## CITY OF HARTFORD

DEPARTMENT OF FINANCE  
550 Main Street – Suite 303  
Hartford, Connecticut 06103  
P: (860) 757-9600  
F: (860) 722-6571  
[www.hartford.gov](http://www.hartford.gov)

**LEIGH ANN RALLS**  
Acting Director of Finance

January 23, 2015

The Honorable Mayor Pedro E. Segarra,  
and Court of Common Council  
City of Hartford, Connecticut

Dear Mayor and Members of the Council:

In accordance with Chapter VIII, Section Five of our Charter, I am pleased to submit the Comprehensive Annual Financial Report (CAFR) of the City of Hartford (City) for the fiscal year ended June 30, 2014. This report was prepared in its entirety by the Department of Finance and we take full responsibility for the accuracy of the data and the completeness and fairness of the presentation of the financial statements, supporting schedules, and statistical tables.

The CAFR is designed to be in conformance with generally accepted accounting principles (GAAP) for governmental units as well as the standards of financial reporting promulgated by the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants (AICPA) and the laws of the State of Connecticut. We believe this report presents fairly the financial position of the City and the results of its operations. The report is consistent with full disclosure so that the reader may gain the maximum understanding of the City's financial affairs.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the Management Discussion & Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

The City is required to undergo an annual single audit in conformity with the provisions of the Federal Single Audit Act and U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations". Information related to this single audit, including the schedule of expenditures of federal awards, findings, recommendations and auditors' reports on the internal control over financial reporting and compliance with applicable laws and regulations are issued under separate cover and are not included in this report. The City is also required to undergo a state single audit. Information and reporting related to the state single audit is also issued under separate cover.

### **PROFILE OF THE CITY**

The City of Hartford (City) was founded by Thomas Hooker and his followers in 1635 and was incorporated in 1784. It is the Capital of the State of Connecticut and the core of a metropolitan area with a population of over one million people. Hartford has an estimated 125,017 residents in an 18.4 square mile area. The City lies on the west bank of the Connecticut River, midway between New York and Boston.

The Mayor is the Chief Executive Officer. The Court of Common Council (Council) is comprised of nine members who are elected at large for four-year terms in odd numbered years on a partisan basis; the Mayor, who is elected directly for a four-year term, acts upon ordinances and resolutions adopted by Council by approving, disapproving or taking no action. The Board of Education (BOE) is composed of nine members; five appointed by the Mayor and

four elected by the voters, all for four year terms. The BOE operates independently of the Council, although the overall operating budget for the Hartford school system must be approved as to its total by the Council as part of the annual City budget. The City Treasurer is independently elected and serves without vote as the Secretary of the Pension Commission. The Chief Operating Officer (principal administrative aide of the Mayor), Corporation Counsel, City Clerk, department heads and members of all boards, commissions, agencies and authorities are appointed by the Mayor subject to Council confirmation with the exception of the Pension Commission.

The City provides a broad range of services including public safety, street and road maintenance, flood control, solid waste collection, health, social services, parks and recreation, education, planning, development, zoning and general administrative services.

### **Economic Condition and Outlook**

The City's Department of Development Services (DDS), encompassing the divisions of Planning, Housing and Property Management; Economic Development; Licenses & Inspections; and Marketing, Events & Cultural Affairs (MECA), continues to make a significant impact on major economic initiatives throughout the City. Divisions operate under a single department for the purpose of enhancing quality of life in our neighborhoods and community. DDS achieves this by focusing resources on redeveloping high quality public spaces, ensuring building and occupant safety, increasing homeownership, supporting a strong business climate, maximizing job retention efforts, enhancing technical capacity of small business owners, and providing residents and visitors with enjoyable entertainment opportunities through public arts and events. DDS is positioned as the single point of contact for commercial and residential development projects. The DDS service portfolio also consists of outreach and messaging, with the goal of promoting and supporting Hartford's natural, technological, cultural and human assets.

Evidence of the economic development activity and the revitalization of the City is clearly visible by the ongoing changes in Hartford's skyline and numerous neighborhoods as it continues to be the largest employment center in the State with more than 112,000 people working in the City daily. In addition to Hartford being a regional center for logistics and distribution companies, two Fortune One Hundred companies are headquartered in Hartford, taking advantage of the City's strategic location and highly productive workforce. The City is well positioned to support a wide range of economic development and housing initiatives.

Some of the areas of special note involving economic development, housing, citywide, and neighborhood initiatives include:

### **Economic Development**

- **Downtown North** – Over the past 24 months the city has developed a master plan for the redevelopment of the area between I-84 and the Clay Arsenal Neighborhood. This plan calls for the development of a mixed use neighborhood. During the planning process, the city was approached by the owners of the New Britain Double A ball team requesting the city to partner on the development of a new home for the team. With the completion of the plan and preliminary agreements with the team, the city sought proposals for the development of a 9,000 person capacity ballpark and the mixed use neighborhood. The city council has approved terms to a development deal which would result in the construction of the ballpark, approximately 1,000 market rate housing units, 200,000 square feet of retail space and approximately 50,000 square foot microbrewery. It is anticipated that construction of the ballpark will begin early 2015 with construction of the first 250 residential units and 90,000 square feet of retail space in the summer of 2015.
- **Front Street** — The HB Nitkin Group was selected by CCEDA, the predecessor agency to CRDA, as the developer for this project, which includes 60,000 square feet of retail, restaurant and entertainment space and a 286 space garage in its first phase. Several high profile tenants, including The Capital Grille, Ted's Montana Grille, Nix's Seafood, and Infinity Music Hall, Spotlight Theater and Front Street Bistro have opened. In the Fall of 2015, 115 market rate residential units will be completed with approximately 5,000 square feet of new commercial space.
- **UConn Downtown Relocation** – The University of Connecticut has decided to locate a variety of programs in Downtown Hartford. This campus development will center around the former Hartford Times Building located on the corner of Prospect and Arch Streets. The new facility will be the base for over 2,000 students and faculty. Construction is anticipated to start in the Summer/Fall of 2015 and the University is expected to occupy the space sometime in 2017. Prior to completion of the facilities, the University is looking for space to begin the transition of classes to Hartford and is hoping that some classes may begin in the Fall of 2015.

- **TIGER/Intermodal Triangle** The goal of this project is to strengthen the Capital Region's economic and employment core by improving downtown intermodal connections within the Union Station-to-Main Street triangle through creating transit hubs, complete green streets, and the innovative iQuilt pedestrian network. As part of the City's TIGER Intermodal Triangle project, the following initiatives will be undertaken:
  - Narrowing of Ford, Jewell, Wells to create a promenade along Bushnell Park North
  - Improvements to Union Station and Union Place to accommodate increased transit.
  - Streetscape improvements along Asylum and Pearl Streets.
  - Plaza improvements around State House Square.

A groundbreaking was held on June 27, 2014. Construction of the Intermodal Triangle is underway.

- **Downtown Revitalization Plan-** DDS has contracted with the University of Hartford to complete a revitalization plan for the downtown that will consist of a highly illustrative vision for the future of the downtown. Project initiation and public outreach is scheduled to begin in January 2015.

## HOUSING

The City of Hartford is committed to creating a livable and sustainable capital city and has experienced tremendous progress in the last two decades in the area of residential development. More recently, under the direction of Mayor Pedro Segarra, the City has adopted and actively pursued three major housing objectives — reconstructing or renovating antiquated public housing; residential development in the City's downtown; and increased mixed-income homeownership and rental opportunities.

A housing strategy has been initiated with both public and private partners that will grow the city's tax base, lead to increased economic activity, and encourage residential development that supports a variety of income, age, and ethnic demographics. The City, led by DDS, is working on a City-wide Housing plan that will result in empirical data-driven residential development 3-10 years out.

## CITYWIDE

- **Zone Hartford** - This project consists of a rewrite of the zoning regulations to create more user friendly regulations and to facilitate the type of development that will enhance the quality of life of our neighborhoods. Although the use of land will still play a significant role in zoning, more significance will be placed on building form and scale. Through this transition in zoning, we hope to influence the creation of walkable mixed use neighborhoods with highly functional nodes of economic activity. Zone Hartford is well underway. A Diagnostic phase analyzing existing conditions in the neighborhoods is 95% complete. A public outreach strategy has been employed for this project that consist of a series of public meetings with the neighborhoods, the formation of a zoning advisory group with community stakeholders and the engagement of a partnership with the Planning and Zoning Commission.

## NEIGHBORHOOD

- **Blue Hills Master Plan** – The DDS is partnering with the Blue Hills neighborhood to develop a master plan that will communicate the vision of the neighborhood with a focus centered around housing (homeownership), education and recreation. As part of this master plan DDS will also assist the neighborhood with determining the feasibility of retail in targeted areas of the neighborhood.
- **Dillon Stadium in CSS/CON** – The Council has appropriated \$12 million for improvements to be made at the existing Dillon Stadium site. The city selected a firm to work with North American Soccer League for the purpose of establishing a Hartford franchise. Preliminary plans will redevelop the facility into a 9,000 seat premier sports stadium. Plans call to activate the site year-round with entertainment and community venues. The City is working closely with the Sheldon-Charter Oak neighborhood associations to ensure any impacts caused by the stadium's redevelopment will be resolved. The inaugural season of competition is intended to begin in the spring of 2016.
- **Coltville** – In July 2010, Colt Gateway LLC took over site control as developer. All 50 completed residential lofts are leased. In addition, the campus is home to two CREC Regional Magnet Schools and Insurity, a software company. In the summer of 2012, Insurity extended the term of its lease at this facility by another seven years. Environmental remediation of the courtyard is scheduled and a new streetscape is

being funded with federal dollars, City funds and State of Connecticut Department of Transportation assistance. The National Trust Community Investment Corporation provided a portion of its New Market Tax Credit ("NMTC") allocation to Chevron TCI, the historic tax credit investor, resulting in a combined \$23 million historic NMTC investment. The City also committed \$5 million in funding to assist with the ongoing renovation of 79 apartments within this complex. Coltsville itself was just designated a National Historic Park by Congress.

- **Swift Factory in the Northeast** — Revitalization of the former Swift Factory gold leafing complex in the Northeast neighborhood is underway. The property consists of a 65,000 square foot manufacturing factory, two houses and vacant land. The project will offer affordable workspaces for occupancy by small manufacturing enterprises that will employ Northeast residents, and an urban farm employing and teaching local adults and youth farming skills. This development is one of the major projects listed in the regional Comprehensive Economic Development Strategy (CEDs).
- **Albany Avenue Streetscape and Safety Improvement Project in Upper Albany** -This consist of a 1.1 mile arterial street project involving one of the city's primary commercial thoroughfares. The project consists of roadway safety improvements, streetscape and pedestrian amenities including sidewalk repairs, curb bump-outs, cross-walks, and traffic signal equipment from Westbourne Parkway to Bedford Street. This project is in the design phase. Construction on this project is anticipated in the Fall of 2016.

## REDEVELOPMENT

**North Meadows IBD Project Area (Block VI)** - Block VI in the North Meadows Industrial Business District (IBD) Project Area is comprised of approximately six acres of unimproved land on Leibert Road. Pride Companies, a leading independent retail store chain in Western Massachusetts, has submitted a proposal to the City to develop the Property into a Travel Center for both local and highway motorists. The development would consist of fueling stations and an approximately 12,000 square foot building. Pride is currently completing its due diligence of the site in advance of the City seeking approval for the disposition of the property.

### **Livable and Sustainable Neighborhoods Initiative**

The Mayor's Livable and Sustainable Neighborhoods Initiative (LSNI) is an interdepartmental effort to improve Hartford's neighborhoods by enforcing the Anti-Blight Ordinance, implementing community development projects, coordinating capital improvements, and engaging neighborhood stakeholders. Among the numerous projects and activities are the Hartford Restoration Project which is a housing program providing financial assistance in the form of deferred loans for to moderate income property owners, Rebuilding Together Day, a partnership to assist the City's senior citizens and veterans with free home repairs, Community Clean-Up Days where the City partners with community organizations and volunteers in cleaning the neighborhoods of litter, overgrown vegetation and other forms of blight conditions. LSNI sponsors these clean-up day events that are community-based with the goals of (1) cleaning our environment (2) raising community awareness (3) inspiring and empowering our citizenry to conserve our environment.)In collaboration with Keep America Beautiful (KAB) the City has implemented an Education & Prevention pilot program to incorporate litter prevention & solid waste management curriculum into Hartford Public Schools.

## LONG TERM FINANCIAL PLANNING

The City's long-term financial planning is carried out along six primary dimensions: Capital Planning, Debt Planning, Vehicle & Heavy Equipment Replacement, General Fund, Pension Planning and Internal Service Funds.

Capital planning and debt planning are by nature closely tied together with future capital needs and ongoing construction providing the input for the debt planning process. Large public works projects are identified and tracked using a five-year Capital Improvement Plan. Projects are selected and reviewed by a capital planning committee led by the Planning Director and comprised of department heads and their designees. The capital plan and projects undergo the annual budget review process and approval of both the Mayor and the Court of Common Council. Once approved the Capital Improvement Program is tracked and monitored by the DPW's Capital Project Director, and a quarterly report is prepared and submitted to the Mayor and Council.

Along with the selection of capital projects, sources of funding are identified; state and federal grants as well as bonding or City contributions. Based upon the cumulative cash flow projections of the approved capital plan, bond issuance is planned and debt service requirements quantified.

In addition to a 10-year capital and debt service plan, a ten-year vehicle and equipment replacement plan is formulated and reviewed annually. The requested items are reviewed and approved by committee and the appropriate funding sources are identified: City contributions, capital leases or bonding.

These discrete planning cycles provide inputs to the General Fund long-term planning process. General Fund revenues and expenditures are forecast over five years by both function and category. The long-term planning process is driven by the City's core strategy to increase long-term economic growth, to promote education, safety and health, and to nurture the City's cultural vitality through the implementation of the Mayor's goals and objectives. In addition, the City continually strives to secure a stronger bond rating through strong fiscal administration and the maintenance of an adequate fund balance. The City is working closely with financial advisors on a plan to improve its bond rating over the near-term and long-term horizons and has contracted with an outside actuarial firm to assist in pension planning.

## **RELEVANT FINANCIAL POLICIES**

The Department of Finance is organized into four divisions: Administration, Accounting and Control, Revenue (tax assessment, tax collection and revenue control) and Risk Management. The department's major responsibilities include general accounting and financial reporting, accounts payable, risk management (other than employee benefits), property assessment, tax collection, debt administration, revenue management, payroll and revenue budget preparation in conjunction with the Mayor's Office. The Director of Finance is the chief financial officer of the City and is an appointee of the Mayor, subject to confirmation by the Council.

### **Internal Controls**

All financial transactions are subject to pre-audit before processing as well as to an annual audit by an independent auditing firm selected by the Council. The independent auditor and staff from the department's Accounting and Control Division monitor financial policies and procedures prescribed by the Director of Finance for various departments. Within this framework, we believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording and reporting of financial activity.

### **Budgetary Control**

Centralized budgetary control of disbursements and encumbrances against appropriations is maintained by department, by major program or activity and by principal object of expenditure. The Hartford Board of Education (BOE) budget is controlled only as to its total appropriation. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Council.

### **Cash Management**

During the fiscal year, idle cash was invested in legally permitted investments on a short-term basis. Connecticut Statutes restrict the investment of municipal funds to direct and indirect securities of the United States Government and certificates of deposit issued by commercial banks located within the State. Bank CD's are a component of the City's short-term investment portfolio. However, money market fund investments in a portfolio of U.S. Treasury securities, and the Short Term Investment Fund (STIF) operated by the Office of the State Treasurer comprise the major share of the City's short-term investments.

### **Risk Management**

The City has established a risk management program to account for and finance risk of loss for employee benefits, workers' compensation, and general liability, including property damage. Commercial insurance is purchased for claims in excess of amounts determined to be self-insured under the program. Internal service funds are maintained for each of the three risk management programs and funding is received from the participating funds and functions of the City. Settlement claims have not exceeded either the self-insured retention or the commercial coverage in any of the past three fiscal years.

## AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the Certificate of Achievement for Excellence in Financial Reporting to the City for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2013. In order to be awarded a Certificate of Achievement, the government had to publish an easily readable and efficiently organized CAFR that satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efforts of the entire staff of the Finance Department. I would like to express my appreciation to all the members of the Finance Department, especially Rajpaul Singh, Acting Controller, as well as the Accounting and Control Division personnel who assisted and contributed to the preparation of this report. I would also like to acknowledge the efforts of the Office of Management & Budget, Office of the City Treasurer, Department of Development Services, Hartford Public Schools, Hartford Public Library, and the Hartford Parking Authority.

Finally, thanks are extended to the City's independent auditors, McGladrey LLP, for their efforts and counsel during the audit and CAFR preparation process.

Respectfully submitted,

## Independent Auditor's Report

The Honorable Mayor and Members of the  
Court of Common Council  
City of Hartford, Connecticut

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Hartford, Connecticut (the City) as of and for the fiscal year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Hartford, Connecticut as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management discussion and analysis on pages 3-10, the budgetary comparison information on pages 69-73, the schedules of funding progress and employee contributions on pages 74-76, the schedule of changes in the City's net pension liability and related ratios on page 77 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary and Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Hartford Connecticut's basic financial statements. The introductory section, the individual and combining fund financial statements and other schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and other schedules are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and other schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

## **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated January 23, 2015, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

New Haven, Connecticut

**City of Hartford, Connecticut  
Management's Discussion and Analysis - Unaudited  
June 30, 2014**

This discussion and analysis of the City of Hartford, Connecticut's (City) financial performance is provided by management to provide an overview of the City's financial activities for the fiscal year ended June 30, 2014. Please read this MD&A in conjunction with the transmittal letter beginning on page i and the City's financial statements, Exhibits I to IX.

**Financial Highlights**

- The City's total net position decreased \$39.0 million as a result of this year's operations. The net position of our governmental activities decreased by \$30.9 million, or nearly 2.8%. The net position of our business-type activities decreased by \$8.2 million.
- The City received \$18.6 million in capital grants and contributions related to school building construction grants from the State in support of the City's school renovation and construction projects, and for various public works projects.
- The total cost of the City's programs for the year was \$902.5 million with no new programs added.
- The General Fund reported a fund balance this year of \$16.9 million including an assignment of \$3.9 million.
- The revenues available for appropriation and other financing sources were \$2.6 million more than budgeted for the General Fund and expenditures and other financing sources were \$3.9 million less than budgeted amount of \$551.4 million. The unassigned balance of \$13.0 million decreased \$14.5 million, which represents in part a planned use of fund balance of \$9.4 million.
- Major items that contributed to the revenue surplus are: increased amount received from intergovernmental revenues, which were a favorable variance of \$5.8 million. This is partially offset by an unfavorable variance in tax revenue of \$.7 million and an unfavorable variance of \$2.6 million in premiums from bond sales.
- Major items that contributed to the expenditure surplus of \$3.9 million are favorable surpluses in benefits and insurance of \$1.3 million, debt service of \$0.6 million, and health and human services of \$0.5 million.

**Overview of the Financial Statements**

This annual report consists of a series of financial statements. The statement of net position and the statement of activities (Exhibits I and II, respectively) provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements are presented in Exhibits III to IX. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. The remaining statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside of the government.

***Government-Wide Financial Statements***

The analysis of the City as a whole begins on Exhibits I and II. The statement of net position and the statement of activities report information about the City as a whole and about its activities for the current period. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes in them. The City's net position, the difference between assets and liabilities, is one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. The reader needs to consider other non-financial factors, however, such as changes in the City's property tax base and the condition of the City's capital assets, to assess the overall health of the City.

In the statement of net position and the statement of activities, we divide the City into three types of activities:

- *Governmental activities* - Most of the City's basic services are reported here, including education, public safety, public works, development and community affairs, human services, recreation and culture, and general administration. Property taxes, charges for services, and state and federal grants finance most of these activities.
- *Business - type activities* - The City charges a fee to customers to help it cover all or most of the cost of certain services it provides. The City's Hartford Parking Facilities Fund is reported here.
- *Component units* - The City includes a separate legal entity in its report; the Hartford Parking Authority. Although legally separate, this "component unit" is reported because the City is financially accountable for them.

### ***Fund Financial Statements***

The fund financial statements begin with Exhibit III and provide detailed information about the most significant funds - not the City as a whole. Some funds are required to be established by Charter. However, the City Council establishes many other funds to help control and manage financial activities for particular purposes (like the Capital Improvement Fund) or to show that it is meeting legal responsibilities for using grants, and other money (like grants received from the Educational Grants, Health Grants and Miscellaneous Grants Funds). The City's funds are divided into three categories; governmental, proprietary and fiduciary.

- *Governmental funds (Exhibits III and IV)* - Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The relationship (or differences) between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds is described in a reconciliation at the bottom of the fund financial statements.
- *Proprietary funds (Exhibits V, VI, and VII)* - When the City charges customers for the services it provides, whether to outside customers or to other units of the City, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the statement of net position and the statement of activities. In fact the City's enterprise funds (a component of proprietary funds) are the same as the business-type activities reported in the government-wide statements, but provide more detail and additional information, such as cash flows, for proprietary funds. Internal service funds (the other component of proprietary funds) are used to report activities that provide supplies and services for the City's other programs and activities - such as the City's Self-Insurance Internal Service Funds and the City's Metro Hartford Information Services Fund.
- *Fiduciary funds (Exhibits VIII and IX)* - The City is the trustee, or fiduciary, for its employees' pension plans. It is also responsible for other assets that, because of a trust arrangement, can be used only for the trust beneficiaries. All of the City's fiduciary activities are reported in separate

statements of fiduciary net position and changes in fiduciary net position. These activities are excluded from the City's other financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

## Government-Wide Financial Analysis

The City's combined net position decreased from a year ago by \$39.0 million. The analysis below focuses on the net position (Table 1) and changes in net position (Table 2) of the City's governmental and business-type activities.

### Summary Schedule of Net Position

	Governmental Activities		Business-Type Activities		Total Government	
	2014	2013	2014	2013	2014	2013
Current and other assets	\$ 488,418	\$ 559,469	\$ 1,232	\$ 1,803	\$ 489,650	\$ 561,272
Capital assets, net of accumulated depreciation	1,427,779	1,400,730	31,497	57,786	1,459,276	1,458,516
<b>Total assets</b>	<b>1,916,197</b>	<b>1,960,199</b>	<b>32,729</b>	<b>59,589</b>	<b>1,948,926</b>	<b>2,019,788</b>
Deferred amounts on refundings	447	-	-	-	447	-
<b>Total deferred outflows of resources</b>	<b>447</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>447</b>	<b>-</b>
Long-term liabilities outstanding	659,478	609,975	3,970	22,311	663,448	632,286
Other liabilities	172,323	234,513	1,207	1,569	173,530	236,082
<b>Total liabilities</b>	<b>831,801</b>	<b>844,488</b>	<b>5,177</b>	<b>23,880</b>	<b>836,978</b>	<b>868,368</b>
Net Position:						
Net investment in capital assets	983,461	1,006,633	26,732	33,910	1,010,193	1,040,543
Restricted	75,720	73,049	-	-	75,720	73,049
Unrestricted	25,662	36,029	820	1,799	26,482	37,828
<b>Total net position</b>	<b>\$ 1,084,843</b>	<b>\$ 1,115,711</b>	<b>\$ 27,552</b>	<b>\$ 35,709</b>	<b>\$ 1,112,395</b>	<b>\$ 1,151,420</b>

The City's government-wide net position of \$1,112.4 million represents a decrease of \$39.0 million over last year's net position of \$1,151.4 million. This decrease was due in no small part to the receipt of only \$18.9 million in capital grants and contributions from the State in support of the City's school renovation and construction capital program and various public works projects. Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements - is \$26.4 million at the end of this year as compared with a \$37.8 million at the end of last year. Government activities unrestricted net position decreased \$10.4 million while the unrestricted net position of the City's business-type activities decreased \$0.98 million in 2014.

<b>Net Position, beginning</b>	<b>1,115,711</b>	<b>1,087,549</b>	<b>35,709</b>	<b>37,023</b>	<b>1,151,420</b>	<b>1,124,572</b>
<b>Net Position, ending</b>	<b>\$ 1,084,843</b>	<b>\$ 1,115,711</b>	<b>\$ 27,552</b>	<b>\$ 35,709</b>	<b>\$ 1,112,395</b>	<b>\$ 1,151,420</b>

The City's total revenue in 2014 of \$863.4 million represents a decrease of \$14.1 million over last year. Capital grants and contributions decreased \$47.2 million as capital expenses subject to reimbursement from the State for the school renovation and construction capital program decreased compared with the previous year. This was due to enrollment shortfalls and change in construction type. Operating grants and contributions increased \$16.8 million due to additional grants for various purposes, property taxes increased 10.3 million and charges for services increased \$6.4 million. These favorable variances mitigated 70% of the drop off in capital grants and contributions.

The City's total program expenses of \$902.5 million represent an increase of \$51.7 million over last year. The increase in Public Safety, Public Works and Education is related to the receipt of additional grants.

Our analysis below separately considers the operations of governmental and business-type activities.

## Governmental Activities

Table 3 presents the cost of each of the City's governmental activities five largest programs - general government, public safety, development and community affairs, human services and education - as well as each program's net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the City's taxpayers by each of these functions.

**TABLE 3  
GOVERNMENTAL ACTIVITIES  
(In Thousands)**

	Total Cost of Services		Net Cost of Services	
	2014	2013	2014	2013
General government	\$ 69,912	\$ 72,050	\$ 56,793	\$ 63,051
Public safety	119,995	106,619	93,630	93,110
Development and community affairs	61,626	61,652	8,018	1,125
Human services	29,697	27,561	2,469	12,191
Education	544,398	503,475	155,291	59,601
All other	68,039	75,744	48,285	63,657
<b>Total</b>	<b>\$ 893,667</b>	<b>\$ 847,101</b>	<b>\$ 364,486</b>	<b>\$ 292,735</b>

## Business-Type Activities

Revenues from the Hartford Parking Authority provided to the Hartford Parking Facilities Fund to finance debt service and capital improvement, as well as revenues to the City's General Fund, remained consistent at \$4.0 million. Expenses (including debt service and depreciation) for the City's dedicated parking facilities remained consistent with the prior year. Net transfers to the City's governmental activities increased from \$2.2 million in 2013 to \$5.0 million in 2014 as the Parking Authority's revenues increased due to the sale of a garage.

## CITY FUNDS FINANCIAL ANALYSIS

### Governmental Funds

The City's General Fund reported a fund balance decrease of \$13.5 million during 2014 as compared with an increase of \$0.3 million in 2013. This decrease includes approved drawdowns of \$8.3 million and a supplemental drawdown of \$1.1 million of the fund balance. The General Fund's unassigned fund balance at June 30, 2014, is \$13.0 million representing 2.4 percent of the General Fund's 2014 amended budgetary appropriations. Actual revenues were \$ 2.6 million above the amended budgetary revenue estimate. Expenditures were \$3.9 million below the final budgeted appropriation of \$ 551.4 million. Refer to RSI-1 and RSI-2 for details on other favorable and unfavorable variances in comparison to budgetary estimates.

As the City completed the year, its Capital Improvement Fund reported a fund balance increase of \$13.0 million. The increase is the result of the issuance of bonds and bond anticipation notes of \$66.2 million and intergovernmental revenue of \$18.2 million exceeding the capital outlays on various projects. In addition, the City has outstanding school construction audits of \$ 2.6 million with the State of Connecticut and anticipates future reimbursements to offset additional capital outlays.

The Debt Service Fund had a restricted fund balance as of June 30, 2014, of \$116.1 million which represents a decrease due to scheduled debt service payments. There also is \$102.3 million of restricted cash and investments to pay down the existing restructured debt.

The Education Grant Fund had a decrease in fund balance of \$2.4 million due to an increase in expenditures.

The Community Development Loan and Grant Fund had a decrease in fund balance of \$1.3 million due to the financing of new loans exceeding revenue in fiscal year 2014.

The City's other governmental funds reported a small decrease of \$0.4 million in fund balance for the year.

**Internal Service Funds**

The net position of the City's self-insurance programs increased \$1.7 million, increasing the total net position of the City's internal service programs from \$21.6 million to a \$23.3 million surplus. This is a result of the City's continued efforts to fund its post-retirement benefits at the actuaries' recommended level as well as a consistent management strategy directed toward the reduction of deficit net position balances in these funds.

**General Fund Budgetary Highlights**

There was a supplemental appropriation for the additional use of fund balance of \$1.1 million, which is reflected in RSI-1.

**Capital Asset and Debt Administration**

**Capital Assets**

At June 30, 2014, the City had \$1.4 billion invested in a broad range of capital assets, including land, buildings, park facilities, vehicles and equipment and infrastructure - Table 4.

Capital asset additions during the year totaled \$73.3 million (Note 6 to the financial statements). Construction in progress additions represent the majority of capital additions recorded by the City other than capital activity related to vehicle and equipment purchases. Refer to current period expenditures reported in Exhibit C for a detail of capital project expenditures by project in the City's Capital Improvement Fund. The majority of active projects as reported in Exhibit C qualify for capitalization under the City's asset capitalization policy.

**TABLE 4  
CAPITAL ASSETS AT YEAR-END (Net of Depreciation)  
(In Millions)**

	<b>Governmental Activities</b>		<b>Business-Type Activities</b>		<b>Total</b>	
	<b>2014</b>	<b>2013</b>	<b>2014</b>	<b>2013</b>	<b>2014</b>	<b>2013</b>
Land	\$ 63.4	\$ 63.5	\$ 8.8	\$ 8.4	\$ 72.1	\$ 72.0
Land improvements	9.8	9.5	-	-	9.8	9.5
Buildings	887.3	899.8	0.2	-	887.5	899.8
Other structures	16.9	17.2	22.2	49.3	39.1	66.6
Furniture and equipment	5.2	2.6	0.3	-	5.5	2.6
Rolling equipment	15.8	13.3	-	-	15.8	13.3
Infrastructure	216.6	218.7	-	-	216.6	218.7
Construction in progress	212.8	176.0	-	-	212.8	176.0
	<b>\$ 1,427.8</b>	<b>\$ 1,400.7</b>	<b>\$ 31.5</b>	<b>\$ 57.8</b>	<b>\$ 1,459.3</b>	<b>\$ 1,458.5</b>

There are 324 active projects in the City's Capital Improvement Fund with appropriations of \$ 1,593.6 million, cumulative active project expenditures of \$1,127.4 million and outstanding encumbrances of \$43.8 million, resulting in an unencumbered balance of \$422.4 million. Total expenditures for all projects during the fiscal year amounted to \$75.3 million. New and supplemental appropriations are reflected in the FY 2015 budget.

More detailed information about the City's capital assets is presented in Note 6 to the financial statements.

### Long-term debt

The City issued \$10.3 million in general obligation bonds and \$56 million in bond anticipation notes during 2014.

At June 30, 2014, the City had \$459.9 million in bonds outstanding versus \$494.8 million last year - a decrease of 7.1% - as shown in Table 5. The City has approximately \$136 million of restricted cash and investments to offset this debt.

**TABLE 5**  
**OUTSTANDING DEBT, AT YEAR-END**  
**(In Millions)**

	<u>Governmental Activities</u>		<u>Business-Type Activities</u>		<u>Total</u>	
	<u>2014</u>	<u>2013</u>	<u>2014</u>	<u>2013</u>	<u>2014</u>	<u>2013</u>
General obligation bonds	\$ 455.1	\$ 469.7	\$ 4.8	\$ 25.1	\$ 459.9	\$ 494.8
Serial notes payable	1.3	1.4	-	-	1.3	1.4
<b>Total</b>	<b>\$ 456.4</b>	<b>\$ 471.1</b>	<b>\$ 4.8</b>	<b>\$ 25.1</b>	<b>\$ 461.2</b>	<b>\$ 496.2</b>

The State limits the amount of general obligation debt that cities can issue based on a formula determined under State Statutes based on type of debt and tax base. The City's outstanding general obligation debt is significantly below this \$2.1 billion state-imposed limit.

Other obligations include accrued vacation pay and sick leave. More detailed information about the City's long-term liabilities is presented in Note 9 to the financial statements.

### Economic Factors and Next Year's Budgets and Rates

Connecticut's unemployment rate was calculated at 6.5% for November 2014 (seasonally adjusted). This is one tenth of a percentage point higher than October 2014 rate, but down a full percentage point from the November 2013 unemployment rate of 7.5%. The unemployment October rate for Hartford, East Hartford and West Hartford was 6.4%.

The CPI rose 0.8 percent in 2014 after a 1.5 percent increase in 2013. This is the second-smallest December-December increase in the last 50 years, trailing only the 0.1 percent increase in 2008. It is considerably lower than the 2.1 percent average annual increase over the last ten years

The 2015-2016 budget process is faced with balancing the short term fiscal realities of maintaining a stable property tax rate in a period of reduced state and federal assistance yet finding the resources to lay the seeds of economic growth that will benefit the City long term. To accomplish this, innovative approaches to the delivery of services and deployment of assets becomes paramount in budget deliberations. Partnerships between the public and private sector to increase the existing tax base are necessary to fuel the type of growth that will provide the revenue necessary to fund the delivery of quality services and educational opportunities for our citizens and stakeholders.

The adopted budget for fiscal year 2014-2015 of \$552 million is an increase of \$13.2 million over the revised 2013-2014 budget due to the slow growth of the City of Hartford's Grand List. In developing the City's 2015-2016 budget, various options are being explored to reduce City expenditures and maximize revenues.

## **Contacting the City's Financial Management**

This financial report is designed to provide citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Department, City of Hartford, 550 Main Street, Hartford, Connecticut 06103, or by telephone (860) 757-9600.

**Reconciliation of Fund Balance to Net Position of Governmental Activities**  
**June 30, 2014**  
(In Thousands)

---

Reconciliation of the Balance Sheet - Governmental Funds to the Statement of Net Position:

Amounts reported for governmental activities in the statement of net position (Exhibit I) are different because of the following:

Fund balances - total governmental funds (Exhibit III)	\$	182,046
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:		
Governmental capital assets	\$	2,133,731
Less accumulated depreciation		<u>(705,952)</u>
Net capital assets		1,427,779
Assets not available to pay for current-period expenditures and, therefore, are recorded as unavailable revenue in the funds:		
Property tax receivables		49,952
Interest receivable on property taxes		17,154
Receivable from the State for school construction projects		7,424
Housing loans		31,380
Other receivables		34,097
Internal service funds are used by management to charge the costs of risk management to individual funds. The assets and liabilities of the internal service funds are reported with governmental activities in the statement of net position.		
		23,268
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds:		
Bonds and notes payable		(511,100)
Interest payable on bonds and notes		(6,535)
Compensated absences		(36,036)
HUD loans		(7,610)
Capital leases		(7,879)
Clean Water Fund serial note		(1,322)
Net OPEB obligation		(72,892)
Net pension obligation		(3,843)
Claims and judgments		(2,600)
Bond premium		(38,887)
Deferred charges on refunding		<u>447</u>
Net Position of Governmental Activities (Exhibit I)	<u>\$</u>	<u>1,084,843</u>

See Notes to Financial Statements.

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances  
Governmental Funds to the Statement of Activities  
For the Year Ended June 30, 2014  
(In Thousands)**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds (Exhibit IV)	\$ (26,063)
Governmental funds report capital outlays as expenditures. In the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:	
Capital outlay	73,293
Loss on disposal	(427)
Depreciation expense	(45,817)
Changes in some revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	
School building grant	(1,785)
Property tax receivable	7,737
Property tax interest and lien revenue	2,732
Housing loans	637
Intergovernmental revenue on school bonds and other	3,870
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are amortized and deferred in the statement of activities.	
Bond and series note principal payments	24,835
Issuance of bonds	(66,250)
Lease proceeds	(4,780)
Accrued interest on bonds - accrual basis change	136
HUD loan principal payments	4,658
CWF serial note	90
Capital lease payments	1,082
Amortization of deferred charge on refunding	(183)
Amortization of bond premium	2,457
Changes in some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	
Compensated absences	(362)
Change in pension and other postemployment benefit liabilities	(8,382)
Internal service funds are used by management to charge costs to individual funds. The net revenue of certain activities of internal services funds is reported with governmental activities	<u>1,654</u>
Change in Net Position of Governmental Activities (Exhibit II)	<u>\$ (30,868)</u>

See Notes to Financial Statements.

## City of Hartford, Connecticut

### Notes to Financial Statements (In Thousands)

---

#### Note 1. Summary of Significant Accounting Policies

The financial statements of the City of Hartford, Connecticut (the City) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant policies of the City are described below.

Reporting Entity: The City of Hartford, Connecticut was incorporated May 29, 1784, and the City consolidated in April, 1896. The City operates under a Mayor-Council form of government and provides a full range of services including public safety, roads, solid waste collection, health, social services, culture and recreation, education, planning, development, zoning and general administrative services.

Accounting principles generally accepted in the United States of America require that the reporting entity include (1) the primary government; (2) organizations for which the primary government is financially accountable; and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The criteria provided in Government Accounting Standards Board Codification 2100 have been considered, as a result, the component unit discussed below is included in the City's reporting entity because of its operational significance or financial relationship with the City.

Discretely Presented Component Unit: Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the City. They are financially accountable to the City, or have relationships with the City such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. For each discretely presented component unit the potential exists for a financial burden or benefit to be imposed on the City as a result of the existence of the component unit. For the discretely presented component units included in the City's financial statements, the City, generally acting through the Mayor, appoints a voting majority of the component units' governing boards.

***The Hartford Parking Authority (the Authority)*** was created pursuant to Chapter 100 of the General Statutes of Connecticut and is governed by five members appointed by the Mayor. The purpose of the Authority is to create, establish, finance, maintain, and operate the City of Hartford's dedicated parking facilities, and regulate the uses and parking rates to be charged at other regulated parking facilities. The Authority is reported as a component unit as the Mayor appoints and the City Council approves its governing board of 5 members.

#### Accounting Standards Adopted in the Current Year:

*GASB Statement No. 65, Items Previously Reported as Assets and Liabilities*, was implemented as July 1, 2013. This statement clarified the appropriate reporting of deferred outflows of resources and deferred inflows of resources to ensure consistency in financial reporting. As a result of the adoption of this standard, deferred amounts on refundings were required to be reclassified to Deferred Outflows of Resources. In addition, amounts previously classified as deferred revenue were reclassified as deferred inflows of resources.

## City of Hartford, Connecticut

### Notes to Financial Statements (In Thousands)

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

*GASB Statement No. 67, Financial Reporting for Pension Plans* an amendment of *GASB Statement No. 25*, issued in June 2012, was effective for the City as of July 1, 2013 as the plans are part of the City's financial statements. This Statement replaces the requirements of *Statements No. 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, and *Statement No. 50, Pension Disclosures*, as they relate to pension plans that are administered through trusts or equivalent arrangements (hereafter jointly referred to as trusts) that meet certain criteria. The implementation of this statement had a material impact on the City's financial statements due to the significant new disclosures.

*GASB Statement No. 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees*, became effective on July 1, 2013. This statement provides guidance to governments that extend and receive nonexchange financial guarantees. The implementation of this statement had no impact on the City's financial statements.

Government-wide and Fund Financial Statements: The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City and its component unit. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the City is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The various fund types included in the financial statements are described below:

Governmental Funds: Governmental Funds are those through which most governmental functions typically are financed.

*General Fund* - the primary operating fund of the City. This fund is used to account for all financial transactions and resources except those required to be accounted for in another fund. Revenues are derived primarily from property taxes, state and federal grants, licenses, permits, charges for service, and interest income.

*Special Revenue Funds* - accounts for specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service of capital projects.

*Debt Service Fund* - accounts for the payment of principal and interest on general long-term debt of the City.

## City of Hartford, Connecticut

### Notes to Financial Statements (In Thousands)

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

*Capital Project Funds* - accounts for all financial resources used for the acquisition or construction of major capital facilities not being financed by proprietary funds.

*Permanent Funds* - used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the City's programs.

Proprietary Funds: Proprietary funds are used to account for activities that are similar to those often found in the private sector. These funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. The following are the City's proprietary funds:

*Enterprise Funds* - account for operations that are financed in a manner similar to private business enterprises, where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The reported enterprise funds of the City accounts for activities of the Hartford Parking Facilities and the Golf Course.

*Internal Service Funds* - account for the financing of goods or services provided by one department to other departments or agencies of the City on a cost-reimbursement basis. The reported internal service funds of the City include self-insured funds for Employee Benefits, Workers' Compensation, and Liability and Property Damage and a fund used to account for the centralized operations of the Metro Hartford Information Services.

Fiduciary Funds: Fiduciary Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, and other governments. Fiduciary funds are not included in the government-wide statements. The fiduciary funds are as follows:

*Pension Trust Funds* - account for the Municipal Employees' Retirement System.

*Agency Funds* - are custodial in nature (assets equal liabilities). Agency Funds apply the accrual basis of accounting but do not involve measurement of results of operation. The School System Student Activity Fund and Adult Education Book Fund are the City's only agency funds.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation: The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements (except for agency funds which have no measurement focus). Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied for. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period (generally 90 days). A 180 day availability period is used for revenue recognition for all construction grants. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, pension obligations, other post-employment obligations, and claims and judgments, are recorded only when payment is due (matured).

## City of Hartford, Connecticut

### Notes to Financial Statements (In Thousands)

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

Property taxes, when levied for, intergovernmental revenues, when eligibility requirements are met, charges for services, and interest associated with the current fiscal period are all considered to be measurable and so have been recognized as revenues of the current fiscal period, if available. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items, primarily licenses and fees, are considered to be available only when cash is received.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund.

The *Capital Improvement Fund* accounts for the proceeds of general obligation bonds and grants for various construction and reconstruction projects.

The *Community Development Loan and Grant Fund* accounts for loan and grant activities associated with the housing and development program.

The *Debt Service Fund* accounts for the payment of principal and interest on general long-term debt of the City.

The *Educational Grants Fund* accounts for State and Federal grants received and expended for educational purposes.

The City reports the following major enterprise fund:

The *Hartford Parking Facilities Fund* accounts for the operations of the City's dedicated parking facilities in conjunction with the Hartford Parking Authority.

Additionally, the City reports the following fund types:

The *Internal Service Funds* account for the risk management program of the City and the centralized operations of the Metro Hartford Information Services.

The *Pension Trust Funds*, fiduciary funds, account for the activities of the Hartford Retirement System, which accumulates resources for pension benefit payments to qualified City employees.

The *Agency Funds*, fiduciary fund, account for monies held as a custodian for outside student groups.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include property taxes.

Proprietary funds are financed and operated in a manner similar to private business enterprises.

## City of Hartford, Connecticut

### Notes to Financial Statements (In Thousands)

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise fund is net revenues from operations of the parking facilities and of the City's internal service funds are charges from participants and premiums from the City. Operating expenses for the enterprise fund include operating expenses, administrative expenses, and depreciation on capital assets. For the internal service funds, expenses represent claims paid. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Accounting Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents: The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Restricted Cash and Investments: Certain assets are classified as restricted because their use is limited. Restricted asset cash and investments are to be used for construction purposes and the repayment of the 2013 Refunded Bonds.

Investments: Investments are stated at fair value, based on quoted market prices, except as disclosed below.

The pension fund allows for investments in certain alternative investments. Alternative investments may include private equity partnerships, hedge and absolute return funds for which there may be no ready market to determine fair value. These investments are valued using the most recent valuation available from the external fund manager that represents the net asset value of these funds. These estimated values do not necessarily represent the amounts that will ultimately be realized upon the disposition of those assets, which may be materially higher or lower than values determined if a ready market for the securities existed.

The Connecticut State Treasurer's Short-Term Investment Fund (STIF) and the State Tax Exempt Proceeds Fund (TEPF) are investment pools managed by the State of Connecticut Office of the State Treasurer. Investments must be made in instruments authorized by Connecticut General Statutes 3-27c through 3-27e. Investment guidelines are adopted by the State Treasurer. Investments in 2a7 like pools are stated at the position in the pool, and are the same as the value of the pool shares, amortized cost.

Due to/from Other Funds: Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

## City of Hartford, Connecticut

### Notes to Financial Statements (In Thousands)

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

Receivables: All trade and property tax receivables, including those for component units, are reported net of an allowance for uncollectibles. The property tax receivable allowance of \$8.2 million is equal to approximately 14.5% of outstanding property taxes at June 30, 2014.

The City's property tax is levied each May on the assessed value listed as of the prior October 1 for all taxable real and personal property located in the City. The lien date is July 1 on the May 1 levy. Assessed values are established by the City Assessor at 70% of fair market value for all properties on the grand list as of October 1 each year. Taxes under \$100 (amount not rounded) are due in one installment July 1; real and personal property taxes of over \$100 (amount not rounded) are due in two installments July 1 and January 1. Motor vehicle taxes in excess of \$100 (amount not rounded) are due in two installments July 1 and January 1. Delinquent taxes are assessed interest of 1.5% per month.

The City has also entered into various loan agreements with third parties related to its public housing programs. These loan agreements have been recorded as notes receivable within the Community Development Loan and Grant Fund. Under these agreements, the City has loaned money for the purpose of establishing and/or improving public housing units. The loans are secured by an interest in the property being acquired and/or improved. The programs consist of the House Hartford Program, the Home Ownership Appraisal GAP Financing Program, Home Program, Lead Abatement Program, Façade Program, Anti-Blight Program and the Housing Preservation Loan Program. In addition, the City has two outstanding loans under the HUD Section 108 Program. The City develops an allowance for uncollectible amounts on a loan-by-loan basis.

All other receivables, including intergovernmental receivables, are reported net of an allowance for uncollectibles.

Allowances for Doubtful Accounts: Accounts including property taxes and notes receivable for the primary government are reported net of allowance for doubtful accounts. The allowance for doubtful accounts represents those accounts which are deemed uncollectible based upon collection history and analysis of creditor's ability to pay. The majority of amount relates to taxes receivable, housing loans and police special duty fees.

Inventories: All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Capital Assets: Capital assets, which include land, buildings, equipment, and infrastructure assets, (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and proprietary fund financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest is capitalized in accordance with related guidance on enterprise and business-type capital assets.

## City of Hartford, Connecticut

### Notes to Financial Statements (In Thousands)

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

Capital assets of the primary government, as well as the component unit, are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Land improvements	20
Buildings and building improvements	20-40
Other structures	15
Office furniture, equipment and PC hardware	5
Computer equipment	3-5
Shop, playground, and grounds maintenance equipment	10-20
Autos, trucks, construction vehicles	5-15
Infrastructure	25-70

Capital assets are reported as expenditures and no depreciation expense is reported in the governmental fund financial statements.

Compensated Absences: City employees accumulate vacation and sick leave hours for subsequent use or for payment upon termination or retirement. Vacation and sick leave expenses to be paid in future periods are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only for amounts that have become due. The general fund is typically used to liquidate the liability.

Long-Term Obligations: In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable as reported include unamortized bond premiums and discounts. Bond issuance costs are expensed.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, and bond principal payments, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources: In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The City reports a deferred charge on refunding in this manner in the government-wide statement of net position. A deferred charge on debt refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

## City of Hartford, Connecticut

### Notes to Financial Statements (In Thousands)

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period or periods and so will not be recognized as an inflow of resources (revenue) until that time. Also, for governmental funds, the City reports unavailable revenue, which arises only under the modified accrual basis of accounting. The governmental funds report unavailable revenues from several sources: property taxes, grants and charges for services. These amounts are deferred and recognized as an inflow of resources (revenue) in the period in which the amounts become available.

Fund Equity and Net Position: In the government-wide and proprietary fund financial statements, net position are classified in the following categories:

*Net Investment in Capital Assets* – The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.

*Restricted Net Position* – These amounts are restricted to specific purposes when constraints placed on the use of resources are either (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislations.

*Unrestricted Net Position or (Deficit)* – This category represents the net position of the City, not included in the other two categories, which are not restricted. A deficit will require future funding.

In the fund financial statements, the City reported the following governmental fund balance categories:

- *Nonspendable Fund Balance* – These amounts cannot be spent because they are not in spendable form, or because they are legally or contractually required to be maintained intact.
- *Restricted Fund Balance* – These amounts are restricted to specific purposes when constraints placed on the use of resources are either (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislations.
- *Committed Fund Balance* – This represents amounts constrained prior to year-end for a specific purpose by the City using its highest level of decision-making authority (City of Hartford Court of Common Council). Amounts remain committed until action, in the form of a Resolution, is taken by the Court of Common Council to remove or revise the limitations.
- *Assigned Fund Balance* – For all governmental funds other than the General Fund, this represents any remaining positive amounts not classified as restricted or committed. For the General Fund, this includes amounts constrained for the intent to be used for a specific purpose by the Court of Common Council and finance department, which have been delegated to assign amounts by the City Charter.
- *Unassigned Fund Balance* – includes residual positive fund balance within the General Fund which has not been classified within the other abovementioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

## City of Hartford, Connecticut

### Notes to Financial Statements (In Thousands)

---

#### **Note 1. Summary of Significant Accounting Policies (Continued)**

When both restricted and unrestricted amounts are available for use, it is the City's practice to use restricted resources first. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance.

##### Pension Accounting:

*Pension Trust Funds:* Employee contributions are recognized in the period in which the contributions are due. Employer contributions to the plan are recognized when due and the City has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

*Governmental Funds and Governmental Activities:* In governmental funds, expenditures are recognized when they are paid or are expected to be paid with current available resources. In governmental activities, expense is recognized based on actuarially required contributions. The net pension obligation, the cumulative difference between annual pension cost and the City's contributions to the plans since 1986, is calculated on an actuarial basis consistent with the requirements of Government Accounting Standards Board Statement No. 27. The pension obligation is recorded as a noncurrent liability in the government-wide financial statements.

*Funding Policy:* The City makes annual contributions based on the Common Council's decisions using actuaries' recommendation. The net pension obligation is paid from the General Fund.

##### Other Post Employment Obligations (OPEB) Accounting:

*Governmental Funds and Governmental Activities:* In governmental funds, expenditures are recognized when they are paid or are expected to be paid with current available resources. In governmental activities, expense is recognized based on actuarially required contributions. The net OPEB obligation, the cumulative difference between annual OPEB cost and the City's contributions to the plan since July 1, 2007, is calculated on an actuarial basis consistent with the requirements of Government Accounting Standards Board Statement No. 45. The OPEB obligation is recorded as a noncurrent liability in the government-wide financial statements.

*Funding Policy:* The City makes annual contributions based on the Common Council's decisions using the actuaries' recommendation. The post employment benefits are paid from the City's internal service funds.

#### **Note 2. Cash, Cash Equivalents and Investments**

The deposit of public funds is controlled by the Connecticut General Statutes (Section 7-402). Deposits may be made in a "qualified public depository" as defined by Statute, or, in amounts not exceeding the Federal Deposit Insurance Corporation insurance limit, in an "out of state bank," as defined by the Statutes, which is not a "qualified public depository."

## City of Hartford, Connecticut

### Notes to Financial Statements (In Thousands)

---

#### **Note 2. Cash, Cash Equivalents and Investments**

The Connecticut General Statutes (Section 7-400) permit municipalities to invest in: 1) obligations of the United States and its agencies, 2) highly rated obligations of any state of the United States or of any political subdivision, authority or agency thereof, and 3) shares or other interests in custodial arrangements or pools maintaining constant net asset values and in highly rated no-load open end money market and mutual funds (with constant or fluctuating net asset values) whose portfolios are limited to obligations of the United States and its agencies, and repurchase agreements fully collateralized by such obligations. Other provisions of the Statutes cover specific municipal funds with particular investment authority. The provisions of the Statutes regarding the investment of municipal pension funds do not specify permitted investments. Therefore, investment of such funds is generally controlled by the laws applicable to fiduciaries and the provisions of the applicable plan.

The Statutes (Sections 3-24f and 3-27f) also provide for investment in shares of the State Short-Term Investment Fund (STIF) and the State Tax Exempt Proceeds Fund (TEPF). These investment funds are under the control of the State Treasurer, with oversight provided by the Treasurer's Cash Management Advisory Board, and are regulated under the State Statutes and subject to annual audit by the Auditors of Public Accounts. Investment yields are accounted for on an amortized-cost basis with an investment portfolio that is designed to attain a market-average rate of return throughout budgetary and economic cycles. Investors accrue interest daily based on actual earnings, less expenses and transfers to the designated surplus reserve, and the value of the position in the pool is the same as the value of the pool shares.

The City's MERF Plan has additional commitments to invest in certain alternative investments of approximately \$48.8 million at June 30, 2014.

#### Deposits:

##### City

Custodial Credit Risk: – Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's deposit policy includes policies on the safety of principal, prudence, and financial dealings with institutions designed to mitigate custodial credit risk. As of June 30, 2014, \$209.7 of the City's bank balance of \$235.6 was uninsured and uncollateralized.

##### Hartford Parking Authority

#### Deposits:

Custodial Credit Risk: – Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority follows the City's deposit policies which include policies on the safety of principal, prudence, and financial dealings with institutions to mitigate custodial credit risk. As of June 30, 2014, \$1,823 of the Authority's bank balance of \$2,526 was uninsured and uncollateralized.

**Fiduciary Funds:**

Cash and cash equivalents	57,838
Investments	1,011,198
	<u>1,069,036</u>
<b>Total cash, cash equivalents and investments</b>	<b>\$ 1,386,406</b>

Interest Rate Risk: This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The City's and Pension Plan's formal investment policy limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The City's formal investment policy includes asset allocation percentage ranges to assist in limiting interest rate risk.

Foreign Currency Risk: The MERF Plan's formal investment policy limits at any point in time, the exact level of investment in international equities to between seventeen percent and twenty-one percent of the total MERF portfolio. The City's exposure to foreign currency related to equities, fixed income securities as of June 30, 2014, is as follows:

	Currency	Fair Value
Fixed Income Securities:	Australian Dollar	\$ 3,332
	Euro Currency Unit	3,328
	Swedish Krona	3,139
	Polish Zloty	2,650
	Mexican Peso	2,385
	Other foreign currencies	4,696
Equities:	Japanese Yen	12,032
	Euro Currency Unit	9,680
	British Pound Sterling	2,103
	Swiss Franc	1,617
	South Korean Won	1,563
	Singapore Dollar	1,462
	Canadian Dollar	1,266
	Other foreign currencies	3,196

## City of Hartford, Connecticut

**Credit Risk - Investments:** Generally, credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. The City's and Pension Plan's investment policy further limits its investment choices including prohibiting investments in derivatives that are not used for the specific purposes identified in the City's Funding and Investment Policy Statement. Other prohibited transactions are identified in Article X of the Funding and Investment Policy Statement. The following are the actual ratings by Standard and Poor's.

Actual Rating	Foreign Bonds	U.S. Gov't Agencies	Common Trusts	Corporate Bonds	Pooled Fixed Income
AAA	\$ 1,245	\$ 1,763	\$ 35,652	\$ 2,505	\$ -

**Note 2. Cash, Cash Equivalents and Investments (Continued)**

Concentration of Credit Risk: The City's investment policy does not allow for an investment in securities that are not readily marketable in any one issuer that is in excess of five percent of the City's total portfolio. U.S. government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. Additionally, investment manager guidelines require that investments be broadly diversified so as to limit the impact of large losses in individual investments on the total portfolio.

The Pension Plan does have a formal policy; however, their practice is to maintain a diversified portfolio to minimize the risk of loss resulting from over-concentration of assets in a specific issuer.

The following represents the investments in the pension plans that represent more than 5% of the plan's net position as of June 30, 2014:

Prudential Institutional Emerging Market	\$ 70,701
MSCI All Country World	63,761
Walter Scott & Partners	58,064
Eaton Vance	55,716

Custodial Credit Risk: Custodial credit risk for an investment is the risk that, in the event of the failure of the counterparty (the institution that pledges collateral or repurchase agreement securities to the City or that sells investments to or buys them for the City), the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's individual investments in fixed income securities, equities, U.S treasury securities, domestic corporate bonds, foreign bonds, and U.S government agency securities are uninsured and registered securities held by a counterparty, or by its trust department or agent that are in the City's or Pension Plan's name. The City's other investments are held in common trusts and alternative investments which, because they are evidenced by contracts rather than by securities, are not subject to custodial credit risk determination.

**Note 4. Deferred Inflows of Resources/Unearned Revenue**

Governmental funds report deferred revenue in connection with revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds and governmental activities also report unearned revenue in connection with revenues that have been received, but not yet earned. At the end of the current fiscal year, the various components of unearned revenue and deferred inflows of resources were as follows:

Primary Government	Deferred Inflows	Unearned	Total
<b>General Fund:</b>			
Delinquent property taxes	\$ 49,952	\$ -	\$ 49,952
Accrued interest on delinquent property taxes	17,154	-	17,154
School building construction grant receivables	7,424	-	7,424
Other receivables	3,196	-	3,196
<b>Capital Improvement Fund:</b>			
Intergovernmental grants receivable	26,235	670	26,905
<b>Community Development Loan and Grant:</b>			
Housing loans and interest	31,380	-	31,380
<b>Educational Grants:</b>			
Grant drawdowns prior to meeting all eligibility requirements	546	3,775	4,321
<b>Nonmajor and other funds:</b>			
Grant drawdowns prior to meeting all eligibility requirements and other	4,120	9,065	13,185
Total deferred inflows/unearned revenue for governmental funds, and/or governmental activities	\$ 140,007	\$ 13,510	\$ 153,517

**Note 5. Interfund Receivables, Payables and Transfers**

A summary of interfund balances as of June 30, 2014, is presented below:

	Due From Other Funds	Due To Other Funds
Capital Improvement	\$ 1,036	\$ 830
General Fund	4,353	-
Parking Facilities		3,558
Nonmajor Governmental Funds	-	1,001
	\$ 5,389	\$ 5,389

The outstanding balances between funds result mainly from the time lag between the dates that 1) interfund goods and services are provided or reimbursable expenditures occur, 2) transactions are recorded in the accounting system, and 3) payments between funds are made. All of the balance is scheduled to be collected in the subsequent year.

**City of Hartford, Connecticut**

**Notes to Financial Statements  
(In Thousands)**

---

**Note 5. Interfund Receivables, Payables and Transfers (Continued)**

A summary of interfund transfers is presented below:

	Transfers From Other Funds	Transfers To Other Funds
General Fund	\$ 10,430	\$ 26,868
Debt Service Fund	25,360	-
Educational Grants	2,074	-
Nonmajor and Other Funds	1,508	7,094
Hartford Parking Facilities	-	5,410
Total	<u>\$ 39,372</u>	<u>\$ 39,372</u>

Transfers from the General Fund to the Debt Service Fund represent the City's payment toward debt service on bonds outstanding. Transfers from the Hartford Parking Facilities enterprise fund to the General Fund represents a portion of net activity derived from the City's parking facilities, as well as the sale of assets. Transfers from the Nonmajor Governmental Funds to the General Fund primarily include net income derived from the City's police private duty services program. Transfers from Nonmajor Governmental Funds to the Educational Grants Fund represent monies collected on behalf of the Educational Grants Fund.

<b>Business-type activities:</b>	
Hartford Parking Facilities	<u>\$ 1,271</u>

**Construction Commitments:** The City has various authorized construction projects in the Capital Improvement Fund as of June 30, 2014. The projects include building construction and facility improvements, land and structure improvements to parks and cultural facilities, transportation improvement projects, and other capital improvement projects. At year-end, the City had outstanding commitments of approximately \$40.0 million.

**City of Hartford, Connecticut**

**Notes to Financial Statements  
(In Thousands)**

---

**Note 7. Leases**

Operating Leases: Lease Agreements as Lessor: The City leases certain building, land, and air space rights under operating leases. The agreements provide for minimum annual rentals plus contingent rentals based on a percentage of cash flow from the properties.

The total rental income from operating leases during 2014 amounted to \$3.2 million. The cost of the buildings and land associated with these rental income amounts is estimated at \$93.9 million with a carrying value of \$54.8 million. Depreciation expense related to these properties was \$1.9 million during the year.

Lease Agreements as Lessee: The City entered into a 15 year lease commencing on July 1, 2002 for the rental of office space from the Connecticut Constitution Associates, LLC for the various City departments and agencies. At the beginning of year six and year eleven, the base rent will be increased by an amount equal to the product of the base rent times 100% of the percentage increase, if any, of the CPI over the CPI at the commencement date or the first day of the sixth lease year, as the case may be. Future minimum lease payments are projected as follows.

2015 - 2017	\$ 1,115
-------------	----------

In addition to the base rent of \$1,115, the City pays a proportionate share of the landlord's operating expenses and real estate taxes. During the fiscal year ended June 30, 2014, base rent and additional rent amounted to \$1.5.

The City also has various other lease agreements. The table below represents all other future lease obligations:

2015	\$ 4,094
2016	1,664
2017	1,338

2013 General Obligation Refunding Bonds: On April 11, 2013, the City issued \$124,605 of general obligation refunding bonds with interest rates ranging from 2.5% to 5.0%. Of the net proceeds of \$140,177 (after payment of \$956 in underwriters fees and other costs), \$139,221 was placed in an irrevocable trust fund under an Escrow Agreement dated April 11, 2013 between the City and the Escrow Holder. The Escrow Holder used the proceeds to purchase a portfolio of non-callable direct obligations of the United States of America ("Government Obligations") and other Government Agencies. This transaction qualifies as a statutory defeasance of debt, however, it does not meet the generally accepted accounting principal definition of an in-substance defeasement due to the portfolio consisting of mostly Government Agency Securities. As such, the general obligation bonds remain in long-term debt. The bonds were issued with the intent to refund several issuances ranging from 2004-2012. The balance in the escrow fund was approximately \$116,147 at June 30, 2014 and is restricted as it is to be used to pay down the bonds.

**City of Hartford, Connecticut**

**Notes to Financial Statements  
(In Thousands)**

**Note 8. Long-Term Liabilities (Continued)**

**General Obligation Bonds:** General obligation bonds represent long-term indebtedness backed by the full faith and credit of the City and are comprised of the following issues:

Date of Issue	Interest Rate (%)	Original Amounts	Maturity Dates	Annual Payment	Balance June 30, 2014
March 2003	4.25-5.25	\$ 30,225	2016	\$1,250-2,340	\$ 5,795

			\$ 636,271

**City of Hartford, Connecticut**

**Notes to Financial Statements  
(In Thousands)**

**Note 8. Long-Term Liabilities (Continued)**

Clean Water Fund - Serial Notes Payable: The City has entered into a Clean Water Fund serial note payable to the State of Connecticut as part of a tower brook conduit extension project administered by the Metropolitan District. Principal in the amount of \$85 and interest in the amount of \$29 was paid in the 2013-14 fiscal year. Future annual requirements are as follows:

Year Ended June 30,	Principal	Interest	Total
2015	\$ 90	\$ 26	\$ 116
2016	92	24	116
2017	94	24	118
2018	96	20	116
2019	97	18	115
2020-2024	518	60	578
2025-2029	335	10	345
	<u>\$ 1,322</u>	<u>\$ 182</u>	<u>\$ 1,504</u>

The City's indebtedness (\$976.1 million) does not exceed the legal debt limitation as required by the Connecticut General Statutes as reflected in the following schedule:

Category	Debt Limit	Net Indebtedness	Balance
General purpose	\$ 579,929	\$ 400,267	\$ 179,662
Schools	1,159,857	381,280	778,577
Sewer	966,548	194,512	772,036
Urban renewal	837,675	-	837,675
Pension deficit	773,238	-	773,238

The total overall statutory debt limitation for the City is equal to seven times annual receipts from taxation (\$2.1 billion).

The indebtedness reflected above includes bonds outstanding in addition to the amount of bonds authorized and unissued. School building grants totaling \$7.4 million are applicable to outstanding bond issues.

Total bonds authorized and unissued as of June 30, 2014, were:

Description	Authorized/ Unissued
General Purpose	\$ 111,080
Schools	279,732
Sewers	8,578
<b>Total</b>	<u><u>\$ 399,390</u></u>

**City of Hartford, Connecticut**

2019	350	171	521
2020-2024	1,750	738	2,488
2025-2029	1,750	490	2,240
2030-2034	2,100	94	2,194
	<u>\$ 7,610</u>	<u>\$ 2,267</u>	<u>\$ 9,877</u>

Capital Leases: The City has entered into multi-year capital leases for the purchase of various vehicles and equipment. Principal payments for 2014 were \$1,082. The following is a summary of capital lease commitments as of June 30, 2014:

Year Ended June 30,	Amount
2015	\$ 1,720
2016	1,720
2017	1,720
2018	1,267
2019	814
Thereafter	<u>1,061</u>
Total lease payments	8,302
Less: amount representing interest	<u>(423)</u>
Present value of minimum lease payments	<u>\$ 7,879</u>

The City issues capital lease financing agreements to purchase vehicle and equipment capital assets. The net undepreciated book value of \$4,282 is less than the principal balance payable of \$7,879 million due to amounts held in escrow at June 30, 2014.

Compensated Absences: Employees can accumulate amounts of unused vacation and sick leave (as determined by individual union contracts) until termination of their employment. At termination pay-out provisions as determined by individual union contract provides for payments to vested employees net of provisions to exchange selected amounts of accumulated sick time for pension service years. Payments to employees are appropriated from the General Fund.

**City of Hartford, Connecticut**

**Notes to Financial Statements  
(In Thousands)**

**Note 8. Long-Term Liabilities (Continued)**

The following is a summary of management's estimate of vested and non-vested potential liability for payments to employees.

	<u>June 30, 2014</u>
Board of Education:	
Sick	\$ 14,703
Vacation	2,483
City:	
Sick	13,411
Vacation	<u>5,439</u>
<b>Total</b>	<b><u>\$ 36,036</u></b>

Business-Type Activities: Changes in Long-Term Liabilities: Long-term liabilities for the year ended June 30, 2014, was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance	Due Within One Year
<b>Business-Type Activities</b>					
General obligation bonds	\$ 25,130	\$ -	\$ (20,365)	\$ 4,765	\$ 795
<b>Total bonds payable</b>	<b><u>\$ 25,130</u></b>	<b><u>\$ -</u></b>	<b><u>\$ (20,365)</u></b>	<b><u>\$ 4,765</u></b>	<b><u>\$ 795</u></b>

The annual requirements to amortize all general obligation bond debt outstanding as of June 30, 2014 are as follows:

Year Ended June 30,	Principal	Interest	Total
2015	\$ 795	\$ 224	\$ 1,019
2016	865	182	1,047
2017	945	135	1,080
2018	1,030	144	1,174
2019	1,130	29	1,159
	<b><u>\$ 4,765</u></b>	<b><u>\$ 714</u></b>	<b><u>\$ 5,479</u></b>

General obligation bonds represent long-term indebtedness backed by the full faith and credit of the City. Parking facility bonds recorded in the Hartford Parking facilities enterprise fund are comprised of the following:

Garage - Refunding bonds issued 2005; final maturity August 1, 2018; interest at 3.0% to 5.5%	<b><u>\$ 4,765</u></b>
---	------------------------

## City of Hartford, Connecticut

### Notes to Financial Statements (In Thousands)

---

#### Note 8. Long-Term Liabilities (Continued)

On August 23, 2013 the City sold the Morgan Street Garage to the State of Connecticut. With the proceeds of the sale the City defeased that portion of the Refunding Bonds of 2005 that were issued to construct the garage and the bonds issued subsequent to 2005 for capital improvements to the garage.

Bond Anticipation Notes: Bond Anticipation Notes activity was as follows:

Beginning balance, July 1, 2013	\$	64,650
Issuances		56,000
Retired/Matured		<u>(64,650)</u>
Ending balance, June 30, 2014	\$	<u>56,000</u>
Reported as:		
Long-term debt	\$	<u>56,000</u>

The entire \$56,000 bond anticipation notes outstanding at June 30, 2014 were paid off and permanently financed into General Obligation Bonds on October 16, 2014. See Note 16.

#### Note 9. Deficit Fund Equity

Nonmajor Funds	
Vehicle Equipment & Technology	2,347
Miscellaneous Grants	2,599
Health Grants	6
Capital Lease	3,541
Library Grants	2
Internal Service Funds	
Workers' Compensation	13,295
Liability and Property Damage	4,610

The City anticipates financing the Vehicle Equipment and Technology and Capital Lease deficits through future operations and lease proceeds. The Internal Service Funds deficit will be covered through future charges for services from the General Fund, with the deficits being eliminated in the next five years. The capital improvement fund and grant fund deficits are a result of revenue recognition in accordance with the modified accrual basis of accounting and will be repaid with future grant revenues.

#### Note 10. Risk Management

The City has established a risk management program to account for and finance its uninsured risks of loss for employee benefits (including comprehensive life, hospital and major medical benefits), workers' compensation, and liability and property damage. Under this program, primary coverage is provided by the City up to a maximum of \$500,000 in health insurance claims for each individual per claim year, \$2 million per occurrence for workers' compensation claims for the City (\$1 million for the BOE and Library), \$500,000 per occurrence for auto and general liability claims, \$250,000 per occurrence for property damage claims, and \$250,000 per occurrence for public officials' claims. Each of these self-insurance programs was established by Council Ordinance and accounted for in an Internal Service Fund to account for and report on the City's total costs associated with risk management. The General Fund makes monthly payments to the Internal Service Fund based on amounts budgeted as necessary to meet all current and a portion of future claims and administrative expenses. In addition, the City Treasurer and Pension Commission are covered by fiduciary liability insurance.

## City of Hartford, Connecticut

### Notes to Financial Statements (In Thousands)

---

#### Note 10. Risk Management (Continued)

Additionally, the City's insured general liability limit for fiscal year 2013-14 was \$17.0 million. The City purchases insurance for all legal liabilities in excess of a \$500,000 self-insured retention and public officials' liability in excess of a \$250,000 deductible. All City property is insured for fire and extended coverage with a \$100,000 deductible. Certain settled claims have exceeded the self-insured retention amounts for any year, but no claims have exceeded the commercial coverage in the past three years.

Workers' compensation salary continuation is initially paid from the employee's respective department budget after which Statutory Compensation payment is administered by The Travelers, the City's Workers' Compensation Third Party Administrator.

The General Fund makes payments to the Self Insurance Fund based on actuarial or underwriting estimates of the amounts needed to pay current-year claims, additional estimated losses on current claims, an amount to cover incurred but not reported claims and administrative expenses. The claims liability of \$26,859 million, reported in the fund at June 30, 2014, is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Changes in the Fund's claims liability amount in fiscal years 2014 and 2013 were:

	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	Ending Fiscal Year Liability
Self-Insurance Fund:				
2012-2013	\$ 30,312	\$ 83,766	\$ 88,056	\$ 26,022
2013-2014	26,022	94,732	93,895	26,859

#### Note 11. Commitments and Contingencies

Contractual Commitments: On November 20, 2012, the City entered into a service agreement with the Connecticut Resources Recovery Authority (CRRA) for which there is an estimated service fee of \$2.1 million per year for five years of solid waste for processing. The service fee is subject to annual revision based on the net cost of operating the facility. The service agreement expires in 2017.

Statutory Commitments: The City is a member of the Metropolitan District (a quasi-municipal corporation that provides water supply and sewerage collection and disposal facilities for members), and is contingently liable for \$184.6 million or 28.7% of the debt of the District.

Contingencies: The City, its officers and employees, are defendants in numerous lawsuits. The City is insured for damages (see Note 10). Judgments or settlements for less than the deductible are paid from the General Fund. Corporation Counsel expects that none of the cases currently in litigation, if adversely decided, would have a negative impact on the finances of the City. The City has recorded \$2.6 million in the government-wide financial statements to cover probable claims.

## City of Hartford, Connecticut

### Notes to Financial Statements (In Thousands)

---

#### Note 12. Other Postemployment Benefits

The City, in accordance with various collective bargaining agreements, is committed to provide health and other benefits to eligible retirees and their spouses. Benefits are established and amended through negotiations between the City and the various unions representing City employees. The City pays the full cost of life insurance premiums. The percentage contribution of employees and retirees for medical benefits are negotiated with the various unions representing the employees. Retired plan members and beneficiaries currently receiving benefits are required to contribute specified amounts towards the cost of receiving benefits under the City's self-insured medical benefits program. The City provides post-retirement benefits through a single-employer defined benefit plan. The post-retirement plan does not issue stand-alone financial reports.

Funding Policy: The City currently funds claims and administrative costs for postemployment benefits through its self-insured internal service funds. The City has worked in conjunction with health benefits consultants to establish a health benefits fund structure that is both premium-based, similar to a fully insured process, and isolates legacy costs versus ongoing employees while combining actives and retirees into one process. In order to isolate legacy costs from ongoing employees, three groups were created that support a phased strategy to funding where the first group is retirees before June 30, 2009 which remains pay-as-you-go with no amortization of prior service cost. The second group includes actives hired prior to July 1, 2009, and retired since then and provides funding of normal cost, including an accrual for future benefits, but no amortization of prior service cost. Finally, the third group is new hires since July 1, 2009, and is actuarially funded and claims paid, both current and future benefits. Groups 2 and 3 envision that a trust fund will be established while all 3 groups have the same discount rates as provide for by GASB.

The City has not implemented a trust fund, as of June 30, 2014, to irrevocably segregate assets to fund the liability associated with postemployment benefits, which would require the reporting of a trust fund in accordance with GASB guidelines.

The following is the current census of City benefit participants as of July 1, 2013:

	Life <i>(not rounded)</i>	Medical <i>(not rounded)</i>
Active members	2,946	4,923
Retirees and spouses	2,858	1,742
<b>Total</b>	<b>5,804</b>	<b>6,665</b>

Postemployment retiree benefit payments for the year ended June 30, 2014, net of retiree and other contributions, amounted to \$11,650.

Annual OPEB Cost and Net OPEB Obligations: The City of Hartford's annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of occurrence of future events. Assumptions include future employment, mortality, and healthcare and other benefit cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actuarial results are compared with past expectations and new estimates are made about the future.

**City of Hartford, Connecticut**

**Notes to Financial Statements  
(In Thousands)**

**Note 12. Other Postemployment Benefits (Continued)**

The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation:

	Other Post- Employment Benefits (OPEB)
Annual required contribution (ARC)	\$ 19,991
Interest on net OPEB obligation	2,898
Adjustment for Net OPEB obligation	<u>(2,745)</u>
Annual OPEB cost	20,144
Contributions made	<u>(11,650)</u>
Increase in net OPEB obligation	8,494
Net OPEB obligation, beginning of year	<u>64,398</u>
Net OPEB obligation, end of year	<u><u>\$ 72,892</u></u>

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for the fiscal year ended June 30, 2012, 2013 and 2014 is presented below.

Fiscal Year Ending	Annual OPEB Cost (AOC)	Actual Contribution	Percentage of AOC Contributed	Net OPEB Obligation
6/30/12	\$ 18,641	\$ 10,728	57.6%	\$ 55,996
6/30/13	19,318	10,916	56.5%	64,398
6/30/14	20,144	11,650	57.8%	72,892

Projections for benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

***Actuarial Assumptions - OPEB***

Valuation Date:	July 1, 2013
Actuarial Cost Method:	Projected Unit Credit
Asset Valuation Method:	N/A
Amortization Method:	Level Percent, Closed
Remaining Amortization Period:	Open 30 Year Period

**City of Hartford, Connecticut**

**Notes to Financial Statements  
(In Thousands)**

**Note 12. Other Postemployment Benefits (Continued)**

Actuarial Assumptions:

Discount Rate:	4.5% per annum
Projected salary increase:	3.0%
Inflation Rate:	3.5%
Drug and Medical Cost	
Trend Rate:	7.0% graded to 5.0% over 9 years
Administrative Fee Trend Rate:	4.0 %
Dental Trend Rate:	5.0%

The schedule of funding progress is as follows:

Schedule of Funding Progress						
Actuarial Valuation Date	Actuarial Valuation of Assets	Actuarial Accrued Liability (AAL)	Unfunded Accrued Liability (UAL)	Funded Ratio	Covered Payroll	UAAL as a Percentage of Covered Payroll
07/01/13	\$ -	\$ 262,716	\$ 262,716	0.0%	\$ 356,877	73.6%

The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multi-year trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

**Note 13. Employee Retirement Systems and Pension Plans**

There are four defined benefit pension plans for employees of the City of Hartford. Two are single-employer plans, one is a cost sharing multiple-employer plan with the State of Connecticut, and one is a plan with the State of Connecticut for certified teachers at the Board of Education in which the City is a noncontributing employer.

The two single employer plans are administered by the City. The plans provide retirement, disability and survivorship benefits for all retired employees, in accordance with provisions which are subject to bargaining with unions representing most of the employees. The City provides retirement benefits for employees hired since 1947, through the City MERF, a contributory, defined benefit plan. Employees hired before the current City MERF went into effect on May 1, 1947 are paid from an unfunded program known as the RAF/PBF/FRF Plan. There are no remaining active members and the unfunded liability is decreasing rapidly.

An actuarial valuation survey is made annually on the City Municipal Employees' Retirement Fund (City MERF) and the Section 415 Plan, and at least every five years for the RAF/PBF/FRF Plan.

The City also administers an excess benefit plan established to fund that portion of certain retirees' pension benefits that exceed the limits permitted under Section 415 of the Federal Internal Revenue Code (IRC).

**City of Hartford Municipal Employees' Retirement Fund (City MERF) (GASB 27/50)**

Plan Description: The City MERF is considered to be part of the City of Hartford's financial reporting entity and is included in the City's financial statements, as a pension trust fund. Individual stand-alone statements are not issued.

**City of Hartford, Connecticut**

**Notes to Financial Statements  
(In Thousands)**

---

**Note 13. Employee Retirement Systems and Pension Plans (Continued)**

The City MERF was established as part of the City Charter.

As of the actuarial valuation date, July 1, 2013, City MERF membership consisted of:

	<u>(not rounded)</u>
Retirees and beneficiaries currently receiving benefits	2,911
Terminated employees entitled to benefits but not yet receiving them	173
Active plan members	<u>2,324</u>
<b>Total</b>	<u><u>5,408</u></u>

The City provides retirement benefits, for employees hired since May 1, 1947, through the City MERF, a single employer, contributory defined benefit plan. Under the Plan, all full-time employees, except teachers and members of certain union groups who have elected to join the State Municipal Employees' Retirement Fund (State MERF-B), are eligible. Employees are 100 percent vested after 5 or 10 years of service depending on the covered group. If an employee leaves covered employment or dies before becoming vested, accumulated employee contributions are returned with interest.

Summary of Significant Accounting Policies, Plan Changes and Plan Asset Matters:

Basis of Accounting: City MERF financial statements are prepared using the accrual basis of accounting. Employee contributions are recognized as revenues in the period in which employee services are performed and are due. Employer contributions to the plan are recognized when due and the City has made a formal commitment to provide the contributions. Benefit payments and refunds are payable when due and payable in accordance with the terms of the Plan. Investments are reported at fair value.

In governmental funds, expenditures are recognized when they are paid or are expected to be paid with current available resources. In governmental activities, expense is recognized based on actuarially required contributions. The net pension obligation (asset), the cumulative difference between annual pension cost and the City's contributions to the plans since 1986, is calculated on an actuarial basis consistent with the requirements of Government Accounting Standards Board Statement No. 27. The pension obligation (asset) is recorded as a noncurrent liability (asset) in the government-wide financial statements.

Plan Changes: The valuation reflects plan improvements in both vesting and retirement eligibility for non-bargaining employees of the Board of Education and members of HSSSA. In addition, employee contribution rates increased for certain groups.

There were no investments in, loans to or leases with any City MERF official, City of Hartford official, party related to a City MERF official or City of Hartford official, or organization included in the City of Hartford reporting entity.

**City of Hartford, Connecticut**

**Notes to Financial Statements  
(In Thousands)**

---

**Note 13. Employee Retirement Systems and Pension Plans (Continued)**

Funding Policy: Sworn police officers hired before July 1, 1999 and firefighters are required to contribute 8% of pay. Sworn police officers hired after June 30, 1999 are required to contribute 6.5% of pay. Non-sworn police employees are required to contribute 4% of social security-taxed wages and 7% above the social security-taxed level. Board of Education and General Government employees contribute between 3% and 10.14% of social security-taxed wages and between 6% and 13.14% of wages above the social security-taxed level, depending on their union or non-union grouping. The City is required to contribute the remaining amounts necessary to finance the coverage for its employees. Benefits and contributions are established by the City and may be amended only by the City Council through union negotiation.

Annual Pension Cost and Net Pension Obligations: The City's annual pension cost and net pension obligation to the City MERF for the current year was as follows:

Annual required contribution, July 1, 2013 valuation	\$	42,710
Interest on net pension obligation		316
Adjustment to annual required contribution		<u>(428)</u>
Annual pension cost		42,598
Contributions made		<u>42,710</u>
Decrease in net pension obligation		(112)
Net pension obligation, beginning of year		<u>3,955</u>
Net pension obligation, end of year	\$	<u><u>3,843</u></u>

The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal and contractual funding limitations.

The annual required contribution for the current year was determined as part of the MERF actuarial valuation dated July 1, 2013. The actuarial method and assumptions used in the July 1, 2013, valuation are presented below:

Valuation date	July 1, 2013
Actuarial Method	Entry Age Normal Actuarial Cost Method
Amortization Method	Level Dollar Amount
Remaining Amortization Method	15 years – open period
Asset Valuation Method	Five-year smoothed market value
Actuarial assumptions:	
Investment rate of return	8.00%
Projected salary increases	Projected salary which vary by age and group
Inflation Rate	3.00%
Cost of Living Adjustments	None

**City of Hartford, Connecticut**

**Notes to Financial Statements  
(In Thousands)**

**Note 13. Employee Retirement Systems and Pension Plans (Continued)**

Trend Information:

<b>Schedule of Contributions</b>						
Fiscal Year Ended	Annual Pension Cost (APC)	Actual Contribution	Percentage of APC Contributed	Net Pension Obligation		
06/30/12	\$ 27,515	\$ 27,600	100.31%	\$ 4,069		
06/30/13	34,224	34,338	100.33%	3,955		
06/30/14	42,598	42,710	100.26%	3,843		

The aggregate actuarial cost method that is used for calculating the annual required contribution does not separately identify unfunded actuarial accrued liabilities. Rather, it effectively amortizes them over the average remaining life of active plan members, as part of normal cost. The aggregate actuarial cost method (first adopted for the 1969 valuation) is used for determining the funding requirements for the City MERF.

The Schedule of Funding Progress represented below, including the funded status, has been developed using the Entry Age Actuarial Cost method, and the information presented is intended to approximate the funded status and funding progress of the plan.

<b>Schedule of Funding Progress</b>							
Actuarial Valuation Date	Actuarial Valuation of Assets	Actuarial Accrued Liability (AAL) Entry Age	Unfunded/ (Overfunded) AAL (UAAL)	Funded Ratio	Covered Payroll	UAAAL as a Percentage of Covered Payroll	
07/01/13	\$ 963,269	\$ 1,288,961	\$ 325,692	74.7%	\$ 144,648	225.2%	

Historical Trend Information – The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multi-year trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

**RAF/PBF/FRF Plan**

Plan Description: As discussed above, the City pays retirement and survivor benefits to pensioners under an unfunded program basis which covered City employees hired before the current City MERF went into effect on May 1, 1947. These programs are combined into one pension trust fund for reporting in the City's financial statements. Individual stand-alone financial statements are not issued. The unfunded liability for this Plan is decreasing rapidly and has no remaining active members.

There are ninety-four 94 (not rounded) retirees covered by this plan as of the actuarial valuation dated July 1, 2013.

**City of Hartford, Connecticut**

**Notes to Financial Statements  
(In Thousands)**

**Note 13. Employee Retirement Systems and Pension Plans (Continued)**

Summary of Significant Accounting Policies and Plan Asset Matters: The annual required contribution (ARC) and the annual pension cost represent the actual benefits paid during the year. The annual required contribution is based upon actuarial calculations. The Plan was closed to new members on May 1, 1947 and there are no remaining active members. The unfunded liability for this Plan is rapidly decreasing. The City has determined that the Plan did not have a net pension obligation (NPO) as calculated in accordance with the transition requirements of GASB Statement No. 27. All contributions since the transition have been made in accordance with the actuarial required contribution and are based upon actuarially sound funding methodology.

Funding Policy: Funds are budgeted in the General Fund to cover pension benefits paid each year. Annual contributions are equal to the annual benefit payments. Retired policemen contribute 1% of pension payments. Benefits and contributions were established by City Charter and are not subject to amendment.

Annual Pension Cost and Net Pension Obligation: The City's annual pension cost, which is equal to the annual benefit payments, for the current year amounted to \$837. The Plan did not have a net pension obligation as of June 30, 2014.

The actuarial method and assumptions are presented below:

Actuarial Cost Method	Projected Unit Credit
Amortization Method	N/A
Remaining Amortization Method	Closed – no amortization period
Actuarial assumptions:	
Investment rate of return	8.00%
Projected salary increases	None
Inflation Rate	3.00%
Cost of Living Adjustments	None

Trend Information:

<b>Schedule of Contributions</b>

Historical Trend Information – The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multi-year trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

**City of Hartford 415 (m) Fund**

Plan Description: This plan currently covers eleven (11) retirees and no active employees as of June 30, 2014, and is administered by the City. This unfunded plan is an excess benefit plan and was adopted by the Common Council on March 24, 1997. The plan was established to fund that portion of certain retirees' pension benefits that exceed the limits permitted under Section 415 of the Federal Internal Revenue Code (IRC).

Funding Policy: Funds are budgeted in the General Fund to cover pension benefits paid each year. Annual contributions are equal to the annual benefit payments. The Plan was adopted on March 24, 1997 and there are no active members. The unfunded liability for this Plan is rapidly decreasing. Since the effective date for the plan was March 24, 1997, the Plan did not have a net pension obligation (NPO) as calculated in accordance with the transition requirements of GASB Statement No. 27. Benefits and contributions were established by City Charter and are not subject to amendment.

Annual Pension Cost and Net Pension Obligation: The City's annual pension cost, which is equal to the annual benefit payments, for the current year amounted to \$87. The Plan does not have a net pension obligation. The City's annual pension cost is equal to the actual contribution made (annual benefit payments).

Actuarial Cost Method	Projected Unit Credit
Amortization Method	Level Dollar

**State MERF-B**

Members of City AFSCME Local 1716 and members of Local 566, which consisted of 524 members on June 30, 2010, participate in the Municipal Employees' Retirement Fund (MERF), a cost-sharing multiple-employer public employee retirement system (PERS) established by the State of Connecticut and administered by the State Retirement Commission to provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to the employees and beneficiaries of participating municipalities. Chapter 113 Part II of the General Statutes of Connecticut, which can be amended by legislative action, establishes PERS benefits, member contribution rates, and other plan provisions. MERF is considered to be a part of the State of Connecticut financial reporting entity and is included in the State's financial reports as a pension trust fund. Those reports may be obtained by writing to the State of Connecticut, Office of the State Comptroller, 55 Elm Street, Hartford, Connecticut 06106 or by calling 860-702-3480.

Funding Policy: Plan members are required by State Statute to contribute 2-1/4% of earnings upon which Social Security tax is paid plus 5% of earnings on which no Social Security tax is paid. Each participating municipality is required to contribute at an actuarially determined rate. The contribution requirements of the City are established and may be amended by the State Retirement Commission. Total contributions to MERF for the years ended June 30, 2014, 2013 and 2012 were \$5.2 million, \$5.4 million and, \$5.8 million, respectively, equal to the City's required contributions for each year.

**Teachers' Retirement System**

All City of Hartford certified teachers participate in the State of Connecticut Teachers' Retirement System, a cost-sharing multiple-employer public employee retirement system (PERS), established under Section 10.183 of the General Statutes of the State of Connecticut. A teacher is eligible to receive a normal retirement benefit if he or she has: (1) attained age sixty and has accumulated twenty years of credited service in the public schools of Connecticut, or (2) attained any age and has accumulated thirty-five years of credited service, at least twenty-five years of which are service in the public schools of Connecticut.

**City of Hartford, Connecticut**

**Notes to Financial Statements  
(In Thousands)**

**Note 13. Employee Retirement Systems and Pension Plans (Continued)**

The Board of Education withholds 7.25% of all teachers' annual salaries, \$11,040 was withheld in fiscal year 2014, and this amount was transmitted to the State Teachers' Retirement Board.

The retirement system for teachers is funded by the State based upon the recommendation of the Teachers' Retirement Board. Such contribution includes amortization of actuarially computed unfunded liability. The City does not have any liability for teacher pensions. For the year ended June 30, 2014 the City has recorded, in the General Fund, intergovernmental revenue and education expenditures in the amount of \$37,749 as payments made by the State of Connecticut on-behalf of the City.

The State of Connecticut Teacher Retirement System is considered to be a part of the State of Connecticut financial reporting entity and is included in the State's financial reports as a pension trust fund. Those reports may be obtained by writing to the State of Connecticut, Office of the State Comptroller, 55 Elm Street, Hartford, Connecticut 06106.

**Pension Trust Funds**

The City maintains two pension trust funds (Municipal Employees' Retirement Fund and the RAF/PBF/FRF) to account for its fiduciary responsibility. The following schedules present the net position held in trust for pension benefits at June 30, 2014 and the changes in net position for the year then ended.

	Municipal Employees' Retirement Fund	RAF/PBF FRF Plan	Total Trust Funds

**Note 13. Employee Retirement Systems and Pension Plans (Continued)**

**MERF Pension Plan (GASB 67)**

Investments: The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the Pension Board. It is the policy of the Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes.

The City pension plan asset allocation parameters for the MERF are as follows:

<b><u>Asset Class</u></b>	<b><u>Target Allocation</u></b>
Large Cap Equities	9.00%
Small/Mid Cap Equities	4.00%
Int'l Equities (Unhedged)	10.00%
Emerging Int'l Equities	9.00%
Core Bonds	5.00%
High-Yield Bonds	4.00%
Global Bonds (Unhedged)	3.00%
EMD(External)	3.00%
EMD (Local Currency)	3.00%
Global TIPS	4.00%
Long Govt/Credit	8.50%
Private Equity	5.00%
Private Debt	3.00%
Real Estate (Core)	8.00%
Hedge Funds	10.00%
Global Asset Allocation	7.00%
Commodities	3.00%
Cash	1.50%
	<u>100.00%</u>

Plan Administration: The City's pension plan is separately administered by its own respective pension board. The Mayor and a City Council member serve as permanent members on all pension boards. The non-permanent Pension Board members are appointed by the Mayor and must be an active employee of their respective pension plan. The pension boards typical meet monthly or as needed to review retirement/disability requests and/or investment recommendations. The "joint pension board" which comprises of members from all pension boards meets at least quarterly with the City's Investment Advisor to review and modify investments accordingly. Changes in investments are not effective until voted favorably by each of the pension boards.

**City of Hartford, Connecticut**

**Notes to Financial Statements  
(In Thousands)**

**Note 13. Employee Retirement Systems and Pension Plans (Continued)**

Concentrations: The City does have a formal policy; however, their practice is to maintain a diversified portfolio to minimize the risk of loss resulting from over-concentration of assets in a specific issuer.

The following represents the investments of the pension plans that represent more than 5% of the plan's net position as of June 30, 2014:

Prudential Institutional Emerging Market	\$	70,701
MSCI All Country World		63,761
Walter Scott & Partners		58,064
Eaton Vance		55,716

Net Pension Liability of the City: The components of the net pension liability (GASB 67) of the City at June 30, 2014 were as follows:

<b>Net Pension Liability (GASB 67) as of June 30, 2014</b>	MERF	RAF/PBF/ FRF Plan	415 (m) Plan
Total Pension Liability	\$ 1,315,265	\$ 6,173	\$ 338
Plan Fiduciary Net Position	1,062,551	-	-
Net Pension Liability	<u>\$ 252,714</u>	<u>\$ 6,173</u>	<u>\$ 338</u>
Plan Fiduciary Net Position as a percentage of total pension liability	80.79%	0.00%	0.00%

Rate of Return: For the year ended June 30, 2014, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expenses, was 14.05%. The money-weighted rate of return expresses investment performance, net of investment expenses, adjusted for the changing amounts actually invested.

Actuarial assumptions. The total pension liability was determined by an actuarial valuation as of July 1, 2013, using the following actuarial assumptions, the was projected forward to the measurement date of June 30, 2014:

- |                        |  |
|------------------------|--|
| Actuarial Method Used: | Entry Age Normal Cost Method (GASB 67)   |
| Mortality Basis:       | For Police, Fire, Board of Education Corridor Supervisors and Building and Grounds Supervisors: <ul style="list-style-type: none"> <li>• Pre-retirement: RP2000 Employees Table – male and female rates, projected by Scale AA to valuation date with occupational (i.e., non-office worker, blue collar) adjustment.</li> <li>• Post-retirement: RP2000 Healthy Annuitants Table – male and female rates, projected by Scale AA to valuation date with occupational (i.e., non-office worker, blue collar) adjustment. No adjustment reflected for assumed future beneficiaries.</li> <li>• Disability: RP2000 Disabled Table – male and female rates.</li> </ul> |

City of Hartford, Connecticut

Notes to Financial Statements  
(In Thousands)

**Note 13. Employee Retirement Systems and Pension Plans (Continued)**

For All Other Groups:

- Pre-retirement: RP2000 Employees Table – male and female rates, projected by Scale AA to valuation date with no adjustment.
- Post-retirement: RP2000 Healthy Annuitants Table – male and female rates, projected by Scale AA to valuation date with no adjustment.
- Disability: RP2000 Disabled Table – male and female rates.

Mortality Improvement: Pre and Post-retirement: Projected to date of decrement using Scale AA (generational mortality).

Investment Return: 7.75% per year, net of investment expenses. (Prior valuation: 8.00%)

Salary Scale: 3% for inflationary salary increases plus a percentage for promotion or merit increases as follows:

Yearly Rates of Increases for Promotion or Merit

<u>Age</u>	<u>Police</u>	<u>Fire</u>	<u>Bd of Ed</u>	<u>Munic. Svc. &amp; Lib.</u>
25	6.60%	4.5%	4.40%	6.40%
30	4.80%	2.63%	3.70%	4.78%
35	2.65%	1.25%	3.35%	2.75%
40	1.45%	0.85%	2.50%	2.21%
45	1.10%	0.75%	1.40%	2.00%
50	1.00%	0.75%	0.85%	1.55%
55+	1.00%	0.75%	0.75%	1.25%

Salaries are adjusted for groups in negotiations by 3% per year for the period of each open contract, and non-bargaining groups by 3% per year for one full fiscal year from the measurement date. Any wage increases negotiated beyond the valuation date have been reflected in our projections.\*

\* The following groups have future salary increases that have been negotiated and are reflected in this valuation:

- Firefighters
- HMEA
- Building and Grounds Supervisors
- MLA
- HESP
- Paraprofessionals
- HSSA
- School Crossing Guards
- Police

For Police, final average pay is loaded by a percentage for assumed private duty and overtime as follows: Pre-7/1/1999 hires: 43%; Post 7/1/1999 hires: 19% for employees remaining in the pre 2012 plan; 25% for employees moving to the 7/1/2012 plan. Disability: None.

**City of Hartford, Connecticut**

**Notes to Financial Statements  
(In Thousands)**

**Note 13. Employee Retirement Systems and Pension Plans (Continued)**

The City's funding policy is to contribute the actuary's recommended contribution each year. The contribution is calculated as the normal cost under the projected unit credit funding method, plus an amortization of the plan's unfunded liability over 15 years from July 1, 2013, as a level percentage of pay.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2014 are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Real Rate of Return*</b>	<b>Weighting</b>
Large Cap Equities	9.00%	4.50%	0.41%
Small/Mid Cap Equities	4.00%	4.75%	0.19%
Int'l Equities (Unhedged)	10.00%	5.00%	0.50%
Emerging Int'l Equities	9.00%	6.25%	0.56%
Core Bonds	5.00%	1.21%	0.06%
High-Yield Bonds	4.00%	2.75%	0.11%
Global Bonds (Unhedged)	3.00%	-0.25%	-0.01%
EMD(External)	3.00%	3.75%	0.11%
EMD (Local Currency)	3.00%	4.00%	0.12%
Global TIPS	4.00%	1.25%	0.05%
Long Govt/Credit	8.50%	2.00%	0.17%
Private Equity	5.00%	6.50%	0.33%
Private Debt	3.00%	5.00%	0.15%
Real Estate (Core)	8.00%	3.25%	0.26%
Hedge Funds	10.00%	3.75%	0.38%
Global Asset Allocation	7.00%	3.61%	0.25%
Commodities	3.00%	2.75%	0.08%
Cash	1.50%	0.50%	0.01%
	100.00%		3.73%
Long-Term Inflation Expectation			3.25%
Long-Term Expected Nominal Return			6.98%

\*Long-Term Returns are provided by NEPC, LLC. The returns are geometric means.

**City of Hartford, Connecticut**

**Notes to Financial Statements  
(In Thousands)**

---

**Note 13. Employee Retirement Systems and Pension Plans (Continued)**

Discount rate: The long-term expected rate of return on investments may be used to discount liabilities to the extent that the plan's fiduciary net position and future contributions are projected to be sufficient to cover expected benefit payments and administrative expenses for current plan members. Projections of the plan's fiduciary net position incorporate all cash flows for contributions from the employer and employee and administrative expenses. Professional judgment should be applied to the projections of contributions in circumstances where (a) contributions amounts are established by statute or contract or (b) a formal written policy exists. Consideration should also be given to the most recent five-year contribution history as key indicators of future contributions. It should not include cash flows for future plan members. If the amount of the plan's fiduciary net position is projected to be greater than or equal to the benefit payments and administrative expenses made in that period, the actuarial present value of payments should be discounted using the long-term expected rate of return on those investments. A 20-year, high quality (AA/Aa or higher), tax-exempt municipal bond yield or index rate must be used to discount benefit payments for periods where the fiduciary net position is not projected to cover expected benefit payments and administrative expenses.

Plans that are projected to have sufficient fiduciary net position indefinitely will use the long-term expected return on investments to determine liabilities but will have to substantiate their projected solvency. GASB permits alternative methods to evaluate the sufficiency of the plan's net fiduciary position. Based on the plan's current net pension liability and current contribution policy, the plan's projected fiduciary net position will be sufficient to cover projected benefit payments and administrative expenses indefinitely. Therefore, since the fund is not projected to run out of money, a 7.75% interest rate assumption to discount plan liabilities.

Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, the pension plan's fiduciary net position was not projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to some periods of projected benefit payments to determine the total pension liability. The remaining projected future benefit payments were discounted using the 20-year general obligation municipal bond rate.

Sensitivity of the net pension liability to changes in the discount rate: The following presents the net pension liability of the City of Hartford's MERF Plan, calculated using the discount rate of 7.75% as well as what the City of Hartford's MERF Plan net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75%) or 1-percentage-point higher (8.75%) than the current rate:

MERF	1% Decrease 6.75%	Current Discount Rate 7.75%	1% Increase 8.75%
Net Pension Liability	\$ 392,250	\$ 252,714	\$ 134,979

**City of Hartford, Connecticut**

**Notes to Financial Statements  
(In Thousands)**

---

**Note 13. Employee Retirement Systems and Pension Plans (Continued)**

**RAF/PBF/FRF (GASB 67)**

Actuarial assumptions. The total pension liability was determined by an actuarial valuation as of July 1, 2013, using the following actuarial assumptions, applied to all periods included in the measurement:

Mortality Basis:	Police/Fire: RP2000 Healthy Annuitants Table – male and female rates, projected by a Scale AA to valuation date plus 5 years with occupational adjustment.  For all other Groups: RP2000 Healthy Annuitants Table – male and female rates, projected by Scale AA to valuation date plus 5 years with no adjustment.
Survivor's Benefits:	The actuarial liability and projected pension payments include provision for these benefit based on actual spouse ages and benefit form elected. It was assumed that all policemen without wives will name beneficiaries for special 10-year annuity benefits.
Escalation:	To adjust for the PBF and FRF escalation provisions, the projected figures include estimated annual increases for pensioners (excluding survivors) based on plan provisions. For RAF, the table of projected annual benefits makes no provision for future escalation.

The City's funding policy is to make contributions equal to the benefit payments for the year. The Plan is unfunded.

Sensitivity of the net pension liability to changes in the discount rate: The following presents the net pension liability of the City of Hartford, calculated using the discount rate of 3.75% as well as what the City of Harford's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.75%) or 1-percentage-point higher (4.75%) than the current rate:

	1% Decrease 2.75%	Current Discount Rate 3.75%	1% Increase 4.75%
Net Pension Liability	\$ 6,644	\$ 6,173	\$ 5,770

### Notes to Financial Statements (In Thousands)

---

#### Note 15. Governmental Accounting Standards Board (GASB) Statements

The Governmental Accounting Standards Board (GASB) has issued several pronouncements that have effective dates that may impact future financial presentations.

Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements, except for GASB No. 68 which will have a material effect due to the underfunded pension plan (see Note 13):

- *GASB Statement No. 68, Accounting and Financial Reporting for Pensions, an amendment of GASB Statement No. 27*, was issued in June 2012. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency. This Statement is effective for fiscal years beginning after June 15, 2014.
- *GASB Statement No. 69, Government Combinations and Disposals of Government Operations*, was issued in January 2013. This Statement provides guidance for:
  - ◆ Determining whether a specific government combination is a government merger, a government acquisition, or a transfer of operations.
  - ◆ Using carrying values (generally, the amounts recognized in the pre-combination financial statements of the combining governments or operations) to measure the assets, deferred outflows of resources, liabilities, and deferred inflows of resources combined in a government merger or transfer of operations.
  - ◆ Measuring acquired assets, deferred outflows of resources, liabilities, and deferred inflows of resources based on their acquisition values in a government acquisition.
  - ◆ Reporting the disposal of government operations that have been transferred or sold.

The requirements of this Statement are effective for periods beginning after December 15, 2013, and should be applied on a prospective basis.

- *GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68*. The objective of this Statement is to address an issue regarding application of the transition provisions of *Statement No. 68, Accounting and Financial Reporting for Pensions*. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability. The provisions of this Statement are required to be applied simultaneously with the provisions of *Statement 68*.

#### Note 16. Subsequent Events

On October 16, 2014, the City issued \$82,000 of general obligation bonds with an interest rate of 5% maturing on October 31, 2034 and \$50,000 of general obligation bond anticipation notes with an interest rate of 2% maturing on October 27, 2015. The \$56,000 of general obligation bond anticipation notes outstanding at June 30, 2014 were paid off with the issue of the \$82,000. The City also issued \$36,385 of general obligation refunding bonds with interest rates varying from 2% to 5% maturing on August 15, 2026.

**Note 1. Stewardship, Compliance and Accountability**

Budgetary Information: The City adopted the legal budget for the 2013-2014 General Fund in accordance with the procedures summarized below:

By the third Monday in April, the Mayor must submit to the City Council a recommended operating budget for the fiscal year commencing the following July 1st. The operating budget includes proposed expenditures and the means of financing them.

Through direction of the Mayor and the City Council, open meetings and public hearings are held to obtain residents' and taxpayers' comments on the recommended budget.

The City Council modifies the budget by resolution (except revenues, debt service and pension requirements) and then submits the budget as amended to the Mayor for certification no later than May 21.

The Mayor may approve, reduce, and/or disapprove the budget within 48 hours, but no later than May 23.

Upon action by the Mayor, Council has until May 31 to adopt the budget, the appropriation ordinance and the tax levy ordinance. If it fails to adopt the budget by that date the budget as certified by the Mayor shall be deemed to be the budget of the City for the ensuing fiscal year and expenditures shall be made in accordance therewith (Hartford Municipal Code Sec. 9).

After the budget has been adopted and the new fiscal year begins, an appropriation may be amended. The Mayor may, at any time, transfer any unencumbered balance or portion thereof, from one classification of expenditures to another within the same department.

At the request of the Mayor, but only within the last three months of the fiscal year, the Court of Common Council may transfer by resolution, any unencumbered appropriation balance or portion thereof from one department or agency to another.

Supplemental appropriations are made on the recommendation of the Mayor upon certification by the Director of Finance that there exists an available general fund cash surplus to meet this appropriation.

Budgets for General Fund are presented on a basis consistent with generally accepted accounting principles except that encumbrances and transfers out are shown as budgetary obligations, transfers in are shown as revenues, State of Connecticut on-behalf contributions are shown as revenues and expenses, and reimbursements to and from other funds are shown as reductions of revenues and expenses.

The General Fund budget is the City's only legally adopted annual budget. Budgets for Special Revenue and Capital Projects Funds are adopted on a project length basis in accordance with related grant or funding agreements.

The level of control for the General Fund budget is at the department/major activity level which are authorized by ordinance. The level of control for Capital Projects Funds is appropriations at the project level. Total expenditures cannot exceed total appropriations by project, over the length of the project.

**Required Supplementary Information - Unaudited  
Note to Required Supplementary Information  
(In Thousands)**

---

**Note 1. Stewardship, Compliance and Accountability (Continued)**

The Community Development Block Grant (Special Revenue) project budgets are approved by City Council. The level of control for all other Special Revenue Funds is at the project or program level in accordance with agreement provisions and various budgetary periods.

All unencumbered and unexpended appropriations lapse at year end for the General Fund. Appropriations do not lapse at year end for Special Revenue Funds. Appropriations for capital projects are carried forward until such time as the project is completed or terminated.

During the fiscal year ended June 30, 2014 there was a supplemental budget appropriation of \$1.1 million for the use of fund balance. There were no additional appropriations against fund balance.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are reported as assigned fund balances and do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent year.

**Combining and Individual Fund  
Financial Statements and Other Schedules**

**General Fund**

## **General Fund**

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

**Nonmajor  
Governmental Funds**

## Nonmajor Governmental Funds

### Special Revenue Funds

Special Revenue Funds are established in the City pursuant to State Statutes and local ordinance or resolution. Special revenue funds are a governmental fund type used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditure for specified purposes.

Fund	Funding Source	Function
Section 8	Federal grants	Housing assistance
Miscellaneous Grants	State, federal, other grants	Various programs
Food Services Program	State and federal grants, and sales of food	School lunch and breakfast programs
Health Grants	State and federal grants	Health and human services
Library Grants	Grants & contributions	Public library system
Community Development	Federal block grants	Housing and development
Home Program	Federal grants	Affordable housing
Parks & Recreation Trusts	Donation & trust income	Park and recreation
Human Services Trust	Donation & trust income	Human services
Education Trusts	Donation & trust income	Education and scholarships
ARRA Stimulus Grants	Federal grants	Public safety
ARRA Capital Grants	Federal grants	Public works
Great Path Academy	Grants and fees	Education

### Capital Projects Funds

Capital Projects Funds are used to account for financial resource to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds or trust funds). The City's four nonmajor capital projects funds include the Vehicle Equipment and Technology Fund, Redevelopment Fund, Capital Leases and HUD Special Projects Fund. The Vehicle Equipment and Technology Fund accounts for the acquisition and financing of public safety and public works vehicles and heavy equipment as well as technology purchases. The Redevelopment Fund accounts for the acquisition and improvement of properties for future development. The Capital Leases Fund accounts for the financing and acquisition of city vehicles and heavy equipment. The HUD Special Projects Fund accounts for special project funding used for urban development.

### Permanent Funds

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes as defined by the grantor. The City's permanent trust funds include funds for public safety, parks and recreation, human services, and education.

**Internal Service Funds**

## **Internal Service Funds**

Internal service funds are used to report any activity that provides goods or services to other funds, departments, or agencies of the City, or to other governments, on a cost-reimbursement basis.

The City maintains seven (7) internal service funds to account for the risk management program for employee benefits including retirees, municipal actives, BOE actives, new hires, VEBA, workers' compensation, and general liability, including property damage.

An internal service fund is also maintained for the Metro Hartford Information Services Fund (MHIS). The accounting and reporting for the centralized computer services, including communication systems, is maintained through this internal service fund.

**Agency Funds**

## **Agency Funds**

Agency funds are used to report resources held by the City in a purely custodial capacity (assets equal liabilities).

The City reports student activities, including class events and various other functions of the Hartford Public School System, within the School Agency Funds.

**Statistical Section**

## Statistical Section Information

The objectives of statistical section information are to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to financial statements, and required supplementary information to understand and assess economic condition.

Statistical section information is presented in the following categories:

- *Financial trends information* is intended to assist users in understanding and assessing how financial position has changed over time.
- *Revenue capacity information* is intended to assist users in understanding and assessing the factors affecting the ability to generate *own-source revenues* (property taxes, charges for services, etc.).
- *Debt capacity information* is intended to assist users in understanding and assessing debt burden and the ability to issue additional debt.
- *Demographic and economic information* is intended (1) to assist users in understanding the socioeconomic environment and (2) to provide information that facilitates comparisons of financial statement information over time and among governments.
- *Operating information* is intended to provide contextual information about operations and resources to assist readers in using financial statement information to understand and assess economic condition.

The accompanying tables are presented in the above order. Refer to the Table of Contents for applicable page number locations.

Notes:

- (1) Details regarding the City's outstanding debt can be found in the notes to the financial statements.
- (2) MDC - Metropolitan District Commission.
- (3) Metropolitan District's overlapping debt is the net direct debt, primarily sewer infrastructure, supported by the MDC's member municipalities taxing authority  
Each member municipality's share of the MDC's overlapping debt is based on its percentage share of the overall annual town tax levy.
