 1,209,515 141,595 1,007,929 58,456 873,538 - |

The total overall statutory debt limitation for the City is equal to seven times annual receipts from taxation (\$1.9 billion).

The indebtedness reflected above includes bonds outstanding in addition to the amount of bonds authorized and unissued against which debt is issued and outstanding. School building grants totaling \$16.7 million are applicable to outstanding bond issues. It is estimated that an additional \$92.8 million of authorized education project costs will be funded through State of Connecticut progress payments.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Total bonds authorized and unissued as of June 30, 2010 were:

| | | uthorized/ | |
|-----------------|----------|------------|--|
| Description | Unissued | | |
| | | | |
| General Purpose | \$ | 138,331 | |
| Schools | | 92,800 | |
| Sewers | | 578 | |
| Total | \$ | 231,709 | |

Housing and Urban Development (HUD) Section 108 Loans

The future annual requirements are as follows:

| Year Ended | | | | | |
|------------|----|-----------|----------|-----|-------------|
| June 30, | F | Principal | Interest | | Total |
| _ | | | | | _ |
| 2011 | \$ | 304 | \$ | 55 | \$ 359 |

| | \$ | 6,245 | \$ | 205 | \$ 6,450 |

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Capital Leases

The City has entered into multi-year capital leases for the purchase of various vehicles and equipment. Principal payments for 2010 were \$2,680. The following is a summary of capital lease commitments as of June 30, 2010:

| Year Ended June 30, | P | Amount |
|---|----|--------|
| | | |
| 2011 | \$ | 2,333 |
| 2012 | | 1,985 |
| 2013 | | 1,002 |
| 2014 | | 194 |
| Total lease payments | | 5,514 |
| Less: amount representing interest | | 357 |
| | | |
| Present value of minimum lease payments | \$ | 5,157 |

The City originally issued \$13,514 in capital lease financing agreements to purchase vehicle and equipment capital assets. The net undepreciated value approximates the principal balance payable of \$5,157 at June 30, 2010.

Compensated Absences

Employees can accumulate additional amounts of unused vacation and sick leave (as determined by individual union contracts) until termination of their employment. At termination pay-out provisions as determined by individual union contract provides for payments to vested employees net of provisions to exchange selected amounts of accumulated sick time for pension service years. Payments to employees are appropriated from the General Fund.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

The following is a summary of management's estimate of vested and non-vested potential liability for lump sum payments to employees.

| | Jur | ne 30, 2010 |
|------------|-----|-------------|
| Vested: | | |
| Sick | \$ | 26,050 |
| Vacation | | 9,349 |
| Nonvested: | | |
| Sick | | 3,733 * |
| Total | \$ | 39,132 |

^{*} Based on estimated percentage of total non-vested obligation that potentially will vest in future years.

Business-Type Activities

Changes in Long-Term Liabilities

Long-term liabilities for the year ended June 30, 2010, was as follows:

| | Beginning Balance | | Increases Decreases | | Ending Balance | | Due Within One Year | | |
|--|-------------------------|----|---------------------|----|-------------------|----|------------------------|----|-------|
| Business-Type Activities: General obligation bonds | \$ 30,710 | \$ | - | \$ | 1,305 | \$ | 29,405 | \$ | 1,365 |
| Less: deferred amounts Total bonds payable | \$ (2,112) 28,598 | \$ | - | \$ | (228) 1,077 | \$ | (1,884) 27,521 | \$ | 1,365 |

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

The annual requirements to amortize all general obligation bond debt outstanding as of June 30, 2010 are as follows:

| Year Ended | | | | | |
|------------|----|-----------|--------------|----|--------|
| June 30, | F | Principal | Interest | | Total |
| | | | | | |
| 2011 | \$ | 1,365 | \$ 1,398 | \$ | 2,763 |
| 2012 | | 1,425 | 1,341 | | 2,766 |
| 2013 | | 1,485 | 1,273 | | 2,758 |
| 2014 | | 1,565 | 1,197 | | 2,762 |
| 2015 | | 1,645 | 1,117 | | 2,762 |
| 2016-2020 | | 9,605 | 4,195 | | 13,800 |
| 2021-2025 | | 12,315 | 1,480 | | 13,795 |
| | \$ | 29,405 | \$ 12,001 | \$ | 41,406 |

General obligation bonds represent long-term indebtedness backed by the full faith and credit of the City. Parking facility bonds recorded in the Hartford Parking facilities enterprise fund are comprised of the following:

| Morgan Street Garage - Refunding bonds issued 2005; final maturity August 1, 2024; interest at 3.0% to 5.5% | \$ 29,405 |
|---|--------------|
| Bond Anticipation Notes | |
| Bond Anticipation Notes activity was as follows: | |
| Beginning balance, July 1, 2009 | \$ 10,000 |
| Issuances | 80,000 |
| Retired/Matured | (50,000) |
| Ending balance, June 30, 2010 | \$ 40,000 |

The bond anticipation note outstanding at year-end was issued March 31, 2010 and is due April 14, 2011 with interest at 2.5%.

Note 10. Fund Balances

The following is a description of various reserve accounts used to indicate that a portion of equity is legally segregated for a specific purpose and is unavailable for appropriation:

Fund balance

Reserved for Encumbrances and Commitments - represents outstanding purchase orders at year-end on contracts.

Reserved for Housing Assistance - represents the amount of funds accumulated in the Section 8 fund used to provide housing assistance to qualified individuals.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Reserved for Inventory - the balance of inventory accounts has been reserved to indicate that the portion of fund balance represented is not available for appropriation or expenditure.

Reserved for Trusts - represents the amount of funds accumulated in Other Governmental Funds to pay for specific government programs.

Fund balance reserves are as follows:

| | General Fund | lm | Capital provement Fund | Go | Other overnmental Funds |
|--|--------------------------|----|------------------------------|----|---------------------------------|
| Encumbrances and commitments Housing assistance Inventory Trusts | \$ 148 - - - | \$ | 62,036 - - - | \$ | 4,297 3,866 280 18,740 |
| Total | \$ 148 | \$ | 62,036 | \$ | 27,183 |

Deficit fund equity

| Nonmajor Funds: | |
|-------------------------------|--------------|
| Miscellaneous grants | \$ 256 |
| Internal Service Funds: | |
| Workers' Compensation | 16,142 |
| Liability and Property Damage | 4,264 |
| | \$ 20,662 |

The City anticipates financing the miscellaneous Grants Fund deficit through future operations and grants. The Internal Service Funds deficit will be covered through future City contributions.

Note 11. Risk Management

The City has established a risk management program (Internal Service Funds) to account for and finance its uninsured risks of loss for employee benefits, workers' compensation, and liability and property damage. Under this program, the fund provides coverage for up to a maximum of \$250 thousand in health insurance claims for each individual per claim year, \$2 million for each worker's compensation claim, \$500 thousand for each auto and general liability claim, \$100 thousand for each property damage claim and \$250 thousand per occurrence for public officials' claims. The City purchases commercial insurance for claims in excess of coverage provided by the fund and for all other risks of loss. Settled claims have not exceeded either the self insured retention or the commercial coverage in any of the past three fiscal years. Workers' compensation salary continuation is paid from the employee's respective department budget.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

The General Fund makes payments to the Self Insurance Fund based on actuarial or underwriting estimates of the amounts needed to pay current-year claims and administrative expenses and to maintain a reserve for unanticipated and future losses. The claims liability of \$27.7 million, reported in the fund at June 30, 2010 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Changes in the Fund's claims liability amount in fiscal years 2010 and 2009 were:

| | | | Cu | rrent Year | | | | |
|----------------------|----|--------------|----|---------------|----|---------|----------------|--------|
| | Ве | ginning of | CI | laims and | | | | Ending |
| | Fi | Fiscal Year | | Changes in | | Claim | Fiscal Year | |
| | | Liability Es | | stimates Paym | | ayments | ents Liability | |
| | | | | | | | | |
| Self-Insurance Fund: | | | | | | | | |
| 2008-2009 | \$ | 35,083 | \$ | 74,737 | \$ | 80,470 | \$ | 29,350 |
| 2009-2010 | | 29,350 | | 82,847 | | 84,463 | | 27,734 |

Note 12. Commitments and Contingencies

Contractual commitments

On June 30, 1982, the City entered into a service agreement with the Connecticut Resources Recovery Authority (CRRA) to which it is obligated to deliver a minimum tonnage of fifty-five thousand tons per year of solid waste for processing. The service fee is subject to annual revision based on the net cost of operating the facility. The service agreement expires in 2012.

Statutory commitments

The City is a member of the Metropolitan District (a quasi-municipal corporation that provides water supply and sewerage collection and disposal facilities for members), and is contingently liable for \$56.2 million or 27.8% of the debt of the District.

Contingencies

The City, its officers and employees, are defendants in numerous lawsuits. The City is insured for damages (see Note 11). Judgments or settlements for less than the deductible are paid from the General Fund. Corporation Counsel expects that none of the cases currently in litigation, if adversely decided, would have a negative impact on the finances of the City. In the opinion of the Corporation Counsel, there are no claims or litigation pending or to his knowledge threatened which, individually or in the aggregate, will or may result in final judgments against the City which would have a material adverse effect on the finances of the City.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Note 13. Other Postemployment Benefits

The City, in accordance with various collective bargaining agreements, is committed to provide health and other benefits to eligible retirees and their spouses. Benefits are established and amended through negotiations between the City and the various unions representing City employees. The City pays the full cost of life insurance premiums. The percentage contribution of employees and retirees for medical benefits are negotiated with the various unions representing the employees. Retired plan members and beneficiaries currently receiving benefits are required to contribute specified amounts towards the cost of receiving benefits under the City's self-insured medical benefits program. The City provides post-retirement benefits through a single-employer defined benefit plan. The post-retirement plan does not issue stand-alone financial reports.

Funding policy

The City currently funds claims and administrative costs for postemployment benefits through it's self-insured internal service funds. The City has worked in conjunction with health benefits consultants to establish a health benefits fund structure that is both premium-based, similar to a fully insured process, and isolates legacy costs versus ongoing employees while combining actives and retirees into one process. In order to isolate legacy costs from ongoing employees, three groups were created that support a phased strategy to funding where the first group is retirees before 6/30/09 which remains pay-as-you-go with no amortization of prior service cost. The second group includes actives hired prior to 7/1/09 and retired since then and provides funding of normal cost, including an accrual for future benefits, but no amortization of prior service cost. Finally, the third group is new hires since 7/1/09 and is actuarially funded and claims paid, both current and future benefits. Groups 2 and 3 envision that a trust fund will be established while all 3 groups have distinct discount rates as provide for by GASB.

The City has not implemented a trust fund, as of June 30, 2010, to irrevocably segregate assets to fund the liability associated with postemployment benefits, which would require the reporting of a trust fund in accordance with GASB guidelines.

The following is the current census of City benefit participants as of July 1, 2009:

| | (not rounded) |
|----------------------|---------------|
| Active members | 4,620 |
| Retirees and spouses | 3,383 |
| Total | 8,003 |

Postemployment retiree benefit payments for the year ended June 30, 2010, net of retiree and other contributions, amounted to \$10,343.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Annual OPEB Cost and Net OPEB Obligations

The City of Hartford's annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of occurrence of future events. Assumptions include future employment, mortality, and healthcare and other benefit cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actuarial results are compared with past expectations and new estimates are made about the future.

The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation:

| | Other Post- | | |
|--|-------------|-------------|--|
| | Employment | | |
| | Bene | fits (OPEB) | |
| | | | |
| Annual required contribution (ARC) | \$ | 24,744 | |
| Interest on net OPEB obligation | | 1,596 | |
| Adjustment for Net OPEB obligation | | (1,256) | |
| Annual OPEB cost | | 25,084 | |
| Contributions made | | 10,343 | |
| Increase in net OPEB obligation | | 14,741 | |
| Net OPEB obligation, beginning of year | | 28,166 | |
| Net OPEB obligation, end of year | \$ | 42,907 | |

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for the fiscal year ended June 30, 2008, 2009 and 2010 is presented below.

| Fiscal | | Annual | | | Percenta | ige | | Net |
|---------|----|------------|----|------------|-----------|-----|----|-----------|
| Year | | OPEB | | Actual | of AO | 2 | | OPEB |
| Ending | Co | Cost (AOC) | | ntribution | Contribut | ted | 0 | bligation |
| | | | | | | | | |
| 6/30/08 | \$ | 31,600 | \$ | 15,425 | 48.8 | 8% | \$ | 16,175 |
| 6/30/09 | | 24,853 | | 12,862 | 51.8 | 3% | | 28,166 |
| 6/30/10 | | 25,084 | | 10,343 | 41.2 | 2% | | 42,907 |

Projections for benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Note 14. Employee Retirement Systems and Pension Plans

There are four defined benefit pension plans for employees of the City of Hartford. Two are single-employer plans, one is a cost sharing multiple-employer plan with the State of Connecticut, and one is a plan with the State of Connecticut for certified teachers at the Board of Education in which the City is a noncontributing employer.

The two single employer plans are administered by the City. The plans provide retirement, disability and survivorship benefits for all retired employees, in accordance with provisions which are subject to bargaining with unions representing most of the employees. The City provides retirement benefits for employees hired since 1947, through the City MERF, a contributory, defined benefit plan. Employees hired before the current City MERF went into effect on May 1, 1947 are paid from an unfunded program known as the RAF/PBF/FRF Plan. There are no remaining active members and the unfunded liability is decreasing rapidly.

An actuarial valuation survey is made annually on the City Municipal Employees' Retirement Fund (City MERF) and the Section 415 Plan, and at least every five years for the RAF/PBF/FRF Plan.

The City also administers an excess benefit plan established to fund that portion of certain retirees' pension benefits that exceed the limits permitted under Section 415 of the Federal Internal Revenue Code (IRC).

City of Hartford Municipal Employees' Retirement Fund (City MERF)

Plan Description

The City MERF is considered to be part of the City of Hartford's financial reporting entity and is included in the City's financial statements, as a pension trust fund. Individual stand-alone statements are not issued.

The City MERF was established as part of the City Charter.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

As of the actuarial valuation date, July 1, 2009, City MERF membership consisted of:

| | (not rounded) |
|---|---------------|
| Retirees and beneficiaries currently receiving benefits | 2,731 |

| Total | 5,301 |

The City provides retirement benefits, for employees hired since May 1, 1947, through the City MERF, a single employer, contributory defined benefit plan. Under the Plan, all full-time employees, except teachers and members of certain union groups who have elected to join the State Municipal Employees' Retirement Fund (State MERF-B), are eligible. Employees are 100 percent vested after 5 or 10 years of service depending on the covered group. If an employee leaves covered employment or dies before becoming vested, accumulated employee contributions are returned with interest.

Summary of Significant Accounting Policies, Plan Changes and Plan Asset Matters

Basis of Accounting: City MERF financial statements are prepared using the accrual basis of accounting. Employee contributions are recognized as revenues in the period in which employee services are performed and are due. Employer contributions to the plan are recognized when due and the City has made a formal commitment to provide the contributions. Benefit payments and refunds are payable when due and payable in accordance with the terms of the Plan. Investments are reported at fair value.

In governmental funds, expenditures are recognized when they are paid or are expected to be paid with current available resources. In governmental activities, expense is recognized based on actuarially required contributions. The net pension obligation (asset), the cumulative difference between annual pension cost and the City's contributions to the plans since 1986, is calculated on an actuarial basis consistent with the requirements of Government Accounting Standards Board Statement No. 27. The pension obligation (asset) is recorded as a noncurrent liability (asset) in the government-wide financial statements.

Plan Changes

The valuation reflects plan improvements in both vesting and retirement eligibility for non-bargaining employees of the Board of Education and members of HSSSA. In addition, employee contribution rates increased for certain groups.

There were no investments in, loans to or leases with any City MERF official, City of Hartford official, party related to a City MERF official or City of Hartford official, or organization included in the City of Hartford reporting entity.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Funding Policy

Sworn police officers hired before July 1, 1999 and firefighters are required to contribute 8% of pay. Sworn police officers hired after June 30, 1999 are required to contribute 6.5% of pay. Non-sworn police employees are required to contribute 4% of social security-taxed wages and 7% above the social security-taxed level. Board of Education and General Government employees contribute between 3% and 10.14% of social security-taxed wages and between 6% and 13.14% of wages above the social security-taxed level, depending on their union or non-union grouping. The City is required to contribute the remaining amounts necessary to finance the coverage for its employees. Benefits and contributions are established by the City and may be amended only by the City Council through union negotiation.

Annual Pension Cost and Net Pension Obligations

The City's annual pension cost and net pension obligation to the City MERF for the current year was as follows:

| Annual required contribution, July 1, 2008 valuation | \$ 9,602 |
|--|-------------|
| Interest on net pension obligation | 446 |
| Adjustment to annual required contribution | (558) |
| Annual pension cost | 9,490 |
| Contributions made | 10,840 |
| Decrease in net pension obligation | (1,350) |
| Net pension obligation, beginning of year | 5,586 |
| Net pension obligation, end of year | \$ 4,236 |

The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal and contractual funding limitations.

The annual required contribution for the current year was determined as part of the MERF actuarial valuation dated July 1, 2009. The actuarial method and assumptions used in the July 1, 2009 valuation are presented below:

Valuation date 7/1/09

Actuarial Method Aggregate Actuarial Cost Method

Amortization Method Level Dollar Amount

Remaining Amortization Method 17.84 years – open period

Asset Valuation Method Four-year smoothed market value

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Actuarial assumptions:

Investment rate of return 8.00%

Projected salary increases Projected salary which vary by age and group

Inflation Rate 3.00%

Cost of Living Adjustments None

Trend Information

| Fiscal | Annual | | Percentage | Net |
|----------|------------|--------------|-------------|------------|
| Year | Pension | Actual | of APC | Pension |
| Ended | Cost (APC) | Contribution | Contributed | Obligation |
| | | | | |
| 06/30/08 | \$13,159 | \$16,584 | 126% | \$6,747 |
| 06/30/09 | \$11,668 | \$12,829 | 110% | \$5,586 |
| 06/30/10 | \$ 9,490 | \$10,840 | 114% | \$4,236 |

The aggregate actuarial cost method that is used for calculating the annual required contribution does not separately identify unfunded actuarial accrued liabilities. Rather, it effectively amortizes them over the average remaining life of active plan members, as part of normal cost. The aggregate actuarial cost method (first adopted for the 1969 valuation) is used for determining the funding requirements for the City MERF.

The Schedule of Funding Progress represented below, including the funded status, has been developed using the Entry Age Actuarial Cost method, and the information presented is intended to approximate the funded status and funding progress of the plan.

SCHEDULE OF FUNDING PROGRESS

Historical Trend Information – The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multi-year trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

RAF/PBF/FRF Plan

Plan Description

As discussed above, the City pays retirement and survivor benefits to pensioners under an unfunded program basis which covered City employees hired before the current City MERF went into effect on May 1, 1947. These programs are combined into one pension trust fund for reporting in the City's financial statements. Individual stand-alone financial statements are not issued. The unfunded liability for this Plan is decreasing rapidly and has no remaining active members.

There are 151 (not rounded) retirees covered by this plan as of the actuarial valuation dated July 1, 2009.

Summary of Significant Accounting Policies and Plan Asset Matters

The annual required contribution (ARC) and the annual pension cost represent the actual benefits paid during the year. The annual required contribution is based upon actuarial calculations. The Plan was closed to new members on May 1, 1947 and there are no remaining active members. The unfunded liability for this Plan is rapidly decreasing. The City has determined that the Plan did not have a net pension obligation (NPO) as calculated in accordance with the transition requirements of GASB Statement No. 27. All contributions since the transition have been made in accordance with the actuarial required contribution and are based upon actuarially sound funding methodology.

Funding Policy

Funds are budgeted in the General Fund to cover pension benefits paid each year. Annual contributions are equal to the annual benefit payments. Retired policemen contribute 1% of pension payments. Benefits and contributions were established by City Charter and are not subject to amendment.

Annual Pension Cost and Net Pension Obligation

The City's annual pension cost, which is equal to the annual benefit payments, for the current year amounted to \$1.8 million. The Plan did not have a net pension obligation as of June 30, 2010.

The actuarial method and assumptions are presented below:

Actuarial Cost Method Projected Unit Credit

Amortization Method N/A

Remaining Amortization Method Closed – no amortization period

Actuarial assumptions:

Investment rate of return 8.00%
Projected salary increases None
Inflation Rate 3.00%

Cost of Living Adjustments None

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

City of Hartford 415 (m) Fund

Plan Description

This plan currently covers four (4) retirees and no active employees as of June 30, 2010 and is administered by the City. This unfunded plan is an excess benefit plan and was adopted by the Common Council on March 24, 1997. The plan was established to fund that portion of certain retirees' pension benefits that exceed the limits permitted under Section 415 of the Federal Internal Revenue Code (IRC).

Funding Policy

Funds are budgeted in the General Fund to cover pension benefits paid each year. Annual contributions are equal to the annual benefit payments. The Plan was adopted on March 24, 1997 and there are no active members. The unfunded liability for this Plan is rapidly decreasing. Since the effective date for the plan was March 24, 1997, the Plan did not have a net pension obligation (NPO) as calculated in accordance with the transition requirements of GASB Statement No. 27. Benefits and contributions were established by City Charter and are not subject to amendment.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Annual Pension Cost and Net Pension Obligation.

The City's annual pension cost, which is equal to the annual benefit payments, for the current year amounted to \$50. The Plan does not have a net pension obligation. The City's annual pension cost is equal to the actual contribution made (annual benefit payments).

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

State MERF-B

Members of City AFSCME Local 1716 and members of Local 566, which consisted of 524 members on June 30, 2010, participate in the Municipal Employees' Retirement Fund (MERF), a cost-sharing multiple-employer public employee retirement system (PERS) established by the State of Connecticut and administered by the State Retirement Commission to provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to the employees and beneficiaries of participating municipalities. Chapter 113 Part II of the General Statutes of Connecticut, which can be amended by legislative action, establishes PERS benefits, member contribution rates, and other plan provisions. MERF is considered to be a part of the State of Connecticut financial reporting entity and is included in the State's financial reports as a pension trust fund. Those reports may be obtained by writing to the State of Connecticut, Office of the State Comptroller, 55 Elm Street, Hartford, Connecticut 06106 or by calling 860-702-3480.

Funding Policy - Plan members are required by State Statute to contribute 2-1/4% of earnings upon which Social Security tax is paid plus 5% of earnings on which no Social Security tax is paid. Each participating municipality is required to contribute at an actuarially determined rate. The contribution requirements of the City are established and may be amended by the State Retirement Commission. Total contributions to MERF for the years ended June 30, 2010, 2009 and 2008 were \$2.9 million, \$2.9 million and \$3.1 million, respectively, equal to the City's required contributions for each year.

Teachers' Retirement System

All City of Hartford certified teachers participate in the State of Connecticut Teachers' Retirement System, a cost-sharing multiple-employer public employee retirement system (PERS), established under Section 10.183 of the General Statutes of the State of Connecticut. A teacher is eligible to receive a normal retirement benefit if he or she has: (1) attained age sixty and has accumulated twenty years of credited service in the public schools of Connecticut, or (2) attained any age and has accumulated thirty-five years of credited service, at least twenty-five years of which are service in the public schools of Connecticut.

The Board of Education withholds 7.25% of all teachers' annual salaries, \$9.7 million in fiscal year 2010, and transmits the funds to the State Teachers' Retirement Board.

The retirement system for teachers is funded by the State based upon the recommendation of the Teachers' Retirement Board. Such contribution includes amortization of actuarially computed unfunded liability. The City does not have any liability for teacher pensions. For the year ended June 30, 2010 the City has recorded, in the General Fund, intergovernmental revenue and education expenditures in the amount of \$20.8 million as payments made by the State of Connecticut on-behalf of the City.

The State of Connecticut Teacher Retirement System is considered to be a part of the State of Connecticut financial reporting entity and is included in the State's financial reports as a pension trust fund. Those reports may be obtained by writing to the State of Connecticut, Office of the State Comptroller, 55 Elm Street, Hartford, Connecticut 06106.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Pension Trust Funds

The City maintains two pension trust funds (Municipal Employees' Retirement Fund and the RAF/PBF/FRF) to account for its fiduciary responsibility. The following schedules present the net assets held in trust for pension benefits at June 30, 2010 and the changes in net assets for the year then ended.

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2010 (In Thousands)

Note 15. Pronouncements Issued, Not Yet Effective

The Governmental Accounting Standards Board (GASB) has issued several pronouncements prior to June 30, 2010 that have effective dates that may impact future financial presentations. Management is currently assessing the impact, if any, that the adoption of these standards will have on future financial statements of the City.

Statement No. 54 Fund Balance Reporting and Governmental Fund Type Definitions

This Statement will be implemented by the City as required by the GASB during the fiscal year ending June 30, 2011. This Statement establishes accounting and financial reporting standards for all governments that report governmental funds. This Statement establishes the criteria for classifying fund balances into specifically defined classifications and clarifies definitions for governmental fund types. The implementation of this Statement will result in changes to the classification of fund balances in the City's governmental funds.

Statement No. 57 OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans

The provisions of Statement No. 57 related to the use and reporting of the alternative measurement method are effective immediately. The provisions related to the frequency and timing of measurements are effective for actuarial valuations first used to report funded status information in OPEB plan financial statements for periods beginning after June 15, 2011.

Statement No. 59 Financial Instrument Omnibus

The objective of Statement No. 59 is to update and improve existing standards regarding financial reporting and disclosure requirements of certain financial instruments and external investment pools for which significant issues have been identified in practice. The provisions of this Statement are effective for financial statements for periods beginning after June 15, 2010.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special Revenue Funds are established in the City pursuant to State Statutes and local ordinance or resolution. Special revenue funds are a governmental fund type used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditure for specified purposes.

| Fund | Funding Source | Function | | | | | |
|---------------------------|------------------------------------|----------------------------|--|--|--|--|--|
| Section 8 | Federal grants | Housing assistance | | | | | |
| Miscellaneous Grants | State, federal, other grants | Various programs | | | | | |
| Food Services Program | State and federal grants, and sale | School lunch and breakfast | | | | | |
| | of food | programs | | | | | |
| Health Grants | State and federal grants | Health and human services | | | | | |
| Hartford Public Library | City, grants & contributions | Public library system | | | | | |
| Community Development | Federal block grants | Housing and development | | | | | |
| Housing Grants | Federal grants | Housing and energy | | | | | |
| Special Activities | Contributions and fees | Student and public safety | | | | | |
| Home Program | Federal grants | Affordable housing | | | | | |
| Capital Leases | Capital lease obligations | Vehicle and equipment | | | | | |
| Parks & Recreation Trusts | Donations & trust income | Park and recreation | | | | | |
| Education Trusts | Donations & trust income | Education and scholarships | | | | | |

Capital Projects Funds

Capital Projects Funds are used to account for financial resource to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds or trust funds). The City's two nonmajor capital projects funds include the Redevelopment Fund and HUD Special Projects Fund. The Redevelopment Fund accounts for the acquisition and improvement of properties for future development. The HUD Special Projects Fund accounts for special project funding used for urban development.

Permanent Funds

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes as defined by the grantor. The City's permanent trust funds include funds for public safety, parks and recreation, human services, and education.

CAPITAL IMPROVEMENT FUND

The Capital Improvement Fund accounts for the purchase, construction or renovation of major capital assets. These activities are funded primarily from general obligation bonds and intergovernmental revenues.

INTERNAL SERVICE FUNDS

Internal service funds are used to report any activity that provides goods or services to other funds, departments, or agencies of the City, or to other governments, on a cost-reimbursement basis.

The City maintains nine (9) internal service funds to account for the risk management program for employee benefits including retirees, municipal actives, BOE actives, new hires, and VEBA, workers' compensation, and general liability, including property damage.

An internal service fund is also maintained for the Metro Hartford Information Services Fund (MHIS). The accounting and reporting for the centralized computer services, including communication systems, is maintained through this internal service fund.

AGENCY FUNDS

Agency funds are used to report resources held by the City in a purely custodial capacity (assets equal liabilities).

The City reports student activities, including class events and various other functions of the Hartford Public School System, within the School Agency Funds.

STATISTICAL SECTION INFORMATION

The objectives of statistical section information are to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to financial statements, and required supplementary information to understand and assess economic condition.

Statistical section information is presented in the following categories:

- Financial trends information is intended to assist users in understanding and assessing how financial position has changed over time.
- Revenue capacity information is intended to assist users in understanding and assessing the
 factors affecting the ability to generate own-source revenues (property taxes, charges for services,
 etc.).
- Debt capacity information is intended to assist users in understanding and assessing debt burden and the ability to issue additional debt.
- Demographic and economic information is intended (1) to assist users in understanding the socioeconomic environment and (2) to provide information that facilitates comparisons of financial statement information over time and among governments.
- Operating information is intended to provide contextual information about operations and resources to assist readers in using financial statement information to understand and assess economic condition.

The accompanying tables are presented in the above order. Refer to the Table of Contents for applicable page number locations.

Sources: Unless otherwise noted, the information in the tables is derived from the comprehensive annual financial reports for the relevant year.

^{*} Prior to 2005, the parking facilities charges for services are classified with the City's other enterprise fund charges for services.

After 2004, the City's parking facilities enterprise fund is the only business-type activities function generating charges for services.

Notes

- (1) Schedule prepared on the accrual basis of accounting.
- (2) The City began to report accrual information when it implemented GASB Statement No. 34 in fiscal year 2002.
- (3) The City began the cost allocation of benefits, insurance and other indirect expenses within its governmental functions in 2006.

Notes:

⁽¹⁾ Details regarding the City's outstanding debt can be found in the notes to the financial statements.

⁽²⁾ MDC - Metropolitan District Commission.

⁽³⁾ Metropolitan District's overlapping debt is the net direct debt, primarily sewer infrastructure, supported by the MDC's member municipalities taxing authority Each member municipality's share of the MDC's overlapping debt is based on its percentage share of the overall annual town tax levy.
